

Western CTF BScN Prerequisite Equivalency List

This list is for the purpose of verifying prerequisite admission requirements for the Compressed Time Frame BScN program only. This list is subject to change and is not exhaustive.

If you have completed a course not listed here, you are required to submit a detailed course syllabus to determine the eligibility of the course for pre-requisite purposes. Course syllabi will only be accepted and reviewed once a formal application to the program has been submitted to the Ontario Universities' Application Centre. Applicants will be able to upload course syllabi via their To Do list within their Western Student Centre account. This account will be set up by Western's Admissions department once the OUAC application is processed. Questions about this list should be directed to Admissions via welcome@uwo.ca.
