

Western HealthSciences

Brescia School of Food and Nutritional Sciences

FN1070 (Introductory Human Nutrition) (FN2070 Fundamentals of Human Nutrition) Intersession 2025

Campus Supports

Western University is committed to a **thriving campus**. For help with:

- Both physical and mental health, go to [Wellness & Wellbeing](#)
- Studying with disabilities, go to [Accessible Education](#)
- Writing skills, go to the [Writing Support Centre](#)
- Learning skills and strategies, go to [Learning Development & Success](#)
- Contacting the ombudsperson, go to the [Office of the Ombudsperson](#)

Your course coordinator can also **guide you** to available campus resources and/or services.

Technical Requirements

-  Stable internet connection
-  Non-Programmable Calculator

-  Laptop computer with webcam

Contact Information

Course Coordinator/instructor	Contact Information	Office Hours
Lesley Macaskill, MHSc, RD (she/her)	lmacaski@uwo.ca 519-661-2111 ext. 28065	To be confirmed in week 1 (students to indicate preferences)
Teaching Assistant	Contact Information	
Mina Sadat Mirmojarabian	mmirmoja@uwo.ca	To be confirmed in week 1

NOTE: All course information including grades, assignment outlines, deadlines, etc. are available via [OWL Brightspace](#). Download the Brightspace Pulse App to stay up to date on course communication and enable your notification settings within “Communications” in the top toolbar. Check the website regularly for course announcements. If you need assistance, visit [OWL Brightspace Help](#) or contact the [Western Technology Services Helpdesk](#). They can be contacted by phone at 519-661-3800 or ext. 83800.

Calendar Course Description (including prerequisites/anti-requisites):

An introductory study of food and nutrition, with a particular emphasis on nutrient sources, physiological roles, including dietary requirements, and impact on health.

Anti-requisite(s): Foods and Nutrition 2070A/B or the former Foods and Nutrition courses: 1021, 1030E or 2121. Grade 11 (or higher) Biology and Chemistry are highly recommended as preparation for this course.

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

NOTE: If you wish to enroll in this course without the stated pre-requisite(s), you must obtain written approval from the course instructor. The approval should then be forwarded to your academic counsellor.

Delivery Mode: online, asynchronous

My Course Description

This is one of the few courses that contains information you will use in your everyday life, as long as you live! You will understand how your body uses food, know the functions and food sources of essential nutrients in your diet and be able to discern between reliable and questionable sources of nutrition information.

Learning Outcomes

Upon successful completion of this course, you will be able to:

1. Acquire a basic understanding of the science of human nutrition and its relationship to personal health and well-being.
2. Be able to apply the knowledge learned to make informed food choices for your diet.
3. Understand how to read food labels and use government food guides.
4. Develop skills for finding reliable food information related to food and nutrition.
5. Critically evaluate current literature on a selected topic in food/nutrition.

Course Content and Schedule

Week	Dates	Topic	Study material	Things due
1	May 5-9	Introduction to Course & Introduction to Nutrition Designing a Nutritious Diet Digestion & Absorption Midterm test 1 (45 minutes)	Course Outline Chapters 1, 2 & 3	3 Chapter quizzes: Chapters 1, 2 & 3 Mid-term test 1 (Chapters 1, 2, 3) All items due May 9 Midterm test: due 10:00 pm Quizzes due: 11:59 pm
2	May 12 - 16	Carbohydrates Lipids	Chapters 4 & 5	2 Chapter quizzes: Chapters 4 & 5 All items due: May 16 11:59 pm

Week	Dates	Topic	Study material	Things due
3	May 20 - 23	Protein Fluids & Electrolytes	Chapters 6 & 11	2 Chapter quizzes: Chapters 6, 11 All items due: May 23 11:59 pm
4	May 26 - 30	Library session Midterm test 2 (1 hour)	2 Online Library recordings	Library Quiz Mid-term test 2 All items due: May 30 10:00 pm
5	June 2 - 6	Antioxidants Energy metabolism/Blood Health	Chapter 12 Chapter 10 & 14	
6	June 9 - 13	Bone Health Special Topics/Course Summary	Chapter 13	
	Tues June 17	FINAL EXAM (2 hours)	Cumulative on all course material	FINAL EXAM June 17 10:00 pm

