

**The University of Western Ontario**

**HS2330A**

**FUNCTIONAL HUMAN GROSS ANATOMY FOR NURSING STUDENTS**

**September 2019**

**Instructor:** Michael Robinson MS CAT(C) ATC

**Lecture Date:** Friday 12:30 – 3:30

**Lecture Location:** HSB240

**Lab Date:** Tuesday 1:30 – 5:30 (as assigned)

**Lab Location:** HSB-322

**Email:** [mrobin7@uwo.ca](mailto:mrobin7@uwo.ca)

**Office Hours:** Appointment only

**Lectures**

There is one 3-hour lecture per week. There is one 1-hour lab per week.

**Prerequisite Checking**

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees if you are dropped from a course for failing to have the necessary prerequisites.

**Course Description**

Systemic Approach to Functional Anatomy is an introductory course designed to explore anatomical structure and function of the human body. Emphasis will be placed on clinical examples related to nursing. The course will provide the student with an understanding of systemic anatomy and a working knowledge of the integration of the human body's major physiological systems. At the end of this course each student should know all the major bones, muscles, nerves, organs, and vessels of the body, by name, location, and function. The spirit of this course is to foster learning, critical thinking, active questioning, and an appreciation for health and disease from a gross anatomical perspective.

**Statement on Multiple Choice Exams**

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

**Statement on the use of Electronic Devices**

*During Exams:* Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any of the following electronic devices during ANY of the tests, quizzes, midterms, examinations, or other in-class evaluations: cellphones, smart phones, smart watches, smart glasses, audio players or recorders of any sort, video cameras, video games, DVD players, televisions, laptop/notebook/netbook computers, flashlights or laser pointers.

*During Lectures and Tutorials:* Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class. Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

### **Course Materials**

The REQUIRED textbook:

Marieb, E. Human Anatomy loose-leaf + eText + Mastering + the photographic lab Atlas ,  
Pearson Canada ISBN **9780136578031**.

This text is available at the UWO Bookstore as a bundle and the ISBN is unique to this course (<https://bookstore.uwo.ca/product/9780136578031>). The lab assignments are delivered via the supplemental website for this book and is a required component for this course. Students who are unable to purchase the book due to financial difficulties can contact the instructor to discuss options.

### **Methods of Evaluation**

**Examinations (70%):** Your exams will consist of two, non-cumulative term tests.

Midterm	35%
---------	-----

Final	35%
-------	-----

**Anatatorium Labs (20%):**

Bell Ringer	20%
-------------	-----

**Assignments (10%):**

Lab Assignments	10%
-----------------	-----

**Schedule (Subject to change)**

	Lecture Topic	Lab	CH
6-Sep	Introduction, Anatomical Terminology, Cells, Tissues	No Lab	1, 2, 4
13-Sep	Bones and Skeletal Tissue, Articulations	Lab Introduction, Anatomical Terminology, Movements	6, 9
20-Sep	Axial Skeleton	Bone Tissue, Articulations	7, 9
27-Sep	Appendicular Skeleton	Axial Skeleton	8, 9
4-Oct	Muscle Tissues, Axial Muscles	Appendicular Skeleton	10, 11
11-Oct	Lower Limb Muscles	Muscles	10, 11
18-Oct	Midterm	Review	
25-Oct	Upper Limb Muscles	Muscles	10, 11
1-Nov	Neurological System, Special Senses	Muscles	12, 13, 14, 15, 16
8-Nov	READING WEEK		
15-Nov	Cardiovascular System	Neurological, Special Senses	18, 19, 20
22-Nov	Respiratory System, Digestive System	Cardiovascular	22, 23
29-Nov	Lymphatic System, Integumentary System, Reproductive System, Urinary System	Respiratory, Digestive	5, 21, 24, 25
6-Dec	No Class	Bell Ringer	

## ADDITIONAL STATEMENTS

### Statement on Academic Offences:

Scholastic offences are taken seriously, and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site:

[http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/scholastic\\_discipline\\_undergrad.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf)

### Accommodation for illness:

*The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by extenuating circumstances, including short-term illness or injury. Reasonable academic consideration is a cooperative process between the University, the student, and academic staff. All participants in the process must act in good faith, and fulfil their respective obligations, if it is to succeed.*

