

RECORDING STUDENT PROGRESS IN RELATION TO COURSE GOALS

The following is a resource to assist in recording and tracking students' learning experiences and progress.

Evidence of Achievement of Learning Goals

Course Goal	Date	Evidence of Goal Attainment
Example: Student demonstrates ability to adhere to sterile technique when completing complex procedures.	Sept 24	Describes approaches to maintain a sterile environment. Maintains sterile procedure while performing a complex dressing change
		Recognized that she had contaminated the catheter before inserting it. Requested assistance to open another catheter package, re-cleansed, and completed the procedure in accordance with principles of asepsis.