Course Materials You Must Acquire

- [MindTap Instant Access \(12 Months/Multi Term\) for Whitney's Understanding Nutrition ISBN: 9781778412387](#)
- Non-programmable calculator

Assessments and Evaluation

All assessments in this course (quizzes, tests and final exam) are multiple choice format.

To improve your multiple-choice test-taking skills, consider reviewing the Western Learning Development and Success 7-step series on Writing multiple-choice tests: [Writing Multiple-Choice Tests – Introduction \(1/7\)](#).

Important: Proctortrack (a remote proctoring tool) will be used to ensure the integrity of the mid-term tests and final exam. Please review Proctortrack's technical requirements <https://www.proctortrack.com/tech-requirements/> and guidelines to ensure you are prepared for a test/exam using Proctortrack: [Using Proctortrack - Office of the Registrar - Western University](#).

Below is the evaluation breakdown for the course. Any deviations will be communicated.

Assessment	Format	Weight	Due Date	Flexibility	Learning Outcome
Chapter Quizzes Best 5/7 quiz scores will count toward your grade. Each quiz is worth 2% of your grade. Quizzes will open on Wednesday at 12:01 am each week.	~15 Multiple choice/ chapter quiz/30 minutes	10%	May 9 (Ch, 1,2,3) May 16 (Ch 4, 5) May 23 (Ch 6, 11) All are due by 11:59 pm	Drop lowest 2 ¹	All
Midterm Test 1	35 Multiple choice/45 minutes	20%	May 9 – can write between 10 am – 10:00 pm	Self-attestation ²	All
Library quiz	12 Multiple choice/30 minutes	5%	Available week of May 26th; due by May 30, 11:59 pm	24 hour no late penalty ³	4, 5
Midterm Test 2	45 Multiple choice/60 minutes	25%	May 30 – can write between 10 am – 10:00 pm	Not applicable-designated assessment ⁴	All
Final exam*	80 Multiple choice/120 minutes	40%	Tuesday June 17 Can write between 10 am – 10:00 pm	Not applicable ⁵	All

**** you must achieve a passing grade on the final exam to pass the course***

Notes:

1. This course has 7 quizzes. The 5 quizzes with the highest marks will be counted towards your final grade.
2. Students who submit a self-attestation for undocumented absence for missing Midterm test 1 will have the final exam re-weighted to include the value of the missed assessment. The final exam will then be worth 60% of the final grade.
3. Students are expected to submit this assignment by the deadline listed. Should extenuating circumstances arise, students are permitted to submit their assignment up to 24 hours past the deadline without a late penalty. No Academic Consideration is required for this extension. Students submitting their assessment beyond the extended deadline will receive a penalty of 1% per hour that it is late. Academic Consideration requests may be granted only for extenuating circumstances that began before the deadline and lasted longer than the extension. Students must not provide medical or compassionate documentation to the instructor.
4. This assessment has been designated as being central to the assessment of learning outcomes in this course. Accordingly, students must provide documentation for any absence from this evaluation. If you miss this evaluation, you must complete the makeup assessment

on **Friday June 6, 2025**. The makeup assessment is an extension of the Midterm Test, and so you will need to present documentation for this assessment, should you need to miss it. Please note that there is only one makeup assessment for this Midterm. Students approved to miss the makeup will have the weight of this assessment transferred to the final exam. Students must not provide medical or compassionate documentation to the instructor.

5. You cannot use undocumented absences for final exams,

General information about assessments

- ☒ All assessments are due at 10:00 pm or 11:59 pm unless otherwise specified.
- ☒ After an assessment is returned, students should wait 24 hours to digest feedback before contacting their evaluator; to ensure a timely response, reach out within 7 days
- ☒ Any grade appeals on term work must be initiated with the instructor within 3 weeks of the grade being posted. See the [University Policy on Undergraduate Student Appeals](#) for more information

The table below outlines University-wide grade descriptors.