*Students who experience an extenuating circumstance (illness, injury, or other extenuating circumstance) sufficiently significant as to temporarily render them unable to meet academic requirements, may submit a request for academic consideration through the following routes:*

- (i) Submitting a Self-Reported Absence form, provided that the conditions for submission are met;*
- (ii) For medical absences, submitting a Student Medical Certificate (SMC) signed by a licensed medical or mental health practitioner, in order to be eligible for Academic Consideration; or*
- (iii) For non-medical absences, submitting appropriate documentation (e.g., obituary, police report, accident report, court order, etc.) to Academic Counselling in their Faculty of registration, in order to be eligible for academic consideration.*

*Students seeking academic consideration:*

- Are advised to consider carefully the implications of postponing tests or midterm exams or delaying handing in work;*
- Are encouraged to make appropriate decisions, based on their specific circumstances, recognizing that minor ailments (e.g., upset stomach) or upsets (e.g., argument with a friend) are not normally an appropriate basis for a self-reported absence;*
- **Must communicate with their instructors no later than 24 hours** after the end of the period covered by either the self-reported absence or SMC, or immediately upon their return following a documented absence;*
- **Are advised that all necessary documentation, forms, etc. are to be submitted to academic counselling within two business days after the date specified for resuming responsibilities***

*Students who experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe as to temporarily render them unable to meet academic requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours or less. The following conditions are in place for self-reporting of medical or extenuating circumstances:*

- a. Students will be allowed a maximum of two self-reported absences between September and April, and one self-reported absence between May and August;*
- b. The duration of the excused absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30am the following morning if the form is submitted after 4:30pm;*
- c. The duration of the excused absence will terminate prior to the end of the 48 hour period, should the student undertake significant academic responsibilities (e.g., write a test, submit a paper) during that time;*
- d. The duration of an excused absence will terminate at 8:30am on the day following the last day of classes each semester, regardless of how many days of absence have elapsed;*
- e. Self-reported absences will not be allowed for scheduled final examinations; for midterm examinations scheduled during the December examination period; or for final lab examinations (i.e., “bellringers”);*
- f. Self-reporting may not be used for assessments (e.g., midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course;*

*Students must be in touch with their instructors no later than 24 hours after the end of the period covered by the Self-Reported Absence form, to clarify how they will be expected to fulfil the academic expectations they may have missed*

### **Support Services:**

There are various support services around campus and these include, but are not limited to:

1. Student Development Centre -- <http://www.sdc.uwo.ca/ssd/>
2. Student Health -- <http://www.shs.uwo.ca/student/studenthealthservices.html>
3. Registrar’s Office -- <http://www.registrar.uwo.ca/>
4. Ombuds Office -- <http://www.uwo.ca/ombuds/>

### **Health and Wellness:**

As part of a successful undergraduate experience at Western, we encourage you to make your health and wellness a priority. Western provides several on-campus health-related services to help you achieve optimum health and engage in healthy living while pursuing your degree. For

example, to support physical activity, all students receive membership in Western's Campus Recreation Centre as part of their registration fees. Numerous cultural events are offered throughout the year. Please check out the Faculty of Music web page (<http://www.music.uwo.ca/>), or the McIntosh Gallery (<http://www.mcintoshgallery.ca/>). Further information regarding health and wellness-related services available to students may be found at <http://www.health.uwo.ca/>.

If you are in emotional or mental distress should refer to Mental Health@Western (<http://www.uwo.ca/uwocom/mentalhealth/>) for a complete list of options about how to obtain help. To help you learn more about mental health, Western has developed an interactive mental health learning module, found here: [https://uwo.ca/health/mental\\_wellbeing/education/module.html](https://uwo.ca/health/mental_wellbeing/education/module.html).

**Grade policy:**

The university-wide descriptor of the meaning of letter grades, as approved by Senate:

A+	90-100	One could scarcely expect better from a student at this level
A	80-89	Superior work that is clearly above average
B	70-79	Good work, meeting all requirements and eminently satisfactory
C	60-69	Competent work, meeting requirements
D	50-59	Fair work, minimally acceptable.
F	below 50	Fail

It is expected that the grades for this course will fall between 70-74. In the event that the course average falls outside this range, a constant may be added (or subtracted) from each student's grade, by the instructor, to bring the class average in line with school policy.
