

Brescia School of Food and Nutritional Sciences

FSHD 3320A – Families Across The Globe Fall 2026

Campus Support

Western University is committed to a **thriving campus**. For help with:

- Both physical and mental health, go to [Wellness & Wellbeing](#)
- Studying with disabilities, go to [Accessible Education](#)
- Writing skills, go to the [Writing Support Centre](#)
- Learning skills and strategies, go to [Learning Development & Success](#)
- Contacting the ombudsperson, go to the [Office of the Ombudsperson](#)

Your course coordinator can also **guide you** to available campus resources and/or services.

Technical Requirements

Stable internet connection

Laptop computer

Important Dates

Classes Begin	Reading Week	Classes End	Study day(s)	Exam Period
September 9	October 10-18	December 9	December 10	December 11–22

September 30, 2026, is National Day for Truth and Reconciliation and is a non-instructional day
November 30, 2026: Last day to withdraw from a first-term half course without academic penalty

Contact Information

Course Coordinator/instructor	Contact Information	Office Hours
Lara Descartes	ldescart@uwo.ca	By appointment (Zoom or in-person) (HSB 200A)

Teaching Assistant(s)	Contact Information	Office Hours
TBD		

NOTE: All course information including grades, assignment outlines, deadlines, etc. are available via [OWL Brightspace](#). Download the Brightspace Pulse App to stay up-to-date on course communication and enable your notification settings within “Communications” in the top toolbar. Check the website regularly for course announcements. If you need assistance, visit [OWL Brightspace Help](#) or contact the [Western Technology Services Helpdesk](#). They can be contacted by phone at 519-661-3800 or ext. 83800.

Calendar Course Description (including prerequisites/anti-requisites):

This course examines the family practices found across the globe today. Due to migration patterns, and new social dynamics in global society, the family constellation is increasingly complex and reflective of cultural background and beliefs. Consideration will be given to these family practices, including how the media portrays them.

Prerequisite(s): Any 0.5 course at the 2000-level or higher from any department in the Faculty of Health Sciences, the Department of Anthropology, the Department of Gender, Sexuality and Women's Studies, the Department of Psychology or the Department of Sociology; or permission of the Department.

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

NOTE: If you wish to enroll in this course without the stated pre-requisite(s), you must obtain written approval from the course instructor. The approval should then be forwarded to your academic counsellor.

Delivery Mode: In-person

Component	Date(s)	Time
Lecture 001		

Learning Outcomes

Upon successful completion of this course, you will be able to:

1. Students will be able to demonstrate knowledge of similarities and differences in family structures and dynamics across the globe.
2. Students will become aware of and be able to discuss how factors such as geography, economy, culture, and globalization impact family ideology, structure, and dynamics.
3. Students will show that they can synthesize and apply theoretical concepts in different contexts.
4. Students will demonstrate their transferable skills through oral and written communication.

Teaching Methodology and Expectations of Students

Each week before class, you should read the textbook chapter for that week (the readings are a time commitment, so be sure to allot adequate time every week). In class we will engage with the readings through summary notes, discussion, videos, quizzes, and other activities. Marks are from quizzes, a class presentation project, participation, and a term project. There is no final exam.

On our course's Brightspace site we will have a discussion board open. This can be used for questions, comments, and observations by any of us during any part of the term. As you're doing a week's readings for example, feel free to post questions on anything that's unclear, any observation you want to share, etc. Marks also will be posted on Brightspace.

Use of Generative AI

AI is allowed for the vignette; this use must be documented in an appendix. The documentation should include what tool(s) were used (Grammarly, ChatGPT, etc.), how they were used, and how they were incorporated into the work. You are accountable for the work you submit. My own experience marking generative AI-assisted work has been meh: it tends to be vague and contain false/limited references, so I don't recommend it.

Course Content and Schedule

**Remember to turn in your participation self-marks within 24 hours of class*

Class/Topic	Date	Description	Assignments and/or Readings Due
1	Sept. 14	Course introduction	Read syllabus.
2	Sept. 21	Background, terminology	Read C1.
3	Sept. 28	Families' structures and functions	Read C2. Quiz C1.
4	Oct. 5	Theories	Read C3. Quiz C2.
	Oct. 12	Reading week	
5	Oct. 19	Overview: North America	Read C4. Quiz C3.
6	Oct. 26	Overview: Latin America, Africa, Asia, Middle East	Read C5. Quiz C4.
7	Nov. 2	Gender	Read C6. Quiz C5.
8	Nov. 9	Identity and inequality	Read C7. Quiz C6.
9	Nov. 16	Intimate relationships	Read C8. Quiz C7.
10	Nov. 23	Intergenerational relationships	Read C9. Quiz C8.
11	Nov. 30	Violence in families	Read C10. Quiz C9.
12	Dec. 7	Globalization and the future	Read C11. Quiz C10.
	Dec. 11- 22	Date TBD	Final exam

Course Materials You Must Acquire and Their Costs

Textbook: Leeder, E. (2026). *The family in global perspective: A gendered journey* (3rd Ed.). Cognella. The 3rd edition is necessary.