Table 1: University-wide grade descriptors

Letter grade	Number grade	Description
A+	90-100	One could scarcely expect better from a student at this level
A	80-89	Superior work which is clearly above average
B	70-79	Good work, meeting all requirements, and eminently satisfactory
C	60-69	Competent work, meeting requirements
D	50-59	Fair work, minimally acceptable
F	below 50	Fail

Rounding Grades (for example, bumping a 79 to 80%)

This is a practice some students request. The final grade documented is the grade that you have achieved. There is no rounding to the next grade level, or 'giving away' of marks. Please don't ask me to do this for you; the response will be "please review the course outline where this is presented".

Information about late or missed assessments:

- ☒ Late assessments without academic consideration will be subject to a late penalty of 1% per hour
- ☒ Following receipt of approved accommodation from the counselling office, a makeup examination will be scheduled within one week of the originally scheduled exam. Please note that makeup examinations will differ from the originally scheduled examinations. The makeup assessment is an extension of the Midterm Test, and so you will need to present documentation for this assessment, should you need to miss it. Please note that there is only one makeup assessment for Midterm #2. Students approved to miss the makeup will have the weight of this assessment transferred to the final exam.

Course-specific conditions:

- ☒ No course-specific conditions

INC (Incomplete Standing): If a student has been approved by the Academic Advising Office (in consultation with the instructor/department) to complete term work at a later date, an INC will be assigned. Students with INC will have their course load in subsequent terms reduced to allow

them to complete outstanding course work. Students may request permission from Academic Advising to carry a full course load for the term the incomplete course work is scheduled.

SPC (Special examination): If a student has been approved by the Academic Advising Office to write a Special Examination and the final exam is the only outstanding course component, an SPC will be assigned. If the class has a makeup exam, the student is expected to write the makeup exam. If the class doesn't have a makeup exam or the student misses the makeup exam for reasons approved by the Academic Advising Office, the student will write the exam the next time the course is offered. Outstanding SPCs will reduce the course load for the term the exam is deferred as outlined in [Types of Examinations](#) policy

Assessment Descriptions

Online Quizzes

I will post seven (7) online quizzes to help you review exam material. Each quiz is worth 2% toward your final grade and the 2 (two) lowest quiz scores will not be counted. These online quizzes will be multiple-choice and are (obviously) open-book examinations. My expectation is that you will do these quizzes individually, and not with your classmates. You will have 30 minutes to complete each quiz, starting from the time you first open the quiz. Each quiz may be submitted only once. Quizzes are due at 11:59 pm on the dates noted within the course schedule. Late quizzes will not be accepted, nor will makeup tests be given, as question-level feedback will be released the day after each quiz is due.

Midterm tests

The midterm tests for this course will cover all course material (in readings, supplemental materials presented through OWL and lecture videos). The tests will consist solely of multiple-choice questions. The tests are not open book and will be proctored using Proctortrack. You may use a non-programmable calculator. **Note that the mid-term test 2 assessment is considered central to the assessment of learning outcomes in this course. Accordingly, you must provide documentation for any absence from this evaluation.** If you miss this evaluation, you must complete the makeup assessment which will be scheduled on Friday June 6, 2025. **As the makeup assessment is tied to the midterm, you must provide documentation for any absence from the makeup. Failure to receive an academic consideration for a missed midterm or makeup will result in a grade of zero on that evaluation.**

Library Quiz

The library quiz will cover material from 2 online recordings provided by library staff. The quiz will consist solely of multiple choice questions. You will have 30 minutes to complete the quiz starting from the time you first open the quiz.

