

Intent to Register

What is Intent to Register?

- Are you coming back next year?
 - To SHS
 - Transferring to/from SHS
- Module you wish to register
- March 1 to March 31
- Adjudication

What is a module?

- Modules are programs of study
- E.g. Major, Minor, Specialization, Honours Specialization
- Why do I need one?
- Current module: 4 year BHSc (First-year students only)

Health Studies Modules

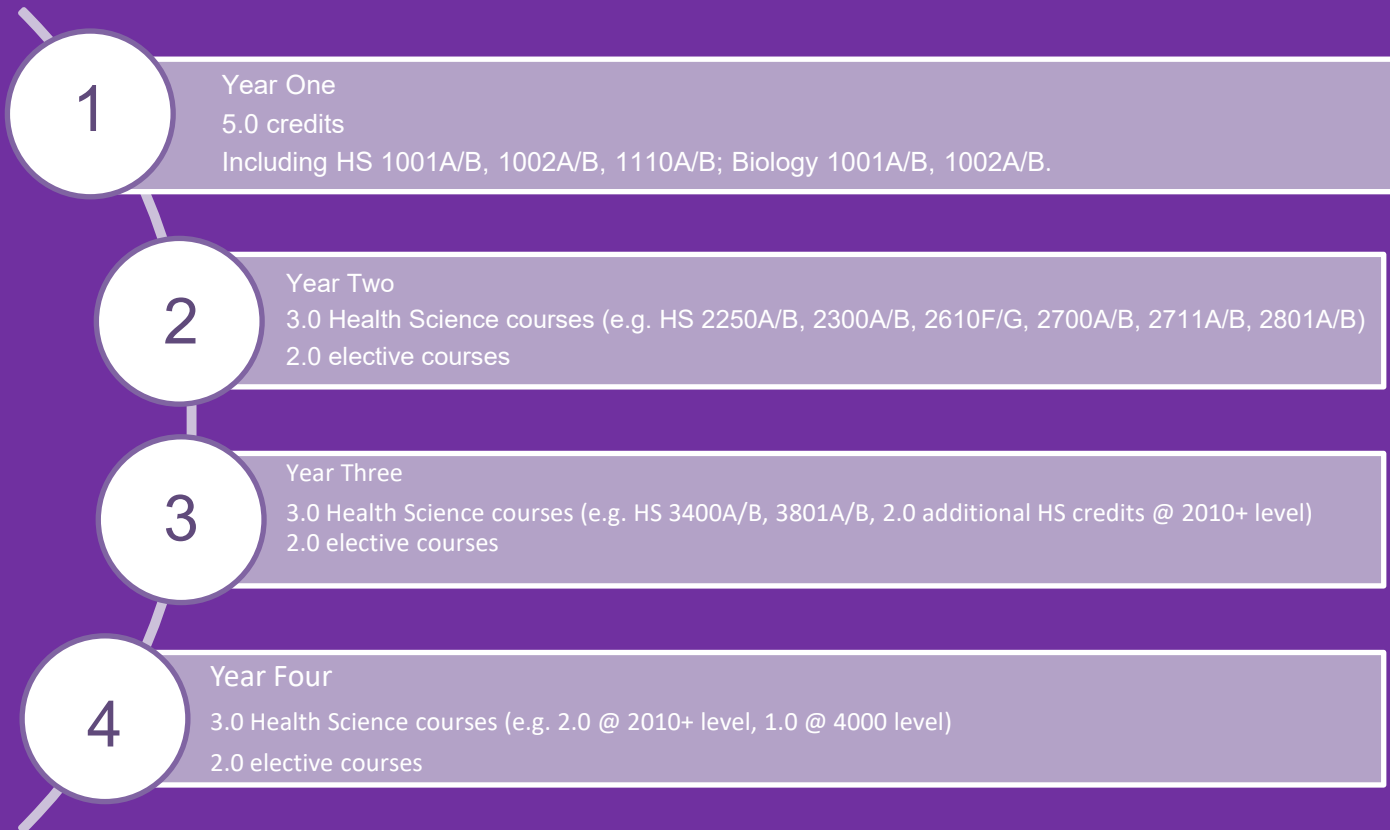

- **Health Sciences:** Honours Specialization (9.0), Specialization (9.0), Major (6.0), Minor (4.0)*
- **Health Promotion:** Honours Specialization (9.0)
- **Health and Aging:** Honours Specialization (9.0)
- **Health Sciences with Biology:** Honours Specialization (9.0)
- **Rehabilitation Sciences:** Honours Specialization (9.0), Major (6.0)
- ***Dual Degree: Hons BHSc and HBA (SHS and Ivey)***

