Rehabilitation Science 3061B  
Foundations in Rehabilitation Sciences  
Course Outline  
Winter 2022

Time: Mondays 6:30 – 9:30 PM,  
Location: FNB-2240

Course Coordinator:  
Dr. Jayaprakash (JP) Raman, PT, PhD – PT Section  
(jraman3@uwo.ca)

Instructors:  
Dr. Jayaprakash (JP) Raman, PT, PhD – PT Section  
(jraman3@uwo.ca)  
TBD – OT Section  
TBD – Course Lead, CSD Section

Office Hours: by appointment

Communication: Meetings  
Students are expected to email the course manager or the course instructors for questions related to the course teachings, assignments or exams. Meetings will be scheduled by appointment and can be scheduled either in person or through zoom.

Prerequisite Check:  
Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

Please refer to the current Western Academic Calendar to confirm your prerequisites and/or antirequisites: www.westerncalendar.uwo.ca.
A. COURSE DESCRIPTION:
The primary definitions and principles of rehabilitation sciences will be covered. Practices of rehabilitation professionals will be investigated within an evidence-based context. This is a team-taught course, with each instructor responsible for one section topic.

B. LEARNING OBJECTIVES:
The goal of this course is to introduce learners to rehabilitation practices and professions, with a focus on Communication Sciences & Disorders, Occupational Therapy and Physical Therapy.

Therefore, through this course the learner will:

- Define role and scope of practice for selected rehabilitation professions
- Identify the regulatory body/college for selected rehabilitation professions
- Explain common, evidence-based, therapeutic approaches to rehabilitation
- Practice reflective writing skills
- Practice knowledge translation and peer teaching skills through a novel video assignment
- Communicate knowledge through written (e.g. assignments, exams) and oral (e.g. video presentation) formats

C. ATTENDANCE AND PARTICIPATION
Learners are expected to attend and participate in lectures. As a class, you have the right to a creative and respectful learning environment that promotes knowledge acquisition and skill mastery. To achieve this, you have the collective responsibility to engage in behaviours that demonstrate respect for and collaboration with your fellow learners and teachers. This includes:

- **Punctuality** – arrive prior to the start of a lecture and, when required, enter or exit lectures quietly and discretely so as not disrupt your colleagues.

- **Nourishment/Well-being** – please consume food/beverages as needed to sustain learning throughout the evening in a manner that is not disruptive to your colleagues. This includes consuming lidded beverages and ‘quiet’ food and disposing of any waste in the bins provided to keep our learning environment clean.

- **Technology** - using personal technologies, such as phones and laptops, quietly and in a manner that enhances, not detracts from, the learning environment. For example, ensure that phones do not make audible noise during class (i.e., set ringers to silent mode) and that conduct on mobile devices is not disruptive to peers (i.e., seek out information related to course materials and learning objectives unobtrusively).

- **Late/Missed submission of assignments**: Students are expected to submit
assignments by the due dates. Late submission of assignments will be result in a penalty of 5% for every day after the deadline. Assignments will not be accepted 5 days after the deadline and the students will receive a grade of ‘0’ (zero) for that assignment.

D. LECTURE BLOCKS (DATES AND BLOCKS TO BE FINALIZED)

1. January 3 to January 24: PT/OT/CSD - TBD
2. January 31st to February 28th: PT/OT/CSD - TBD
3. March 7th to March 28th: PT/OT/CSD - TBD

* No class on Feb. 21 (Family Day/Reading Week)

E. COURSE MATERIALS

Necessary course information will be posted to OWL, including selected readings for which learners are responsible for accessing the reading through OWL, the library or another source. Selected readings are examinable content for the purpose of this course. **There is no required textbook or reference material to purchase for this course.** Learners are encouraged to seek resources related to PT/OT/CSD (example: respective textbooks, journals and readings online) to supplement their learning. Resources can be accessed based on the content covered in the lectures. The required links to resources will be provided by the instructors in the lectures.

