COURSE DESCRIPTION

This advanced course blends theory and practice with in-depth study of trauma-informed care & practice in various health professions and practice settings. Course content includes the study of practice oriented theories related to several relevant topics, including, trauma-informed assessment and interview skills, the role of authority in trauma-informed patient/health care professional relationships, responding to depersonalization and dissociation in clinical settings, and informed consent in trauma-informed practice. Opportunity for practical application of theory is enabled through in-depth study of trauma-informed care in particular health professions.

LEARNING OUTCOMES

By the end of this course, students should be able to:

- Describe and discuss the nature of trauma and traumatic experience broadly speaking, trauma as a subjective experience, and the potential impact of early trauma on emotional wellbeing across the lifespan.
- Demonstrate understanding of trauma-informed care and practice in various health professions and health care settings.
- Review and critically analyze relevant literature to enable the practical application of theoretical content to real-life professional practice.
- Demonstrate proficiency in skills related to research and effective academic communication.
- Participate in the co-creation of a learning experience that is vital and engaging.

Prerequisites: Registration in the third or fourth year of the School of Health Studies.

NOTE: Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites

ASSIGNED READINGS AND OTHER COURSE MATERIALS

There are no textbooks for this course. All assigned readings will be available, without cost, through Western’s Library System, online and/or through our OWL site.

Readings and course materials will be assigned for each topic of the course. Sources might include peer reviewed journal articles, grey literature, popular press articles, films, video clips, and website content. Materials assigned will correspond to the lecture topic. Additional materials may be assigned at any time, and will be posted on the course website. Students are responsible for the content covered in all assigned course materials.

A COMPLETE LIST OF LECTURE TOPICS AND ASSIGNED READINGS WILL BE POSTED TO OWL BEFORE THE FIRST CLASS.

LEARNING ENVIRONMENT

This course experience will function according to the assumption that successful learning happens in environments where learning is co-created by the instructor and the students.

As the instructor, I will endeavour to provide students with course experiences that are optimally engaging, motivating, and interesting. In return, I will expect students to attend all classes, and contribute to the collaborative nature of the learning experience through their active participation in discussions, by completing the assigned readings, and by offering constructive feedback as will be deemed useful to the overall learning experience.

Ideally, we will co-create a learning environment that welcomes and encourages group dialogues that are dynamic, passionate, and open-minded. That is, a learning experience that is vital and engaging for all. In this regard, it is my hope that we will come together in the spirit of community and shared interest to co-create a learning environment that is supported by civility and mutual respect. In doing so, we will set the stage for a healthy and stimulating intellectual forum.
Finally, if you are having problems with any aspect of the course, please contact me. I’m genuinely committed to your learning experience, I’m approachable, and I welcome your comments, your constructive criticisms and, of course, your questions.

EVALUATION

1. Participation – 10% - Mark assigned will be based on meaningful contributions made to opportunities for discussion, including but not necessarily limited to, forum posts.

2. Take Home Mid-term Examination – 40% - Due Friday February 12th 2021. Must be submitted through OWL by 4:00pm on Friday February 12th 2021.

3. Group Project - Comprehensive Study & Presentation of Trauma-informed Care in a Specific Health Profession. Worth 50% (Part 1 = 25% + Part 2 = 25%) of the final grade. Due dates: Part 1 will be due the week of March 15th to 19th. Part 2 will be due the week of March 29th to April 2nd.

The group project will consist of 2 parts*: a written submission and a presentation delivered to the class. Students will be randomly assigned to groups. The number of students assigned to each group will depend on the number of students enrolled in the course.

*Complete details regarding the group project will be provided at the beginning of the term.

PLEASE NOTE THE FOLLOWING REGARDING EXAMS:

- Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.
- Makeup exams will be different from those originally scheduled, and may include multiple choice, written and/or short answer questions.
- Examinable materials may include any content covered/presented in classes, including: lecture content, content presented by guest speakers, any/all assigned readings, videos, etc.

LAND ACKNOWLEDGEMENT

I acknowledge that Western University is located on the traditional lands of the Anishinaabek, Haudenosaunee, Lūnaapéewak and Attawandaron peoples, on lands connected with the London Township and Sombra Treaties of 1796 and the Dish with One Spoon Covenant Wampum. This land continues to be home to diverse Indigenous peoples (e.g. First Nations, Métis and Inuit) whom we recognize as contemporary stewards of the land and vital contributors of our society.
GENERAL COURSE NOTES

Regarding the Use of Plagiarism Checking Software
All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com)

Academic Consideration
The University recognizes that a student’s ability to meet their academic responsibilities may, on occasion, be impaired by extenuating circumstances, including short-term illness or injury. Reasonable academic consideration is a cooperative process between the University, the student, and academic staff. All participants in the process must act in good faith, and fulfil their respective obligations, if it is to succeed.

