Description:

The course is designed to achieve two primary objectives. The first objective is to learn to utilize techniques in moral reasoning and apply moral theory to issues and cases in Professional Ethics in Kinesiology.

A type of case method will be used for the applications with a wide range of scenarios to capture not only professional and clinical settings, but also personal moral dilemmas that arise from them, for example, coaching ethics, sport medicine ethics, sport management ethics, teaching ethics, etc. The second objective is to better develop the student's understanding of moral reasoning.

Course Format:

The course will be interactive, participatory and in seminar format. Students should come to class prepared by having read the relevant texts and ready to engage in group discussions and presentations.

Classes will be discussion based. Students will be assigned readings and these readings will form the basis of class discussion. Students will also be expected to present and articulate their ideas on the topics as assigned in a seminar format.

Learning Objectives:

Upon completion of this course students will be able to:

- 1. **Identify and delineate** theoretical terms, concepts, and philosophies related to professional ethics in Kinesiology and sport. (Knowledge)
- 2. **Compare and contrast** theoretical approaches to professional ethics in Kinesiology and sport. (Analysis)
- 3. **Synthesize** research and theoretical knowledge as it relates to professional ethics in Kinesiology and sport, through seminar presentations and written work. (Comprehension)
- 4. **Develop** skills in writing research papers and presentations pertaining to each student's particular area of interest on the topic of professional ethics in Kinesiology and sport through class discussions, seminar presentations, and essays. (Application)
- 5. **Further develop** abilities to *critically reflect* upon own learning and relate to the topics on professional ethics in Kinesiology and sport discussed in class. (Reflection)

| 1. Commentaries | 20% |

| 2. Seminar Presentations/Discussion | 20% |

| 3. Mid Term Exam | 30% |

| 4. Final Research Paper | 30% |
| | |

1. *Commentaries* (20%) DUE: Date(s) weekly or bi-weekly

The readings will be given in class or posted on OWL. The topics or issues will be drawn from our current readings, news items or media reports. Readings will be discussed in commentaries and will form the basis of class discussion. Commentaries are worth 20% of the final grade.

2. *Seminar Presentation* (20%) DUE: Dates to be assigned in class.

Each seminar presentation will be a **20-30 minute oral and power point presentation (including time for questions)** on a case assigned in class by the professor. The seminar presentation will be graded out of 20 marks and will be based on the student's expressed knowledge and comprehension of the topic they have chosen through the identification and

delineation of important concepts and the written summary of the case in the power point presentation.

3. Mid Term Exam (30%)

Each student will be required to write the mid-term exam. The exam will be written in a university computer lab on a computer with a word processing program. The exam will be an essay answer format. The professor will give the students a list of potential questions in advance and will then select from that list for the exam questions. The exam will be graded out of 30 marks and will be based on the student's knowledge, comprehension and analysis demonstrated through their written answers. The work on critical reflection in the weekly discussions and the seminar presentations will help to prepare the student for the exam.

4. Final Research Paper (30%) DUE: date Last class

Students will write a final research paper on a topic to be agreed upon between the student and the professor. The paper should be approximately 1500 words. An essay outline is required for approval in advance. The students will be given an outline structure to follow. The paper will be worth 40% and the assessment will be based on the student's ability to demonstrate critical reflection through the application of knowledge and skills learned in the course.

Note: These points serve as the basis for the evaluations in this course.

Course/University Policies

1. **Lateness/Absences:** Assignments are due at the beginning of class on the assigned due date and will not be accepted late, except under medical or other compassionate circumstances. Electronic submission of assignments will not be accepted (unless otherwise specified) under any circumstances. Submitting a late assignment without appropriate documentation will result in a zero (0) grade. Appropriate documentation for assignments worth less than 10% should be submitted to the instructor. A missed mid-term examination, if applicable without appropriate documentation will result in a zero (0) grade.

2. Documentation for Accommodation (Illness, Medical/Non-Medical Absences):

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf

The University recognizes that a student's ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

A UWO Student Medical Certificate (SMC) is required where a student is seeking academic accommodation. This documentation should be obtained at the time of the initial consultation with the physician or walk-in clinic. An SMC can be downloaded under the Medical Documentation heading of the following website:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

Documentation is required for non-medical absences where the course work missed is more than 10% of the overall grade. Students may contact their Faculty Academic Counselling Office for what documentation is needed.

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. stating specific reasons and dates. Students must follow up with their professors and their Academic Counselling office in a timely manner. Documentation for medical requests for accommodation must be submitted within two (2) business days after the end date on the documentation, to the appropriate Academic Counselling Office of the student's Faculty of registration. For KIN students, you may go to the School of Kinesiology in 3M Centre room 2225 **NOT** to the instructor. It will be the Academic Counselling office that will determine if accommodation is warranted.

An "Accommodation Consideration Request Form" found online https://www.uwo.ca/fhs/kin/undergrad/files/accommodation_request.pdf or in the Kinesiology Undergraduate Office" for ALL accommodation requests must be submitted into the appropriate Academic Counselling office of the student's Faculty/School of registration. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy.

3. **Grades:** Where possible assignment objectives and rubrics will be posted on OWL. Should you have a concern regarding the grade you received for an assignment or feel that it is unfair in any way, you must wait 24 hours from the receipt of the assignment to approach the instructor or TA. In doing so, please make an appointment and prepare in writing, with evidence, why you feel your grade is inappropriate. Please be aware that in requesting a grade reassessment, your grade could go up/down/or stay the same. Note that calculations errors (which do occur!) should be brought to my attention immediately.
15% of course grades will be posted by the last day to drop a course.

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

A) Students must write their essays and assignments in their own words. Whenever students take an idea, or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major academic offence (see Scholastic Offence Policy in the Western Academic Calendar). All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com <http://www.turnitin.com>

B) Computer marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

5. **Formatting** (as recommended by the course instructor): example- APA style is the approved style of writing for all assignments produced for this course. Please refer to Western University Library webpage for information on citation style and format or consult the APA publication manual: Publication manual of the American Psychological Association (6th ed.). (2009). Washington, DC: American Psychological Association.

6. According to the **Examination Conflict policy**, Please see the Office of the Registrar policy on Exam Conflict and Multiple Exam Situations
www.registrar.uwo.ca/examinations/exam_schedule.html

7. **Classroom Behaviour**: Class will begin promptly at the time specified at the top of page one of this syllabus. In the event that you must arrive late, please enter the classroom with a minimal disturbance to the class. Please keep all electronic devices on silent and avoid distracting classmates.

8. **Electronic Device Usage:**

During Exams - Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any of the following electronic devices during ANY of the tests, quizzes, midterms, examinations, or other in-class evaluations: cellphones, smart phones, smart watches, smart glasses, audio players or recorders of any sort, video cameras, video games, DVD players, televisions, laptop/notebook/netbook computers, flashlights or laser pointers.

During Lectures and Tutorials: Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. Please be respectful to your fellow students and turn the sound off. If the professor receives complaints from other students regarding noise or other disruptive behavior (e.g. watching videos on YouTube.com, updating your Facebook status, playing Solitaire), your classroom privileges will be revoked. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class. **Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**

9. **Health and Wellness**: As part of a successful undergraduate experience at Western, we encourage you to make your health and wellness a priority.