F. EVALUATION

Exams (60%)

A discipline-specific section exam concludes each lecture block, and **each exam is worth 20% of your final grade.** Exams are non-cumulative. Format may include multiple choice, short answer, matching, fill in the blank. Emphasis is placed on application and synthesis of course information (i.e. not memorization of lecture slides). Each student must have a valid academic accommodation request or will receive a grade of zero (0) for a missed exam. All exams will take place in class and **you will have 2 hours to complete each exam**, unless otherwise accommodated by academic support ([http://academicsupport.uwo.ca/](http://academicsupport.uwo.ca/))

**Note:** **there is no cumulative final exam for this course, but Exam 3 will be held during the final examination period in accordance with university regulations (i.e., no examinations within the three weeks immediately prior to the final examination period).**

1. Exam 1 – January 24th
2. Exam 2 – February 28th
3. Exam 3 – TBD (during final exam period)
Individual Assignment (20%)  
An individual assignment, where each student will be marked on the quality of the work they submit. Learners are encouraged to collaborate with peers while they develop their assignment, however each learner must submit an individual, and unique, evidence of their knowledge for grading. Assignment instructions and rubric are posted on OWL.  
• Due: April 1 by 9:30 PM

Group Assignment (20%)  
A group assignment, where all members of the group receive the same grade. Learners will select their own groups of 2-3 members. To facilitate ease of access to all group members, preparation time is provided throughout the semester during regularly scheduled course time. Refer to the course schedule, assignment outline, and marking rubric in OWL.  
• Due: April 1 by 9:30 PM

Note: Students should email the course manager (Dr. JP Raman) the details of their group by 9.30pm on January 21st 2022 (failure to do so will result in a penalty of 5% of the total marks awarded for the assignment to all the members of that group). Assignment instructions and rubric are posted on OWL.

G. USE OF ELECTRONIC DEVICES  

During Exams: Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices during ANY tests, quizzes, midterms, examinations, or other in-class evaluations.

During Lectures: Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in a particular class.

Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

H. GRADING POLICY  
The university-wide descriptor of the meaning of letter grades, as approved by Senate:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
<td>One could scarcely expect better from a student at this level</td>
</tr>
<tr>
<td>A</td>
<td>80-89</td>
<td>Superior work that is clearly above average</td>
</tr>
<tr>
<td>B</td>
<td>70-79</td>
<td>Good work, meeting all requirements and eminently satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>60-69</td>
<td>Competent work, meeting requirements</td>
</tr>
</tbody>
</table>
D  50-59   Fair work, minimally acceptable.

F  below 50  Fail

It is expected that the grades for this course will fall between 74% and 78%. In the event that the course average falls outside this range, a constant may be added (or subtracted) from each student’s grade, by the instructor, to bring the class average in line with school policy.

J. ACADEMIC CONSIDERATION FOR MEDICAL ILLNESS OR NON-MEDICAL ABSENCES

The University recognizes that a student’s ability to meet their academic responsibilities may, on occasion, be impaired by extenuating circumstances, including short-term illness or injury. Reasonable academic consideration is a cooperative process between the University, the student, and academic staff. All participants in the process must act in good faith, and fulfil their respective obligations, if it is to succeed.

Students who experience an extenuating circumstance (illness, injury, or other extenuating circumstance) sufficiently significant as to temporarily render them unable to meet academic requirements, may submit a request for academic consideration through the following routes:

i. Submitting a Self-Reported Absence form, provided that the conditions for submission are met;

ii. For medical absences, submitting a Student Medical Certificate (SMC) signed by a licensed medical or mental health practitioner, in order to be eligible for Academic Consideration; or

iii. For non-medical absences, submitting appropriate documentation (e.g., obituary, police report, accident report, court order, etc.) to Academic Counselling in their Faculty of registration, in order to be eligible for academic consideration.