You can order a digital or print copy from Cognella: <https://store.cognella.com> or you can order print copies in the Western bookstore.

When this syllabus was prepared in April 2026, the e-book from Cognella cost \$92.95 USD and the paperback cost \$106.95 USD.

Assessments and Evaluation

Below is the evaluation breakdown for the course. Any deviations will be communicated.

Component	Format	Weight	Due Date	Flexibility	Learning Outcome
Quizzes	Mixed. Closed book. No AI.	35% (5% each)	In each class, starting on Sept. 21. There are 10 total.	Drop lowest three.	1, 2, 3, 4, 5
Participation	Oral and written. AI N/A.	25%	In each class, starting on Sept. 21. 11 weeks total.	Drop lowest two.	1, 2, 3, 4, 5
Class vignette	Mixed. AI allowed.	20%	Do something creative to illustrate family life in a specific locale, beginning Sept. 21.	Not applicable – designated assignment ¹ .	1, 2, 3, 4, 5
Final exam	Mixed. Closed-book. No AI.	25%	TBD by registrar.	Not applicable ² .	1, 2, 3, 4, 5

Quizzes

Quizzes will be on the prior week's material (readings and in-class material), and will be in-class, beginning Sept. 21. Quizzes will start at 8:50PM. and will be 15 minutes long. Time accommodations will be available. Quizzes can have questions of any format (multiple choice, short answer, etc). The last three quizzes of the term are optional. Three marks, including zeros for missed quizzes, will be dropped (as such there is no academic consideration for quizzes). No AI is allowed. Closed book.

Participation

The expectation is of meaningful contribution (showing that you have read and engaged with the material, in class) in at least 9 of the 11 weeks, beginning Sept. 21. As such, requests for academic consideration for participation will be denied. One final mark will be assigned, but students can check in through the term to see how they are doing. AI is N/A.

Class Vignette

Families around the world. 15 min. cap. You will sign up for a date ahead of time, beginning with the week of Sept. 21. You will present to the class multi-media about family life in a country other than Canada. 2026 theme: school lunch. How, when, and what do children eat during the school day in the country you have chosen? Who prepares it? Who pays for it? Are there food challenges? You can bring in food samples if you choose (but that won't be part of the mark, to make it fair for those who don't want to). This assignment does require academic consideration with documentation if the deadline is missed. In such a situation, the assignment is expected to be presented at the next class meeting to avoid a zero. Academic Considerations - Office of the Registrar - Western University) AI allowed with documentation/citation. Send your citations to me.

Final Exam

Scheduled by Western, subject to Western's policies regarding final exams. It can have questions of any form: multiple choice, short answer, etc. We will definitely use questions at the end of the chapters in the book as final exam questions, so it will help to review those as you go through the term. We'll also re-use some quiz questions.

Notes:

1. Designated Assessment: This assessment has been designated as being central to the evaluation of learning outcomes in this course. Accordingly, you must provide documentation for any absence from this evaluation. Students must not provide medical or compassionate documentation to the instructor. If you miss this evaluation, you must complete the makeup assessment as follows: by presenting it at the next class.
2. You cannot use undocumented absences for final exams.

General information about assessments

- ☒ All assignments are due at 23:59 EST unless otherwise specified.
- ☒ You are responsible for ensuring that the correct file version is uploaded; incorrect submissions including corrupt files could be subject to late penalties (see below) or a 0.
- ☒ Written assignments will be submitted to Turnitin (statement in policies below).
- ☒ You will have access to Turnitin reports before your submission is graded. You may have 2 submissions to Turnitin.
- ☒ You might not receive the same grade as your group members if it is determined that the distribution of work was not equal.
- ☒ After an assessment is returned, you should wait 24 hours to digest feedback before contacting your evaluator; to ensure a timely response, reach out within 7 days.
- ☒ Requests for regrading must include a written explanation and evidence showing how the work meets the assignment criteria or rubric. Requests without a clear justification will not be considered.
- ☒ Prior to the filing of a written request for relief, you must attempt to resolve the concern regarding a mark or grade through informal consultation with the instructor. If you are dissatisfied with the decision of the instructor or you do not receive a decision from the instructor, a written request for relief must be submitted to the Undergraduate Chair of the School offering this course, within three (3) weeks from the date that the mark was issued.

The table below outlines University-wide grade descriptors.

