

## Biological Level 1 Hazard Study Information

**Hazard:** Insert name here

**Toxicological Information:** Please see attached MSDS.

**Treatment for Exposure to Agent:** Please see attached MSDS.

### **Personal Protective Equipment:**

The following equipment must be used:

- Disposable Gloves (doubled)
- Safety glasses
- Lab coat
- Clothing covering from shoulder to toe
- Other: \_\_\_\_\_

### **Use of Hazard:**

It is recommended that biological agents at Level 1 are handled and administered in a biological safety cabinet.

**Disposal:** Infected carcasses must be sealed into a heavy plastic bag and then double bagged. The outside of the bag must be sprayed with the approved disinfectant before being taken out of the room for incineration.

Laboratory waste should be disposed of according to the hazardous waste disposal protocol.
