COURSE DESCRIPTION

French 1011 (Intermediate) is an accelerated, version of French 1010, using the same textbook and coursepack prepared by Paul Venesoën. This accelerated (0.5) course is designed for students having a limited knowledge of French who are too advanced for French 1010; it is recommended for students with a French placement test score between 46% and 55.9%. It is a continuation of French 1003 (Beginner). This course prepares students for first-year university French, (French 1910 or 1900E), and possible DELF A1 or A2 certification*.

French 1011 uses an active learning approach, calling on you to use your critical thinking skills and participate actively in the process of developing your knowledge of the French language. This will include listening, reading, writing and speaking in French. We will cover Chapters 11-20 of our textbook in French 1011. There is a weekly Language Laboratory session which supplements in-class instruction.

COURSE OBJECTIVES

By the end of the course, students will be expected to:

- be able to recognise and identify most parts of speech.
- understand sentences and frequently used expressions related to areas of most immediate relevance (e.g. personal and family information, shopping, local geography, employment).
- communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar and routine matters.
- describe in simple terms aspects of his/her background, immediate environment and matters in areas of immediate need.

* Students who successfully complete this course may be skilled enough to write either the DELF A1 or A2 French proficiency test in order to obtain a diploma certifying your French language skills. The *Diplôme d'Études en Langue Française* is a certification of French-language abilities for non-native speakers of French. These lifelong diplomas are officially awarded by the French Ministry of Education. Please consult <http://www.uwo.ca/french/undergraduate/langcourses.html> for more information.

INFORMATION ON THE LAB COMPONENT

Language Learning Centre, University College, Room 186 and Room 188

Check your timetable for the time and location of the Lab hour for your section.

The Lab component in the Language Learning Centre involves on-line exercises and active communication exercises with your lab instructor.

Room 186 can also be used for independent study on a first-come, first-served basis if you want to review any exercises on your own time. Please check the schedule on the door before entering – you cannot use Room 186 if there is a scheduled course lab session in progress.

WHAT YOU CAN EXPECT FROM US

As instructors, we commit ourselves to being on time, well-prepared, and available for consultation. We strive to create a classroom atmosphere where each student is respected and feels comfortable participating. We undertake to provide clear guidelines about what is required in the course and to apply these guidelines with fairness to all students in all sections.

WHAT WE EXPECT FROM YOU

In order to help the class function smoothly and to ensure the best possible learning conditions for all, students are asked to exercise courtesy and cooperation in the following ways:

1. **Arrive on time and stay until the class or lab is dismissed.** If you arrive late, please let the instructor know, and make sure you are counted for attendance. If you must leave early for an important reason, please let the instructor know this beforehand.
2. **Raise your hand** to indicate that you have a question or an answer to contribute. Participation is heartily encouraged, but only one person can be heard at a time. Please don't interrupt the instructor or another student who is speaking.
3. **Please don't talk to your neighbours**, even to consult about the lesson. No matter how quietly you are speaking, others, including the instructor, may find it distracting. There will be times when you are asked to work in pairs or in groups. Then, of course, you will be speaking to other students. Once the instructor announces the end of that activity, please stop your individual discussions and return your attention to the class.
4. **Come to class prepared** and equipped with necessary books and completed homework so that you can participate fully, and so that the whole class can progress at a reasonable pace. Be prepared to participate regularly in your language class or lab - you will be speaking aloud and you will interact with other students during certain exercises.
5. **If you have a concern** or dissatisfaction about the course, contact your class representative or make an appointment with your instructor to discuss the matter as soon as possible. All sections of the course receive the same course outline; thus, many aspects of the course are determined by the course director, not the individual instructor. Your instructor will refer you to the course director if your concern involves a matter that is beyond their jurisdiction.

POLICY ON CELL PHONES AND THE USE OF LAPTOP/TABLET COMPUTERS

- **The use of laptops and tablets is not allowed** in the classroom during the lecture or the lab in any section of French 1011, unless specified by the instructor or for valid, documented medical reasons.
- Please remember to always **switch off your cell phone** before entering any classroom, and please, **no texting or other cell phone activity** during class or lab. Your cooperation is greatly appreciated.

Thank you, and good luck with your year in French 1011!
