Land Acknowledgement Volunteer Schedule:

November 16, 2023 – Beth MacDougall-Shackleton

June 26, 2024 (retreat) – Cecil Rorabeck
June 27, 2024 – Effie Sapuridis

Dr. Christy Bressette, the Vice-Provost and AVP (Indigenous Initiatives), has indicated that it is important to remind ourselves regularly of our commitment to reconciliation and decolonisation, and to ensure that these objectives remain central in our collegial decision-making.

In the spring of 2021, the recommendation to offer a land acknowledgement was extended to the Board’s committees.

Members of the Governance and By-Laws committee were broadly supportive of this practice, while also being mindful that land acknowledgments should be meaningful and dynamic, and not simply a rote exercise.

Some suggestions for practices that might be most meaningful and relevant to the Board and committees are:

- a land acknowledgement
- a reminder of one or more of the TRC Calls to Action, particularly those relating to education
- a reminder of elements of Western’s Indigenous Strategic Plan
- a reference to local Indigenous culture or narratives

Report of the President

A. Shepard, President & Vice-Chancellor, began his report by expressing his appreciation to all those involved with convocation this year. He noted approximately 8,000 students graduated with more than 5,000 students participating in the convocation ceremonies. The University Secretariat team was recognized for the organization and delivery of the two-weeks of ceremonies.

A. Shepard continued his report by noting admissions for September are looking positive. He reported domestic student admissions are up relative to the previous year; international student admissions are down noting this is consistent across the sector in Ontario and may be the result of the ongoing delays in the approval of international student visas.

In concluding his report A. Shepard shared a number of positive news items including Western’s rise on the QS World University Rankings, the success of Western Research in attracting major research grants, continued strong student enrollment, and the success of the fundraising efforts this year.

In responding to a question regarding the delay in the issuing of student visas and the differential impact on student recruitment results for universities and colleges, A. Shepard described the differences in the student demographic for universities and colleges and the credentialling offered through colleges that provide for permanent residency in Canada sooner. Efforts by Western to begin to address the latter were noted.
AGENDA

COMMITTEE AND SENATE REPORTS

REPORT OF THE PROPERTY AND FINANCE COMMITTEE

G. Dick introduced the two items on the agenda from the Property and Finance Committee. He reported the recommendations in relation to the Tuition Anomaly Adjustments report were approved by the Property and Finance Committee and are recommended to the Board for final approval.

BG.23-90 Capital Projects Update

L. Logan, Vice-President (Operations & Finance), provided an update on the status of current major capital projects in progress including the biomedical research facility, the Ronald D. Schmeichel Building for Entrepreneurship and Innovation, and the numerous infrastructure projects underway.

She continued her report by providing updates on the projects in the planning and design phases. These included: the Bioconvergence Centre, University Drive bridge, the Gathering Hub, the engineering building, the two new residences planned for University Drive and Platt’s Lane East, 450 Talbot, and the parking structure and field house.

L. Logan concluded her report by noting the Open Space Strategy is in phase III and advised the plaza planned for the bottom of University Hill has been paused in consideration of the University Drive bridge project.

L. Logan responded to questions of clarification regarding plans for 450 Talbot and the construction plans contemplated for the University Drive bridge.

BG.23-91 Government Approved Tuition Anomaly Adjustments

A. Shepard introduced the implementation of tuition rate increases for domestic students in undergraduate Computer Science and undergraduate Management & Organizational Studies (MOS). A. Shepard described the tuition anomaly adjustment proposal process offered through the Ontario provincial government to allow for tuition rate increases for certain programs with lower-than-sector-average tuition rates for comparable programs in Ontario.

A. Shepard outlined the implementation plan noting there will be a shadow tuition rate increase applied in 2023-2024 with the actual tuition rate increases starting in 2024-2025.

R. Chelladurai, Associate Vice-President (Institutional Planning & Budgeting), further described the tuition anomaly adjustment proposal process and advised
on the support of the Deans in both departments.

In responding to questions, R. Chelladurai clarified that the proposed tuition rate increases only apply to new/incoming students. With respect to the increased rates, he advised that 10% of the incremental domestic tuition revenue goes toward needs-based student financial aid. He further advised Western uses a formula whereby 50% of the incremental tuition revenue goes back to the Faculties that teach the students.

Moved by S. Trosow, seconded by A. Chant:

That the decision regarding the increase to the tuition rates proposed in item 4.1(b) be deferred to the 2024 – 2025 budget process.

