

The Canadian Conference for Fisheries Research (CCFFR) and The Society of Canadian Limnologists (SCL) will be meeting in Windsor, Ontario this year and again be joined by The Canadian Chapter of the Society of Wetland Scientists (SWS). The overall theme for the conference is *Science for Sustainable Ecosystems, Great and Small* and we will be meeting at the magnificent St. Clair Centre for the Arts. We look forward to seeing you in the New Year.

Proposed Major Session Themes

1. Great Lakes Fisheries and Environmental Policies
2. Experimental Lakes Area (ELA) Research
3. Wetland and Land/Water Linkages
4. Aquatic Ecosystem Services
5. Genetic Diversity and Adaptation
6. Contaminants and Trophic Transfer
7. Multiple Stressors
8. Invasive Species
9. Climate Change
10. Carbon Flux and Nutrient Cycling
11. Migration, Mixing and Dispersal
12. Disturbed Ecosystems, Threatened Species and Restoration
13. Salmonids as Sentinel Species
14. General Contributed Papers

Please Note

- Activities for the plenary will include the invited Annual CCFFR J.C. Stevenson Memorial Lecture and SCL Frank Rigler Memorial Award Lecture
- The deadline for abstracts is Wednesday, October 31, 2012. Authors can make submissions for oral or poster presentations. Abstracts should be submitted to: ccffrscl2013@gmail.com
- Graduate students should apply to the Clemens-Rigler Travel Fund Applications are to be submitted to Dr. Rob Mackereth (rob.mackereth@ontario.ca) by Wednesday, October 31, 2012. Details will be posted on the CCFFR website soon.