Students who experience an extenuating circumstance (illness, injury, or other extenuating circumstance) sufficiently significant as to temporarily render them unable to meet academic requirements, may submit a request for academic consideration through the following routes:
(i) Submitting a Self-Reported Absence form, provided that the conditions for submission are met;
(ii) For medical absences, submitting a Student Medical Certificate (SMC) signed by a licensed medical or mental health practitioner, in order to be eligible for Academic Consideration; or
(iii) For non-medical absences, submitting appropriate documentation (e.g., obituary, police report, accident report, court order, etc.) to Academic Counselling in their Faculty of registration, in order to be eligible for academic consideration.

Students seeking academic consideration:
• Are advised to consider carefully the implications of postponing tests or midterm exams or delaying handing in work;
• Are encouraged to make appropriate decisions, based on their specific circumstances, recognizing that minor ailments (e.g., upset stomach) or upsets (e.g., argument with a friend) are not normally an appropriate basis for a self-reported absence;
• Must communicate with their instructors no later than 24 hours after the end of the period covered by either the self-reported absence or SMC, or immediately upon their return following a documented absence;
• Are advised that all necessary documentation, forms, etc. are to be submitted to academic counselling within two business days after the date specified for resuming responsibilities.

Students who experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe as to temporarily render them unable to meet academic requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours or less. The following conditions are in place for self-reporting of medical or extenuating circumstances:
  a. Students will be allowed a maximum of two self-reported absences between September and April, and one self-reported absence between May and August;
b. The duration of the excused absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30am the following morning if the form is submitted after 4:30pm;

c. The duration of the excused absence will terminate prior to the end of the 48 hour period, should the student undertake significant academic responsibilities (e.g., write a test, submit a paper) during that time;

d. The duration of an excused absence will terminate at 8:30am on the day following the last day of classes each semester, regardless of how many days of absence have elapsed;

e. Self-reported absences will not be allowed for scheduled final examinations; for midterm examinations scheduled during the December examination period; or for final lab examinations (i.e., “bellringers”);

f. Self-reporting may not be used for assessments (e.g., midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course;

Students must be in touch with their instructors no later than 24 hours after the end of the period covered by the Self-Reported Absence form, to clarify how they will be expected to fulfil the academic expectations they may have missed.

**On the Use of Electronic Devices**

**During Exams:** Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices during ANY tests, quizzes, midterms, examinations, or other evaluations.

**Use of Recording Devices and Course Content**

Course instructors own and retain the intellectual property rights of their teaching materials. These rights extend to materials used in online settings and digital learning management systems like Owl, Zoom and TopHat. Students do not have our permission to make audio or video recordings of lectures, take pictures of lecture material, or distribute any course content for nefarious purposes (E.g. for sale or to cheat on exams). It is the decision of the instructor as to how and when teaching materials can be shared or used. **Unless explicitly noted otherwise, you may not make audio or video recordings of pre-recorded lectures or other course materials. Nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**

**Statement on Academic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: [http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf)

**Support Services**

There are various support services around campus and these include, but are not limited to:

1. Student Development Centre -- [http://www.sdc.uwo.ca/ssd/](http://www.sdc.uwo.ca/ssd/)

**On Health and Wellness**

As part of a successful undergraduate experience at Western, we encourage you to make health and wellness a priority. Self-care is a critical component of health and wellness. Western provides several on-campus and online health-related services to help you achieve optimum health and wellness while
pursuing your degree. For example, to support physical activity, all students receive membership in Western’s Campus Recreation Centre as part of their registration fees. Numerous cultural events are offered throughout the year. Please check out the Faculty of Music web page (http://www.music.uwo.ca/), or the McIntosh Gallery (http://www.mcintoshgallery.ca/). Further information regarding the health and related services available to students can be found at http://www.health.uwo.ca/. For information regarding emotional supports, please visit Western Psychological Services (https://www.uwo.ca/health/psych/index.html) Western has developed an interactive mental health learning module, found here: https://www.uwo.ca/health/wec/education/learning.html. A list of community-based services and supports will be available through the course OWL site. Students are also encouraged to access local health and wellness resources within their home communities.

The School of Health Studies grade policy
The university-wide descriptor of the meaning of letter grades, as approved by Senate:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage Range</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
<td>One could scarcely expect better from a student at this level</td>
</tr>
<tr>
<td>A</td>
<td>80-89</td>
<td>Superior work that is clearly above average</td>
</tr>
<tr>
<td>B</td>
<td>70-79</td>
<td>Good work, meeting all requirements and eminently satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>60-69</td>
<td>Competent work, meeting requirements</td>
</tr>
<tr>
<td>D</td>
<td>50-59</td>
<td>Fair work, minimally acceptable.</td>
</tr>
<tr>
<td>F</td>
<td>below 50</td>
<td>Fail</td>
</tr>
</tbody>
</table>

It is expected that the grades for this course will be in the range of 74-80%. In the event that the course average falls outside this range, a constant may be added (or subtracted) from each student’s grade, by the instructor, to bring the class average in line with school policy.
