4. Course Description and Design

Antirequisite: Grade 12U Spanish

Using traditional and communicative practices (songs, videos, films, games) this course prepares students to interact in a daily life context and provides the foundation for continued studies in Spanish. Intended for students with little or no knowledge of Spanish.

The course is designed to enable students to learn the basic vocabulary and grammatical structures of written and oral Spanish in order to permit the learner to communicate with Spanish speakers about everyday matters.

Spanish 1030 is a blended* (in person and virtual asynchronous) course which uses a communicative and active learning approach, calling on you to participate actively in the process of discovering the Spanish language.

Mode	Dates	Time	Frequency
In person	Depending on the section	3 hours a week	weekly
Virtual asynchronous	On your own time	1-2 hours	weekly

Virtual **asynchronous** learning refers to a teaching approach where the students study the course content independently. Materials and assignments will be provided for students to study and complete them in a given timeframe. Students will access and learn the content at the time and location of their choice.

- Asynchronous pre-work must be completed prior to in person sessions
- Participation and progress is required
- Missed online homework should be completed within 5 days, there will be a 20% penalty per day late

Class Management and course updates will be posted to OWL: <http://owl.uwo.ca>.

Course material will be available on OWL and

Sections 201 to 215 on THE SPANISH HUB <https://www.blinklearning.com>

When purchasing your textbook, you will get access to THE SPANISH HUB (www.blinklearning).

13. How to Be Successful in this Class:

Students enrolled in this class should understand the level of autonomy and self-discipline required to be successful.

1. Invest in a planner or application to keep track of your courses. Populate all your deadlines at the start of the term and schedule time at the start of each week to get organized and manage your time
2. Make it a daily habit to log onto THE SPANISH HUB, VHL and OWL to ensure you have seen everything posted to help you succeed in this class
3. Follow weekly checklists created on OWL or create your own to help you stay on track.
4. Take notes as you go through the lesson material. Keeping handwritten notes will help you learn more effectively than just reading or watching the videos. Handwriting when learning a language is essential.
5. Connect with others. Try forming a study group and try meeting on a weekly basis for study and peer support.
6. Do not be afraid to ask questions. If you are struggling with a topic, ask for help, contact your instructor(s) and or the Spanish tutors(s).
7. Reward yourself for successes. It seems easier to motivate ourselves knowing that there is something waiting for us at the end of the task.

14. Western Academic Policies and Statements

Absence from Course Commitments

[Policy on Academic Consideration for Student Absences](#)

In the interest of the health and safety of students and health care providers, you are no longer required to seek a medical note for absences this term. If you are unable to meet a course requirement due to illness you should use the [Illness Reporting Tool](#). This tool takes the place of the need to submit a medical note and the Self-Reported Absence System formally used by undergraduate students.

You are required to self-report every day that you are ill and unable to complete course commitments. Details about when you should submit missed work, the format of the missed work can be found in the Section 7. Evaluation above. Students should communicate promptly with their instructor and use this tool with integrity.

Please be aware that if the instructor considers that too many illness reports have been submitted or that the timing of the illness reports coincides always with assessments or assignments, the coordinator of the course will be notified, and further actions will be taken.

Accommodation for Religious Holidays

The policy on Accommodation for Religious Holidays can be viewed [here](#).

Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found [here](#).

Academic Offenses

“Scholastic offenses are taken seriously, and students are directed [here](#) to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offense.

Students will be able to view their results before the final submission. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and [Turnitin.com](#).

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. You must always ask permission to record another individual and you should never share or distribute recordings.

Rounding of Marks Statement

We strive to maintain high standards that reflect the effort that both students and faculty put into the teaching and learning experience during this course. All students will be treated equally and evaluated based only on their actual achievement. **Final grades** on this course, irrespective of the number of decimal places used in marking individual assignments and tests, will be calculated to one decimal place and rounded to the nearest integer, e.g., 74.4 becomes 74, and 74.5 becomes 75. Marks WILL NOT be bumped to the next grade or GPA, e.g. a 79 will NOT be bumped up to an 80, an 84 WILL NOT be bumped up to an 85, etc. The mark attained is the mark you achieved, and the mark assigned.
