Student Absences / Missed coursework

Students must familiarize themselves with the *University Policy on Academic Consideration – Undergraduate Students in First Entry Programs* posted on the Academic Calendar:

<https://www.uwo.ca/univsec/pdf/academicpolicies/appeals/academicconsiderationSep24.pdf>

This policy does not apply to requests for academic consideration submitted for **attempted or completed work**, whether online or in person. The policy also does not apply to students experiencing longer-term impacts on their academic responsibilities. These students should consult: [Accessible Education](#).

For procedures on how to submit Academic Consideration requests, please see the information posted on the Office of the Registrar's webpage:

<https://registrar.uwo.ca/academics/academicconsiderations/>

All requests for Academic Consideration must be made within 48 hours after the assessment date or submission deadline.

All academic consideration requests must include supporting documentation; however, recognizing that formal documentation may not be available in some extenuating circumstances, the policy allows students to make one Academic Consideration request **without supporting documentation** in this course. However, the following assessments always require formal supporting documentation: the final exam (in December) and the Analyse 3.

☒ *In the case of a missed **Analyse 1 or 2** (with academic consideration without supporting documentation): the better of the two results will be retained for both assessments*

☒ *Late submissions for **Analyse 3** will not be accepted without academic considerations.*

Documentation required: *this assessment is central to the learning objectives for this course. Accordingly, students seeking academic consideration for this assessment will be required to provide formal supporting documentation through their Home Faculty. Students who are granted academic consideration for this assessment will be provided with the following opportunity: deadline extension or re-weighting to the final exam.*

☒ *If you miss the **Final Exam**, please contact the Academic Advising in your Home Faculty as soon as possible. They will assess your eligibility to write the Special Examination (a makeup Final Exam). For multiple missed final exams within one examination period, see : [Special Examinations](#).*

Note that, per University policy, supporting documentation is **always** required for academic consideration requests for examinations scheduled by the office of the registrar (e.g. December and April exams) and for practical laboratory and performance tests typically scheduled during the last week of the term.

When a student receives academic considerations or academic accommodations which overlap with the built-in flexibility of the assessment, the longest period of accommodation will determine the deadline. The built-in flexibility of the assessment should not be taken to extend any considerations or accommodations.

Copyright and Audio/Video Recording Statement: Course material produced for OWL is copyrighted and to reproduce or share this material without permission contravenes Canadian Copyright Laws.

☒ For **privacy protection reasons**, the recording of class discussions is prohibited.

All instructor-written materials (presentations, lectures) for this course are created solely for students' personal use within the course and remain the instructor's intellectual property. Further reproduction, fixation, distribution, transmission, dissemination, communication, or any other uses, without securing the consent of the copyright owner (the course instructor) may be an infringement of copyright. You may not distribute, email, or otherwise communicate these materials to any other person. These limitations extend to recording, capturing, or sharing lectures (online or in-person) and lecture material without permission. Posting the instructor's content from this course to online course sharing sites like OneClass or Course Hero without permission is both an infringement of intellectual property law and a violation of academic integrity guidelines. The instructor will pass these cases on to the Western University Ombudsperson or their Department Chair as appropriate.

Technical Requirements

This course will require you to have a reliable internet connection and a device that meets the technical requirements. Students are responsible for checking the course site (<https://westernu.brightspace.com/>) regularly. This is the primary method by which information will be disseminated. If students need assistance with the OWL site, they can seek support on the [OWL Brightspace Help](#) page. Alternatively, they can contact the Western Technology Services Helpdesk. They can be contacted by phone at 519-661-3800 or ext. 83800.

Technical difficulties

Technical difficulties are **not** considered grounds for late or absent submissions. Technical difficulties include: French keyboard issues, audio, video, lost data, internet connection, bottlenecks on busy network, etc.. If you do not receive an automatic confirmation such as "your work has been submitted successfully" after submitting an assignment, or if for any reason you are not sure your work was submitted properly, it is your responsibility to contact the instructor **immediately** and explain your difficulty. You will be requested to provide documentation (screen capture, date stamp, etc.) proving that the assignment was completed on time and that you attempted to submit it.

Statement on the Use of Generative Artificial Intelligence (AI)

- ☒ Yes, the use of Grammar checkers such as Bon Patron is permitted in this course. Students are strongly encouraged, however, to critically evaluate the grammar changes suggested using these checkers.
- ☒ No, the use of Generative AI such as ChatGPT, DeepL and Google Translate is not permitted.
Assignments should reflect the students' own thoughts, arguments, language, independent work.
- ☒ For the final exam in December, no aids are permitted. Electronic devices of any kind (including calculators, cell phones and smart watches) are not permitted.

Scholastic Offences

If unauthorized AI use is suspected, the instructor will ask for **research notes, rough drafts, essay outlines**, and other materials used in **preparing assignments**. Students are expected to **retain** these materials until after final grades have been entered. In the unlikely event of concerns being raised about the authenticity of any assignment, students may be asked to produce these materials; an inability to do so may weigh heavily against them.

Scholastic offences are taken seriously, and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, here:

<http://www.uwo.ca/univsec/pdf/academicpolicies/appeals/scholasticdisciplineundergrad.pdf>.

Statement on the use of plagiarism-checking software

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Policy on Accommodation for Religious Holidays

Students should review the [policy for Accommodation for Religious Holidays](#). Where a student will be unable to write examinations and term tests due to a conflicting religious holiday, they should inform their instructors as soon as possible but **not later than two weeks** prior to writing the examination/term test. In the case of conflict with a midterm test, students should inform their instructor as soon as possible but not later than one week prior to the midterm.

Academic Accommodation and Accessible Education

Academic Accommodation is “a means of adjusting the academic activities associated with a course or program of student in order to permit students with disabilities to participate in those activities at the University and to fulfill the essential requirements of a course or program.”

<https://www.uwo.ca/univsec/pdf/academicpolicies/appeals/Academic%20Accommodationdisabilities.pdf>.

Students with disabilities are encouraged to register with **Accessible Education** at the earliest opportunity.

“Accessible Education plays a central role in Western's efforts to ensure that its academic programs are accessible for all students” <http://academicsupport.uwo.ca/accessibleeducation/index.html>

Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found [here](#).
