Description/Reason for Project: *

A partial closure of Dental Circle is required to facilitate the installation of a new underground high-voltage duct bank as part of the Bioconvergence Centre Enabling Works. The work includes excavation, installation of electrical duct bank infrastructure, backfilling, and restoration of the roadway. The partial roadway closure is necessary to provide a safe work zone while maintaining campus access.

How will the building be affected by this service disruption? *

(Ex: No water in room/s, No power in room/s, No access to washrooms in, For notification only, etc.)

- One lane of Dental Circle will be closed from July 6 to July 10, 2026.
- Vehicular traffic will be maintained using the remaining travel lane under traffic control.
- Pedestrian crosswalk within the work zone will each be closed, pedestrians will be redirected.
- Construction fencing, signage, and traffic control personnel will be in place to safely direct vehicles and pedestrians around the work area.
