

Offers of Admission and Requests for Deferred Registration

OFFERS OF EARLY ADMISSION

Offers of early admission to suitably qualified applicants from Ontario Secondary Schools are to be accompanied by the following statement: "The University of Western Ontario reserves the right to withdraw the offer if the applicant fails to complete his/her year satisfactorily."

The Office of the Registrar is authorized to grant admission to clearly admissible students whose documentation is complete by the last day for adding courses in January.

SPECIAL ADMISSION TO FIRST YEAR STUDIES

The Office of the Registrar, in consultation with the dean of the student's proposed faculty of enrolment, when appropriate, is authorized to grant special admission into first year studies to applicants who do not fully qualify for admission under normal Senate regulations.

DEFERRED REGISTRATION

Students offered admission to The University of Western Ontario into first year programs may request permission to defer their registration for up to one year. Requests for deferral of registration should be received by the Registrar prior to commencement of the session for which our offer of admission was given.