Letter grade	Number grade	Description
A+	90-100	One could scarcely expect better from a student at this level
A	80-89	Superior work which is clearly above average
B	70-79	Good work, meeting all requirements, and eminently satisfactory
C	60-69	Competent work, meeting requirements
D	50-59	Fair work, minimally acceptable
F	below 50	Fail

Rounding of Grades (for example, bumping a 79 to 80%)

This is a practice some students request. The final grade documented is the grade that you have achieved. There is no rounding to the next grade level, or 'giving away' of marks. Please don't ask me to do this for you; the response will be "please review the course outline where this is presented".

Information about late or missed assessments:

- ☒ Late assessments without academic consideration will be subject to a late penalty of 1% per hour
- ☒ Missed quizzes or tests must be made up.

INC (Incomplete Standing): If a student has been approved by the Academic Advising Office (in consultation with the instructor/department) to complete term work at a later date, an INC will be assigned. Students with INC will have their course load in subsequent terms reduced to allow them to complete outstanding course work. Students may request permission from Academic Advising to carry a full course load for the term the incomplete course work is scheduled.

SPC (Special examination): If a student has been approved by the Academic Advising Office to write a Special Examination and the final exam is the only outstanding course component, an SPC will be assigned. If the class has a makeup exam, the student is expected to write the makeup exam. If the class doesn't have a makeup exam or the student misses the makeup exam for reasons approved by the Academic Advising Office, the student will write the exam the next time the course is offered. Outstanding SPCs will reduce the course load for the term the exam is deferred as outlined in [Types of Examinations](#) policy.

Academic Policies and Statements

Support Services

There are various support services around campus and these include, but are not limited to:

1. Academic Support and Engagement - <http://academicsupport.uwo.ca>
2. Wellness and Well-being - <https://www.uwo.ca/health/>
3. Registrar's Office - <http://www.registrar.uwo.ca/>
4. Ombuds Office - <http://www.uwo.ca/ombuds/>

The websites for Registrarial Services (<http://www.registrar.uwo.ca>), and the same for affiliated university colleges when appropriate, and any appropriate Student Support Services (including the services provided by the USC listed here: <http://westernusc.ca/services/>) and the Student Development Services, should be provided for easy access.

Students who are in emotional/mental distress should refer to Mental Health@Western (<https://www.uwo.ca/health/>) for a complete list of options about how to obtain help.

Statement on Gender-Based and Sexual Violence

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at:

https://www.uwo.ca/health/student_support/survivor_support/get-help.html.

Statement on Harassment and Discrimination

Western is committed to providing a learning and working environment that is free of harassment and discrimination. All students, staff, and faculty have a role in this commitment and have a responsibility to ensure and promote a safe and respectful learning and working environment. Relevant policies include Western's [Non-Discrimination/Harassment Policy](#) (M.A.P.P. 1.35) and [Non-Discrimination/Harassment Policy – Administrative Procedures](#) (M.A.P.P. 1.35). Any student, staff, or faculty member who experiences or witnesses' behaviour that may be harassment or discrimination **must report the behaviour** to the Western's [Human Rights Office](#). Harassment and discrimination can be human rights-based, which is also known as EDI-based, (sexism, racism, transphobia, homophobia, islamophobia, xenophobia, antisemitism, and ableism) or non human rights-based (personal harassment or workplace harassment).

Student Code of Conduct

The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at Western University, provide examples of behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be

imposed and set out the disciplinary procedures that the University will follow. For more information, visit <https://www.uwo.ca/univsec/pdf/board/code.pdf>

Absence from Course Commitments

Students must familiarize themselves with the Policy on [Academic Consideration – Undergraduate Students in First Entry Programs](#)

Students missing course work for medical, compassionate, or extenuating circumstances can request academic consideration by completing a request at the [central academic consideration portal](#). Students are permitted one academic consideration request per course per term **without** supporting documentation. Note that supporting documentation is **always** required for academic consideration requests for examinations scheduled by the office of the registrar (e.g., December and April exams) and for practical laboratory and performance tests (typically scheduled during the last week of the term).

Students should also note that the instructor may **designate** one assessment per course per term that requires supporting documentation. This designated assessment is described elsewhere in this document. Academic consideration requests may be denied when flexibility in assessment has already been included. Examples of flexibility in assessment include when there are assessments not required for calculation of the final grade (e.g. 8 out of 10 quizzes), when there is flexibility in the submission timeframe (e.g. 72 hour no late penalty period), or when timed assessments (e.g., quizzes) are available over an extended period of time (e.g., when you are given a 72 hour time period to start – and finish – the assessment).

