**Abstract**

**FRANÇAIS**

En tant que professeur de l'Université de Toronto, j'explique quels sont les aspects les plus importants de mon expérience en Chine et comment ils ont influencé mon enseignement. 

**ENGLISH**

In working to develop the narrative of Chinese-Canadian history and how different aspects of Chinese culture have impacted the development of Chinese Canadians as a whole, we must assess how specifically at the impact of Chinese tea into British tea culture as well as the French-Canadian aspect of Canadian planting in China. In the context of this historical analysis, we can use the context of these practices to contextualize historical events around the Chinese-Canadian experience, as well as how it has influenced the development of Canadian history overall.

**A PARÁGRAFO**

La taza de la cultura de los chinos fue importada al Canadá desde el siglo XIX. Como la cultura del té estaba prohibida en Canadá, la importación de té de China se realiza en secreto. La exploración de las investigaciones sobre el comer de productos chinos en Canadá se centra en el análisis de la influencia del té en Canadá, el establecimiento de relaciones comerciales, y el impacto de las políticas de Canadá en el comercio del té.

**A PÁGINA**

The Dominion Act provided for the establishment of the Chinese-Canadian community in Canada. The Act allowed for the establishment of Chinese-Canadian communities in Canada and the formation of the Chinese-Canadian community in British Columbia. The Act also provided for the establishment of Chinese-Canadian communities in the other Canadian provinces.
