

## How to export the citations of your publications from Scopus to SciVal

1. Log into SciVal and download a list of your work<sup>1</sup>.
2. In the downloaded spreadsheet, copy EIDs of all the publications, then paste them onto an empty excel file.

3. Use the “TEXTJOIN” function in Excel to merge all the EIDs into a single string, separated by “OR”: click on an empty cell, type in “=TEXTJOIN(“ OR ”, TRUE, ”, select all the EIDs in the file, then type in “)” in that cell. After pressing “Enter” on your keyboard, you will get the string needed.

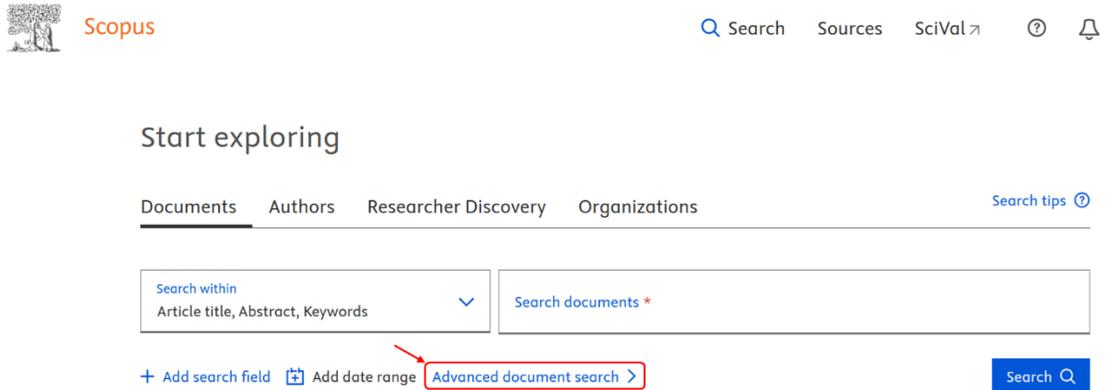

2-s2.0-85044308061	=TEXTJOIN(" OR ", TRUE, A1:A7)
2-s2.0-85075383241	
2-s2.0-85164137851	
2-s2.0-85105511847	
2-s2.0-85059829603	
2-s2.0-85051846768	
2-s2.0-85064825612	

4. Open Scopus by clicking on “Scopus” on the top menu in SciVal.

<sup>1</sup> Step-by-step guide is available in the document “How to find your publications in SciVal”.

5. Click on “Advanced document search”.
