NEIMAN, Sara – Social Science

My name is Sara Neiman and I am a second year student pursuing an Urban Development degree. I am enthusiastic, passionate and never afraid to speak my mind in a crowd. I believe that my organizational skills, hospitality background and drive would benefit our school. I plan to work tirelessly to create the best possible environment for all students at Western, and I look forward to meeting many of you throughout this process.

PAHARGARH, Artika – Science

Hi! My name is Artika and I’m in my second year of Medical Science. My experience on student council, both as a USC Science Councillor and as member of the Governance Standing Committee, has cultivated my passion for advocacy and inspired me to run for this position. As part of the Board, I will exercise effective governance to defend the autonomy of Western University, protect its future, and provide stewardship to support strategic objectives.
