THE UNIVERSITY OF WESTERN ONTARIO London Ontario

AM 3415a: Applied Mathematics for Electrical Engineering II Course Outline – Fall 2015

• Instructor: Pei Yu Email: pyu@uwo.ca, ext. 88783

Office: Middlesex College Room 283 Office hours: Tuesday, 2:30–3:30pm;

Thursday, 11:30am-12:30pm

• Lecture (001): Mon-Wed-Fri, 11:30am-12:30pm, 3M 3250

• Tutorial (002): Thur. 1:30–2:30pm, SSC 2050 Enrollment and attendance is mandatory

- **Textbook**: Advanced Engineering Mathematics by Dennis G. Zill/Warren S. Wright, 5th edition (2014), Jones & Barlett Learning, ISBN: 978-1-4496-9172-1
- Course content: This is a special course designed for electrical engineers that combines traditional topics of partial differential equations and functions of a complex variable. The topics to be covered are
 - 1. Sturm-Liouville problems
 - 2. Orthogonal series expansions
 - 3. Boundary value problems in Cartesian Coordinates
 - 4. Integral transform methods in solving partial differential equations
 - 5. Functions of a complex variable
 - 6. Integration in the complex plane
 - 7. Complex series and residues
 - 8. Comformal mapping
- Course Evaluation: 3 Quizzes $(3 \times 5\%)$; Midterm Exam. (35%); Final Exam. (50%)

• Notes:

- (i) All materials covered in lectures (some may be extra to the text), tutorials and assigned problems, up to the end of the course can be considered testable in the quizzes and exams. For this reason, students are advised not to miss classes. The problem sets are designed to enhance understanding of the lecture and to develop problem solving skills, which will not be collected and marked.
- (ii) **Quizzes** will be run in the tutorials, and each quiz will be announced in class in advance.
- (iii) Midterm Exam. will be on Friday, October 16, 7:00–9:30pm, Room: WSC 55.
- (iv) **Final Exam.** will be scheduled by the university registrar's office.
- (v) No Make-up for missed quizzes and midterm exam. will be arranged. If for a reason acceptable by the university's policy, you have to miss a quiz or the midterm exam., you need obtain a permission from the Engineering Dean's office and the instructor has to be notified of the permission in advance; in such a case, the instructor will re-weight your missed quiz/midterm to your final exam.

Log into WebCT (https://owl.uwo.ca/portal) for individual term grades, assignments, solutions to assignments/quizzes, and important announcements.

Addendum to all Applied mathematics Course Outlines

Accessibility Statement: Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x82147 for any specific questions regarding an accommodation.

If you are unable to meet a course requirement due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to your faculty's Dean's Office as soon as possible and contact your instructor immediately. It is the student's responsibility to make alternative arrangements with their instructor once the accommodation has been approved and the instructor has been informed. In the event of a missed final exam, a "Recommendation of Special Examination" form must be obtained from your faculty's Dean's Office immediately. For further information please see: http://www.uwo.ca/sci/counselling/FAQ's/dean_academic_policies.html#exams.

A student requiring academic accommodation due to illness should use the Student Medical Certificate when visiting an off-campus medical facility or request a Records Release Form (located in the Dean's Office) for visits to Students Health Services. The form can be found here: https://studentservices.uwo.ca/secure/medical_document.pdf.