Final Exam

The final exam for this course is cumulative and will cover all material presented throughout the term (in readings, supplemental materials presented through OWL and lecture videos). This exam will consist solely of multiple-choice questions. You will need a non-programmable calculator for this exam. It is not open book and will be proctored using Proctortrack. You will have two hours to complete the examination and it will be held on Tuesday June 17 (available between 10:00 am 10:00 pm. **You must achieve a passing grade on this assessment to pass the course.**

Makeup Exams

You must have a valid medical or compassionate reason for missing the midterm test 2 or the final exam, and you must submit a request for academic considerations through the central

academic consideration portal.

The date of the makeup for the midterm test 2 will be Friday June 6, 2025. *NOTE: There are no second makeups for midterm test 2 in this course. If you are unable to write the midterm makeup (for any reason) the value of your midterm will be shifted to your final exam.*

The makeup for the final exam will be held in June, date and time to be determined and will be posted to Brightspace.

Academic Policies and Statements

Support Services

There are various support services around campus and these include, but are not limited to:

1. Academic Support and Engagement - <http://academicsupport.uwo.ca>
2. Wellness and Well-being - <https://www.uwo.ca/health/>
3. Registrar's Office -- <http://www.registrar.uwo.ca/>
4. Ombuds Office -- <http://www.uwo.ca/ombuds/>

The websites for Registrarial Services (<http://www.registrar.uwo.ca>), and the same for affiliated university colleges when appropriate, and any appropriate Student Support Services (including the services provided by the USC listed here: <http://westernusc.ca/services/>) and the Student Development Services, should be provided for easy access.

Students who are in emotional/mental distress should refer to Mental Health@Western (<https://www.uwo.ca/health/>) for a complete list of options about how to obtain help.

Statement on Gender-Based and Sexual Violence

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at:

https://www.uwo.ca/health/student_support/survivor_support/get-help.html.

Student Code of Conduct

The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at Western University, provide examples of behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be imposed and set out the disciplinary procedures that the University will follow. For more information, visit <https://www.uwo.ca/univsec/pdf/board/code.pdf>

Absence from Course Commitments

Students must familiarize themselves with the Policy on [Academic Consideration – Undergraduate Students in First Entry Programs](#)

Students missing course work for medical, compassionate, or extenuating circumstances can request academic consideration by completing a request at the [Student Absence Portal](#) central academic consideration portal. Students are permitted one academic consideration request per course per term **without** supporting documentation. Note that supporting documentation is **always** required for academic consideration requests for examinations scheduled by the office of the registrar (e.g., December and April exams) and for practical laboratory and performance tests (typically scheduled during the last week of the term).

Students should also note that the instructor may **designate** one assessment per course per term that requires supporting documentation. This designated assessment is described elsewhere in this document. Academic consideration requests may be denied when flexibility in assessment has already been included. Examples of flexibility in assessment include when there are assessments not required for calculation of the final grade (e.g. 8 out of 10 quizzes), when there is flexibility in the submission timeframe (e.g. 72 hour no late penalty period), or when timed assessments (e.g., quizzes) are available over an extended period of time (e.g., when you are given a 72 hour time period to start – and finish – the assessment).

Please note that any academic considerations granted in this course will be determined by the instructor of this course, in consultation with the academic advisors in your Faculty of Registration, in accordance with information presented in this course syllabus. Supporting documentation for academic considerations for absences due to illness should use the [Student Medical Certificate](#) or, where that is not possible, equivalent documentation by a health care practitioner.

Accommodation for Religious Holidays

Students should review the policy for [Accommodation for Religious Holidays](#). Where a student will be unable to write examinations and term tests due to a conflicting religious holiday, they should inform their instructors as soon as possible but not later than two weeks prior to writing the examination/term test. In the case of conflict with a midterm test, students should inform their instructor as soon as possible but not later than one week prior to the midterm.

Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examination dates. The Faculty of Health Sciences has set School-specific dates for these Special Examinations. Please speak with your instructor about the date on which the Special Examination for this course will be held.

Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf.