* *Cannot be combined with another Health Studies module*

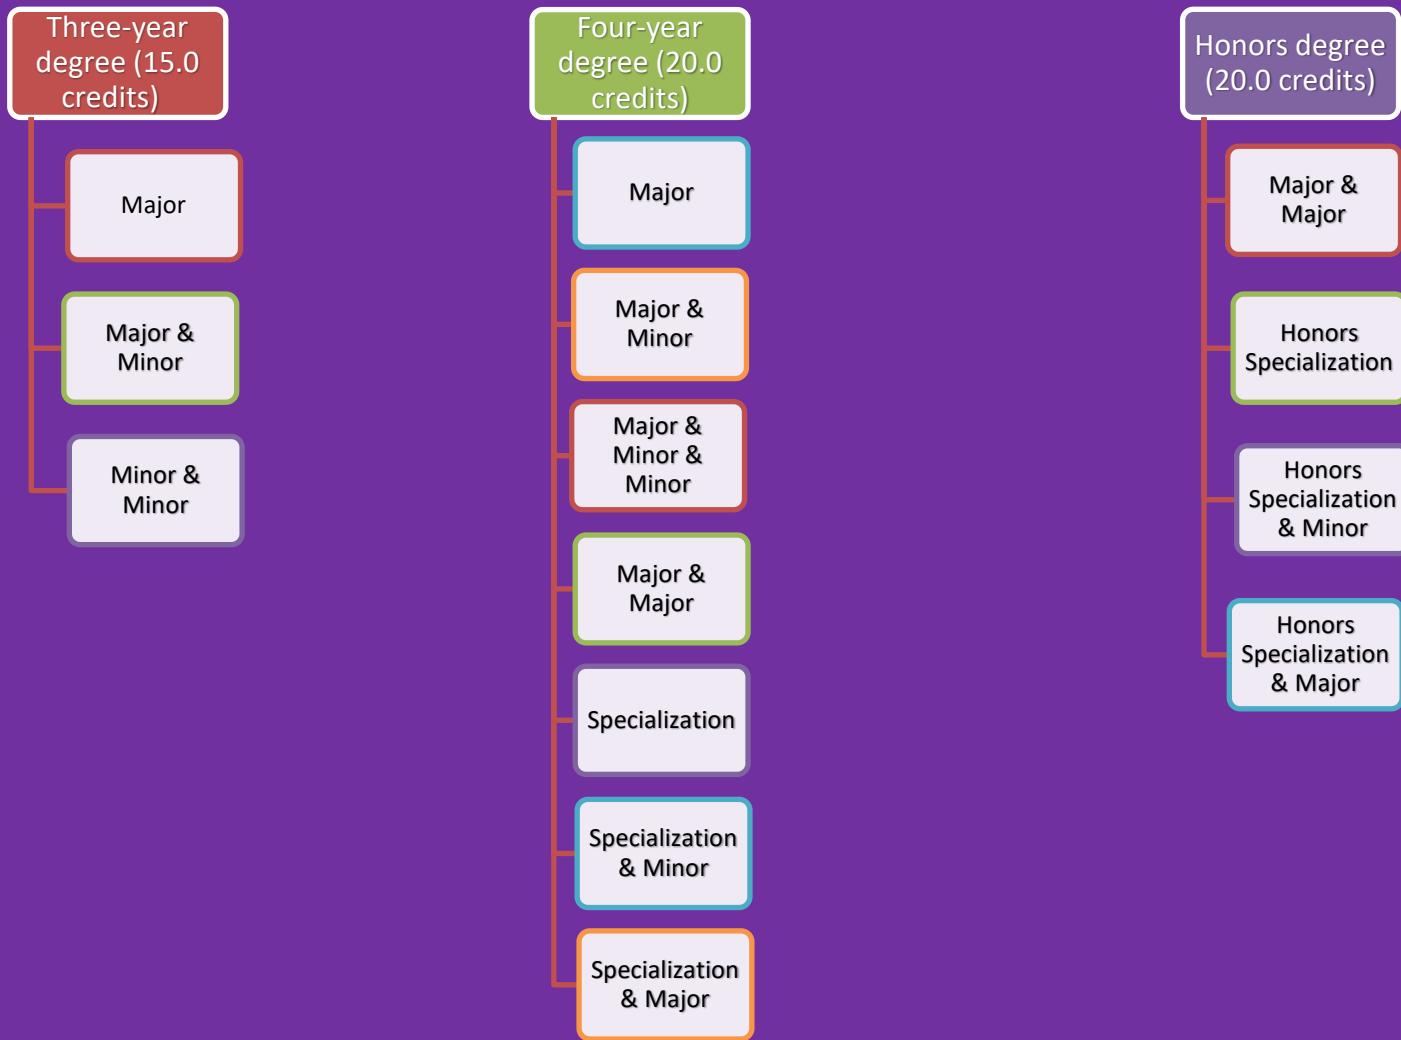

Degree Types

- Four-year degree = 20.0 credits
 - Honours (70% avg., no failures, no required Health Science module courses w/grades <60%)
 - Non-honours (60% cumulative, no fails)
- Three-year degree = 15.0 credits

Example Degree Structure: HSP Health Sciences

Combining Modules

Important Considerations

- What did you take in first year?
 - Prerequisites
 - Antirequisites
- How are your marks?
- What are your current post-university goals?
 - Additional schooling, direct employment, absolutely, totally, and completely unsure at the moment?

Health Sciences Progression Requirements

- **HONOURS SPECIALIZATION IN HEALTH SCIENCES WITH BIOLOGY**

Honors Specialization in Health Sciences with Biology

In order to progress into the Honors Specialization in Health Sciences with Biology after first year, students must achieve the following:

- Minimum grade of 70% in each of Health Sciences 1001A/B, 1002A/B and 1110A/B
- Minimum grade of 60% in Biology 1201A and 1202B (or Biology 1001A and 1002B)
- Minimum grade of 60% in each of Chemistry 1301A and 1302B
- Minimum grade of 60% in each of 1.0 first-year Math courses*
- Minimum cumulative average of 70%
- No course grade below 50% in any subject

Health Sciences Progression Requirements

Major and Specialization

In order to progress into the Major or Specialization in Health Sciences after first year, students must achieve the following:

- Minimum grade of 60% in each of Health Sciences 1001A/B, 1002A/B and 1110A/B
- Minimum grade of 60% in Biology 1201A and 1202B (or Biology 1001A and 1002B)
- Minimum cumulative average of 65%

Honors Specialization

In order to progress in the Honors Specialization in Health Sciences after first year, student must achieve the following:

- Minimum grade of 70% in each of Health Sciences 1001A/B, 1002A/B and 1110A/B
- Minimum grade of 60% in Biology 1201A and 1202B (or Biology 1001A and 1002B)
- Minimum cumulative average of 70%
- No course grade below 50% in any subject

Which program do I choose?

- If you wish to continue in SHS, Health Sci must be your first choice
