[Student Responsibility for Course Selection](#)

**COURSE DESCRIPTION**

This course examines some of the many moral issues to which the practice of business gives rise. Topics include: What is the nature of moral reasoning? What is the relation between business and free market capitalism? Do corporations have social responsibilities and, if so, how far do these responsibilities extend? What are the social responsibilities of corporations operating in a global context? What constitutes a just distribution of the goods and services produced by society? When is advertising ethically questionable? What rights and obligations do employees and employers have in the workplace? Do employees have the right to occupational safety and are regulations designed to protect such a right a violation of employee and employer liberty?

**LEARNING OUTCOMES**

In examining the questions and issues mentioned above, students will develop skills of critical reasoning and a way of thinking that can be applied to *all* walks of life. Specifically, they will learn to identify arguments and to assess their plausibility. They will learn to see issues from a variety of perspectives and to critically respond to claims made by others by formulating their own arguments. And they will learn about the various ethical issues to which the practice of business gives rise. The aim is to develop the ability to reflect on the practice of business from a critical, moral point of view.

### **DEPARTMENT OF PHILOSOPHY POLICIES**

The Department of Philosophy policies that govern the conduct, standards, and expectations for student participation in Philosophy courses are available in the Undergraduate section of the Department of Philosophy website <http://uwo.ca/philosophy/undergraduate/policies.html> . It is your responsibility to understand the policies set out by the Senate and the Department of Philosophy, and thus ignorance of these policies cannot be used as grounds of appeal.

### **AUDIT**

Students wishing to audit the course should consult with the instructor prior to or during the first week of classes.

### **ELECTRONIC DEVICES**

The final exam is online and open book. Students will be permitted to use the class textbook, power point slides and video lectures. No other external sources are permitted. The use of AI is strictly prohibited.

### **STATEMENT ON THE USE OF GENERATIVE ARTIFICIAL INTELLIGENCE (AI)**

“If plagiarism or unauthorized AI use is suspected, the instructor will ask for research notes and/or drafts of assignments after the assignment has been submitted. Students must keep all notes and first drafts until the assignment is returned to them.”

In this course, the use of AI (automatic translation tools, grammar checkers, ChatGPT...) is prohibited. If unauthorized AI use is suspected, the instructor will ask for **research notes, rough drafts, essay outlines**, and other materials used in **preparing assignments**. Students are expected to **retain** these materials until after final grades have been entered. In the unlikely event of concerns being raised about the authenticity of any assignment, students may be asked to produce these materials; an inability to do so may weigh heavily against them.

### **ACADEMIC ACCOMMODATION AND ACCESSIBLE EDUCATION**

Academic Accommodation is “a means of adjusting the academic activities associated with a course or program of student in order to permit students with disabilities to participate in those activities at the University and to fulfill the essential requirements of a course or program.”

<https://www.uwo.ca/univsec/pdf/academicpolicies/appeals/Academic%20Accommodationdisabilities.pdf>. Students with disabilities are encouraged to register with Accessible Education at the earliest opportunity. “Accessible Education plays a central role in Western's efforts to ensure that its academic programs are accessible for all students”

### **SPECIAL EXAMINATIONS**

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special

Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found [here](#).

### **ACADEMIC CONSIDERATION**

Students may request academic consideration in cases of extenuating circumstances – that is, personal circumstances beyond the student’s control that have a substantial but temporary impact on the student’s ability to meet essential academic requirements.

1. Requests for academic consideration are made to the Academic Advising office of Faculty in which the student is registered.
2. Requests for academic consideration include the following components:
  - a. Self-attestation signed by the student;
  - b. Indication of the course(s) and assessment(s) relevant to the request;
  - c. Supporting documentation as relevant

Requests without supporting documentation are limited to one per term per course.

Documentation for medical illness, when required, includes the completion of a [Western Student Medical Certificate \(SMC\)](#) or, where that is not possible, equivalent documentation, by a health care practitioner. Requests linked to examinations scheduled by the Office of the Registrar during official examination periods as well as practice laboratory and performance tests typically scheduled in the last week of term always require formal supporting documentation.

### **Policy on Academic Consideration – Undergraduate Students in First Entry Programs**

[https://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/accommodation\\_religious.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_religious.pdf).

### **COURSE ASSIGNMENT**

The last day of scheduled classes in any course will be the last day on which course assignments will be accepted for credit in a course. Instructors will be required to return assignments to students as promptly as possible with reasonable explanations of the instructor's assessment of the assignment.

### **Statement on the use of plagiarism-checking software**

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system.
