

Transportation of Dangerous Goods Shipments by Type

May 2002 - December 31, 2007

*Includes Roberts shipments after July 1, 2007

In 2007, twenty-four shipments regulated by Transportation of Dangerous Goods or IATA Regulations were done by Occupational Health and Safety. Twenty-three (96%) were Infectious Substances, Category 6.2 shipments and one was in the “Other” category. This does not include radioactive shipments.