DEFEATED

K. Yeung declared a conflict of interest.

In speaking in favour of the motion to defer, members described their preference for the proposed tuition rate increases to go through the budget process to allow for broader consultation, the opportunity for Senate and the affected departments to consider the implications of the decision (i.e., academic policy), and to have a better understanding of the distribution of revenues.

Those speaking against the motion to defer raised concerns regarding the impact the delay in approval would have on implementation and suggested moving forward with the decision would not preclude the provision of additional information on the distribution of revenues.

In responding to questions about the main motion, R. Chelladurai provided information on the comparators the Ontario provincial government used in its determination of the tuition rate increases for Western; he provided information on Western’s budget for student bursaries; and he advised on the process whereby Deans would be looking at their staff/faculty complements. It was further clarified that existing students in the program will not be impacted by the tuition rate increase, the increase is for incoming students only.

Moved by G. Dick, seconded by S. Bennett:

That, on the recommendation of the Property and Finance Committee, the Board of Governors approve the implementation of tuition rate increases for domestic students in undergraduate Computer Science and undergraduate Management & Organizational Studies (MOS), as follows:

1. As approved by the Province, the allowable 7.5% increase for incoming domestic students be applied in 2023-24 to
undergraduate Computer Science and undergraduate MOS tuition rates – resulting in an increase to $6,504 in 2023-24 from $6,050 in 2022-23;

2. Given the late timing of the Government’s announcement and in order to allow the University adequate time to communicate to students and develop the necessary procedures/systems for implementation of the increased tuition rates, students will not be charged the increased tuition rates until 2024-25; and

3. The tuition rates for 2024-25 will be determined based on the 2023-24 rates.

CARRIED

Those speaking against the motion expressed concerns with the process, the potential impact on students, implications with respect to academic policy, and the lack of clarity regarding the distribution of monies that would go back to the departments.

Those speaking in favour of the motion identified the opportunity to improve programming for students noting that tuition rates have been frozen for several years.

REPORT OF THE PRESIDENT

To: Board of Governors

From: Alan Shepard

Date: September 14, 2023

Re: Quarterly report for September 2023

Dear Members of the Board,

Welcome to the 2023-24 school year. It’s been an eventful summer for Western with much positive news to celebrate as we enter the fall term. Following are some of the noteworthy developments since my last quarterly report for the Board meeting of June 29, 2023.

**Incoming class:** We are thrilled to be welcoming a first-year class of more than 6,600, including just over 600 international undergraduates. Among this year’s exciting benchmarks is our 190 first-year medical student cohort, our largest-ever medical entry class, made possible by 16 new spots funded by the province. Across campus, we rolled out a robust program that featured a range of community engagement activities and the return of three Care Hubs offering students friendly advice, wayfinding, healthy snacks, and crisis support. The Hubs were staffed by upper-year sophomores, faculty, staff, and mental health counsellors. In addition, a customized orientation program was offered to meet the needs of incoming international undergraduate, graduate and exchange students.

**Building Reconciliation Forum:** Our colleagues in the Office of Indigenous Initiatives did a terrific job helping Western play host to Indigenous people, academics, and community leaders from across Turtle Island for the eighth Building Reconciliation Forum, June 26 through 28. Organized in partnership with Universities Canada, the annual conference was part of our sector’s response to the Calls to Action from the Trust & Reconciliation Commission. Among the Forum’s highlights, the program featured many exceptional speakers and cultural presentations, and our new Wampum Learning Lodge served as an ideal venue. In-person registration for the Forum was filled to capacity and virtual registration was highly subscribed.

**Western rises significantly in QS World University Rankings:** Shortly after news of our top-10 standing in the annual Times Higher Education Impact Rankings, we learned that Western has achieved its highest-ever ranking in the annual QS survey, climbing to 114th place globally, compared to last year’s 172nd position. The dramatic increase is attributed in large measure by
Western’s strong academic reputation, high employment rate for graduates, and growing recognition for our wide-ranging work related to sustainability. We ranked second in Canada for graduate employment outcomes, and we achieved a score of 99.6 on a 100-point scale related to sustainability—eighth best in the world.

Welcome to Western’s 24th Chancellor: On July 5, I was delighted to announce that highly distinguished Western alumna Kelly Meighen (BA’71, LLD’13) will serve as our next chancellor. Kelly’s personal and family connections to Western and London run deep. Her late mother, Elizabeth Dempsey, was an alumna, and her late father, Richard Dillon, also a graduate, served as Western’s founding dean of engineering. In addition to earning her psychology degree here, Kelly has served Western in numerous volunteer roles over the years, including with the Alumni Association, Board of Governors, and as chair of the fundraising and development committee. As president of the Meighen Family Foundation, Kelly’s philanthropic leadership has had a profoundly positive impact on youth mental health, the arts, higher education, and non-profit governance. And her service as a community leader extends to several other organizations, including volunteer roles with the Centre for Addiction & Mental Health, Huron University College, McGill University, Stratford Festival, Evergreen, Jack.org, Upper Canada College, Wellesley Hospital, and Royal Conservatory of Music. We look forward to celebrating Kelly’s installation at a special ceremony on October 11.