Please note that academic considerations in this course are granted by the academic advisors in your home unit and implemented by the instructor of this course in accordance with information presented in this course syllabus. Supporting documentation for academic considerations for absences due to illness should use the [Student Medical Certificate](#) or, where that is not possible, equivalent documentation by a health care practitioner. If your absence relates to accommodations that are already supported by [Accessible Education](#), please work with your accessible education counsellor regarding your missed course work.

Accommodation for Religious Holidays

Students should review the policy for [Accommodation for Religious Holidays](#). Where a student will be unable to write examinations and term tests due to a conflicting religious holiday, they should inform their instructors as soon as possible but not later than two weeks prior to writing the examination/term test. In the case of conflict with a midterm test, students should inform their instructor as soon as possible but not later than one week prior to the midterm.

Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examination dates. The Faculty of Health Sciences has set School-specific dates for these Special Examinations. Please speak with your instructor about the date on which the Special Examination for this course will be held.

Scholastic Offences

Scholastic offences are taken seriously and students are directed to read the policy on [Scholastic Discipline for Undergraduate Students](#).

Plagiarism

Student work is expected to be original. Plagiarism is a serious academic offence and could lead to a zero on the assignment in question, a zero in this course, or your expulsion from the university. You are plagiarizing if you insert a phrase, sentence or paragraph taken directly from another author without acknowledging that the work belongs to him/her. Similarly, you are plagiarizing if you paraphrase or summarize another author's ideas without acknowledging that the ideas belong to someone else. All papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com (www.turnitin.com).

For group assignments, all members share responsibility for academic integrity. Plan your work so the group has time to review the full submission and ensure all sources are appropriately used and cited. In the absence of a scholastic offence, everyone gets the same mark, so work with the rest of your group in a proactive fashion.

Use of Artificial Intelligence for the Completion of Course Work

Within this course, you may only use artificial intelligence tools (e.g., "ChatGPT") in ways that are specifically authorized by the course instructor. All submitted work must reflect your own thoughts and independent written work.

Re-submission of Previously Graded Material

Without the explicit written permission of the instructor, you may not submit any academic work for which credit has been obtained previously, or for which credit is being sought, in another course or program of study in the University or elsewhere.

Use of Statistical Pattern Recognition on Multiple Choice Exams

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Accessibility Statement

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Accessible Education (AE) at 661-2111 x 82147 for any specific question regarding an accommodation or review [The policy on Accommodation for Students with Disabilities](#). If you think you may qualify for ongoing accommodation (e.g. separate room to write exams, flexibility with deadlines, etc.) that will be recognized in all your courses, we encourage you to visit [Accessible Education](#) for more information.

Correspondence Statement

The centrally administered e-mail account provided to students will be considered the individual's official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at their official university address is attended to in a timely manner. Students are further expected to attend to announcements presented through Brightspace, and to read emails generated in this way.

Use of Electronic Devices

During Exams

Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices (e.g., cell phones, tablets,

cameras, smart glass, smart watches, or iPods) during ANY tests, quizzes, midterms, examinations, or other in-class evaluations. **These devices MUST either be left at home or with your belongings at the front of the room. They MUST NOT be at your test/exam desk or in your pocket. Any student found with a prohibited device will be referred for investigation of a Scholastic Offence, per the policy listed above. The typical first-offence penalty for possession of a prohibited device is zero on the test or exam.**

During Lectures and Tutorials

Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class.

Copyright and Audio/Video Recording Statement

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

Contingency Plan for an In-Person Class Pivoting to 100% Online Learning

In the event of a situation that requires this course to pivot to online content delivery, all remaining course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on Brightspace for students to view at their convenience). The grading scheme will **not** change. Any remaining assessments will also be conducted online as determined by the course instructor.

Note that disruptive behaviour of any type during online classes, including inappropriate use of the chat function, is unacceptable. Students found guilty of Zoom-bombing a class or of other serious online offenses may be subject to disciplinary measures under the Code of Student Conduct.

Online Proctoring

Tests and examinations in this course may be conducted using a remote proctoring service. By taking this course, you are consenting to the use of this software and acknowledge that you will be required to provide **personal information** (including some biometric data) and the session will be **recorded**. Completion of this course will require you to have a reliable internet connection and a device that meets the technical requirements for this service. More information about this remote proctoring service, including technical requirements, is available on Western's Remote Proctoring website at: <https://remoteproctoring.uwo.ca>.

Academic Appeals and Scholastic Offences

Students can file a **request for relief from academic decisions** if the request is based on one or more grounds listed in the policy. Students can read more about the policy [here](#) and a link to the procedures is listed in the Support Services sections of this document.

Students may **appeal** some academic and scholastic disciplinary decisions by a Dean or their designate, to the Senate Review Board Academic (SRBA). Students can read more about the policy [here](#) and a link to the procedures is listed in the Support Services section of this document.