Students seeking academic consideration:

• Are advised to consider carefully the implications of postponing tests or midterm exams or delaying handing in work;

• Are encouraged to make appropriate decisions, based on their specific circumstances, recognizing that minor ailments (e.g., upset stomach) or upsets (e.g., argument with a friend) are not normally an appropriate basis for a self-reported absence;

• **Must communicate with their instructors no later than 24 hours** after the end of the period covered by either the self-reported absence or SMC, or immediately upon their return following a documented absence;

• **Are advised that all necessary documentation, forms, etc. are to be submitted to academic counselling within two business days after the date specified for resuming responsibilities**

Students who experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe as to temporarily render them unable to meet academic
requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours or less. The following conditions are in place for self-reporting of medical or extenuating circumstances:

a. Students will be allowed a maximum of two self-reported absences between September and April, and one self-reported absence between May and August;

b. The duration of the excused absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30am the following morning if the form is submitted after 4:30pm;

c. The duration of the excused absence will terminate prior to the end of the 48 hour period, should the student undertake significant academic responsibilities (e.g., write a test, submit a paper) during that time;

d. The duration of an excused absence will terminate at 8:30am on the day following the last day of classes each semester, regardless of how many days of absence have elapsed;

e. Self-reported absences will not be allowed for scheduled final examinations; for midterm examinations scheduled during the December examination period; or for final lab examinations (i.e., “bellringers”);

f. Self-reporting may not be used for assessments (e.g., midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course;

g. Students must be in touch with their instructors no later than 24 hours after the end of the period covered by the Self-Reported Absence form, to clarify how they will be expected to fulfil the academic expectations they may have missed

K. USE OF COURSE MATERIALS

Course instructors own and retain the intellectual property rights of their teaching materials. These rights extend to materials used in online settings and digital learning management systems like OWL, Zoom and TopHat. Students do not have our permission to make audio or video recordings of lectures, take pictures of lecture material, or distribute any course content for nefarious purposes (E.g. for sale or to cheat on exams). It is the decision of the instructor as to how and when teaching materials can be shared or used. Unless explicitly noted otherwise, you may not make audio or video recordings of pre-recorded lectures or other course materials. Nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.

L. ADDITIONAL STATEMENTS

Student Code of Conduct:

The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at The University of Western Ontario, provide examples of
behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be imposed, and set out the disciplinary procedures that the University will follow. For more information, visit http://www.uwo.ca/univsec/pdf/board/code.pdf.

English Proficiency for the Assignment of Grades:
Visit the website: Academic Calendar - Western University (uwo.ca)

Scholastic Offences:
Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website:
Academic Calendar - Western University (uwo.ca)

Additionally, all required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

M. HEALTH AND WELLNESS

As part of a successful undergraduate experience at Western, we encourage you to make your health and wellness a priority. Western provides several on-campus health-related services to help you achieve optimum health and engage in healthy living while pursuing your degree. For example, to support physical activity, all students receive membership in Western’s Campus Recreation Centre as part of their registration fees. Numerous cultural events are offered throughout the year. Please check out the Faculty of Music web page (http://www.music.uwo.ca/), or the McIntosh Gallery (http://mcintoshgallery.ca/). Further information regarding health and wellness-related services available to students may be found at http://www.health.uwo.ca/.

If you are in emotional or mental distress should refer to Mental Health@Western Mental Health Support - Health & Wellness - Western University (uwo.ca) for a complete list of options about how to obtain help. To help you learn more about mental health, Western has developed an interactive mental health learning module, found here: Health & Wellness - Western University (uwo.ca).

N. SUPPORT SERVICES

There are various support services around campus and these include, but are not limited to:

1. Student Development Centre -- http://academicsupport.uwo.ca/
2. Student Health -- https://www.uwo.ca/health/
3. Registrar’s Office -- http://www.registrar.uwo.ca/
4. Ombudsperson Office -- http://www.uwo.ca/ombuds/