- **If you don't qualify for your first choice in HS, we will place you in the next highest level module for which you qualify**
- Think about courses you enjoyed this year and research programs related to those courses
- When researching a program (via the Academic Calendar), you are checking to see if:
 1. You have the prerequisite courses
 2. You would be interested in the courses throughout the module
 3. You meet progression (average) requirements for that program

'POSSIBLE' CAREER PATHS

Health and Aging

The Honors Specialization in Health and Aging provides students with the knowledge they need to understand the health issues of older adults, as well as the effects on health care services. Students who graduate from this module will be well-equipped to work in programs and services geared toward older adults, and also to address systemic challenges.

Health Promotion

Students interested in careers in health program development, community health, and public health education

Health Science with Bio

This module is ideal for students who want to pursue careers in medicine and dentistry.

Rehabilitation Sciences

Students wishing to pursue careers in Physical Therapy or Occupational Therapy find the modules in Rehabilitation Sciences offer an excellent knowledge foundation that they can build upon in their graduate studies.

Health Science

Covers all of the above, dependent on your elective choices.

Dual Degree with Ivey Business

ideal choice for students who see themselves pursuing careers in healthcare administration, health management, and health entrepreneurship.

Now What if???

What if you have not achieved the MINIMUM progression requirements to remain in Health Studies

These are:

- Minimum grade of 60% in each of Health Sciences 1001A/B, 1002A/B and 1110A/B
- Minimum grade of 60% in Biology 1001A and 1002B (1201/1202)
- Minimum cumulative average of 65%

Students who had extenuating circumstances impact their academic performance are encouraged to complete a Letter of Support. The letter must be submitted to shsinfo@uwo.ca by April 30. If applicable, students should submit copies of supporting documentation along with their Letter of Support.