Plagiarism

Student work is expected to be original. Plagiarism is a serious academic offence and could lead to a zero on the assignment in question, a zero in this course, or your expulsion from the university. You are plagiarizing if you insert a phrase, sentence or paragraph taken directly from another author without acknowledging that the work belongs to him/her. Similarly, you are plagiarizing if you paraphrase or summarize another author's ideas without acknowledging that the ideas belong to someone else. All papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com (www.turnitin.com).

Use of Artificial Intelligence for the Completion of Course Work

Within this course, you may only use artificial intelligence tools (e.g., "ChatGPT") in ways that are specifically authorized by the course instructor. All submitted work must reflect your own thoughts and independent written work.

Re-submission of Previously Graded Material

Without the explicit written permission of the instructor, you may not submit any academic work for which credit has been obtained previously, or for which credit is being sought, in another course or program of study in the University or elsewhere.

Use of Statistical Pattern Recognition on Multiple Choice Exams

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Accessibility Statement

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Accessible Education (AE) at 661-2111 x 82147 for any specific question regarding an accommodation or review [The policy on Accommodation for Students with Disabilities](#)

Correspondence Statement

The centrally administered e-mail account provided to students will be considered the individual's official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at their official university address is attended to in a timely manner. Students are further expected to attend to announcements presented through Brightspace, and to read emails generated in this way.

Use of Electronic Devices

During Exams

Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices (e.g., cell phones, tablets, cameras, smart glass, smart watches, or iPods) during ANY tests, quizzes, midterms, examinations, or other in-class evaluations. **These devices MUST either be left at home or with your belongings at the front of the room. They MUST NOT be at your test/exam desk or in your pocket. Any student found with a prohibited device will receive an automatic grade of zero on the test or exam.**

During Lectures and Tutorials

Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class.

Copyright and Audio/Video Recording Statement

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

Contingency Plan for an In-Person Class Pivoting to 100% Online Learning

In the event of a situation that requires this course to pivot to online content delivery, all remaining course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on Brightspace for students to view at their convenience). The grading scheme will **not** change. Any remaining assessments will also be conducted online as determined by the course instructor

Note that disruptive behaviour of any type during online classes, including inappropriate use of the chat function, is unacceptable. Students found guilty of Zoom-bombing a class or of other serious online offenses may be subject to disciplinary measures under the Code of Student Conduct.

Online Proctoring

Tests and examinations in this course may be conducted using a remote proctoring service. By taking this course, you are consenting to the use of this software and acknowledge that you will be required to provide **personal information** (including some biometric data), and the session will be **recorded**. Completion of this course will require you to have a reliable internet connection and a device that meets the technical requirements for this service. More information about this remote proctoring service, including technical requirements, is available on Western's Remote Proctoring website at: <https://remoteproctoring.uwo.ca>.

Appealing a Grade Within this Course

You have the right to appeal any grade within this course. The grounds for a grade appeal may be one or more of: medical or compassionate circumstances, extenuating circumstances beyond the student's control, bias, inaccuracy, or unfairness. All grounds advanced in a request for relief must be supported by a clear and detailed explanation of the reasons for the request together with all supporting documentation.

Appeals generally proceed in this order:

1. Course instructor (informal consultation)
2. Department Chair (submission of written request)
3. The Dean of the Faculty (submission of written request)

In the case of perceived procedural unfairness, steps 2 and 3 are carried out within the Department and Faculty offering the course. In the case of extenuating medical or compassionate circumstances that impact on a grade, steps 2 and 3 are carried out within a student's Home Department and Faculty.

A request for relief against a mark or grade must be initiated with the instructor as soon as possible after the mark is issued. In the event that the instructor is not available to the student, or fails to act, or if the matter is not resolved satisfactorily with the instructor, a written request for relief must be submitted to the Chair of the Department within three weeks of the date that the mark was issued. In the case of a final grade in a course, the written request for relief must be submitted to the Chair of the department by January 31st (for first-term half courses) or June 30th (for second-term half courses or full-year courses).
