***Conference Program and On-line Registration Now Available
Register Today to Attend
Canada's Premier Retirement Income Conference!***

The ACPM National Conference is the Canadian industry event for retirement income professionals who want to share the best practices and the future directions of Canada's retirement income system. This year's conference theme, "**Shaping the Future, Delivering on the Past**", is a reflection of the changing landscape where the Canadian retirement system finds itself – charting the "new normal" while sustaining what we know.

Join your colleagues in beautiful **Victoria, British Columbia**, for the **2012 ACPM National Conference** at the **Fairmont Empress Hotel September 11 – 14, 2012**.

The Conference will provide an important forum for industry representatives to learn, network and gather fresh perspectives on the many challenging issues that exist today and the emerging potential solutions to move forward..

From the opening plenary, "**Pension Tension**", to our exciting new "**Spotlight Session**", featuring Keynote Speaker, **Gwynne Dyer**, this Conference is poised to deliver discussion, debate and dynamic presentations. There will also be the new "**Pension Hotstove**" session, an opportunity for you to have your say on controversial topics. In addition, there are the Plenary and Workshop sessions that address critical issues including:

- [The future prospects for investment yields and opportunities to enhance them;](#)
- [The evolution of the DC pension plan into a mainstay retirement vehicle;](#)
- [The rising influence of Social Media on the retirement industry;](#)
- [The collision between pensions and human rights;](#)
- [The latest strategies to mitigate financial risk in DB pension plans;](#)
- [The most recent industry developments on regulation, PRPPs and innovation.](#)

Of course, like every ACPM National Conference, you can expect an exciting and

adventurous social program to top off your visit to Victoria. The annual **ACPM Golf Tournament** will open the event on Tuesday, September 11th, at Bear Mountain Golf & Country Club, while non-golfers can enjoy a **Wine Country Safari Tour**. Then, on Wednesday evening, look forward to being entertained by **Johnny “Bagpipes” Johnston** and, on Thursday evening, a gala concert performance by Juno Award winner, **Serena Ryder** - a great finale to a wonderful and informative conference.