Expanding student housing: As demand for our academic programs continues to grow, Western is proceeding with plans to build two new student residence buildings—one for undergraduates on University Drive beside Elgin Hall, the other on Platt’s Lane for a mix of graduate and upper-year undergraduates. Combined, the new facilities will house upward of 1,000 students, easing pressure to secure off-campus housing in the surrounding community. With a current capacity of 7,000 spots in eleven student residences, Western operates the largest on-campus housing system in Ontario and the second-largest in Canada. The goal is to provide high-quality, affordable accommodations for as many students as possible with a view to enhancing their learning experience. Pending Board approval later this fall, our plans aim to begin accommodating students in these new buildings as early as September 2025.

Federal government supports upgrades to physical plant: On July 13, we announced Western is receiving nearly $4.75M in federal funding for the installation of a new electric boiler that will generate steam heat and hot water for buildings across campus. While helping us slash carbon emissions by over 80 percent compared to natural gas heating, the new boiler will provide roughly 40 percent of Western’s required steam in addition to supplying heat and hot water for University Hospital. Design work is underway and installation is planned to start in 2024.

Accolades: Congratulations to the following Western community members who, among others, have received special honours and awards in recent months:

The special purpose financial statements differ from the general-purpose financial statements in the following ways:

• Replacing the KPMG general purpose audit report with a special purpose audit report, and
• Adding Note 19 to the financial statement notes, which is required disclosure to meet the reporting criteria.

There are no other changes to the financial statements presented.

ITEM 4.3(a) – Guidelines for the Identification and Appointment of External Board Members

ACTION: ☒ APPROVAL ☐ INFORMATION ☐ DISCUSSION

RECOMMENDED: That on the recommendation of the Governance and By-Laws Committee, the Board of Governors approve the revisions to the Guidelines for the Identification and Appointment of External Board Members as presented in item 4.3(a).

BACKGROUND:

The Guidelines for the Identification and Appointment of External Board Members were revised to align with the intent of the document to provide guidance in the identification and appointment of external board members. Information on the roles and responsibilities for all members is contained in the Principles of Engagement for Members of the Board of Governors as referenced in the revised document.

Proposed Amendments to the Guidelines for the Identification and Appointment of External Board Members
Guidelines for the Identification and Appointment of External Board Members

**Effective Date:** March 27, 1997 September 21, 2023

**Supersedes:** March 27, 1997

---

**THE BOARD OF GOVERNORS**

Under the terms of the *University of Western Ontario Act, 1982* (as amended, 1988), the Board of Governors of The University of Western Ontario is charged generally with "the government, conduct, management and control of the University and of its property and affairs," with the exception of those powers assigned to the Senate of the University. In other words, in non-academic matters the Board holds in trust the physical and financial assets of the institution, provides general policy direction to the President and officers of the University and oversees its operations.

The *Act* sets out the composition of the Board which includes members from inside and outside the University. Of the twenty-seven voting members, seventeen, or 63%, are external members, including members appointed by the Lieutenant-Governor-in-Council, the City of London, and the Alumni Association. Membership terms are four years, once renewable. *By law, every member of the Board must be a Canadian citizen.* External members may not be members of the governing body, faculty, staff or student body of any other degree-granting institution.

The Board of Governors appoints four external members to the Board. The overriding principle in selecting men and women *individuals* to serve on the Board is merit and experience. All candidates *members* must possess the qualifications, experience and commitment required to govern an institution of the size, complexity, and stature of The University of Western Ontario.

The *Principles of Engagement for Members of the Board of Governors* describes the individual roles and responsibilities of members of the Board.

**GUIDELINES FOR THE IDENTIFICATION AND APPOINTMENT OF EXTERNAL BOARD MEMBERS**

1. All members of the Board of Governors will be required to perform the duties defined in sections 18 to 23, inclusive, of the *University of Western Ontario Act* (1982), its by-laws, and those laws not covered by the *Act* which are
imposed by the Federal and Provincial governments and other agencies.

The duties and responsibilities of the Board include:

(a) establishing policies that ensure that the institution is accountable in the appointment of academic and administrative personnel, in the delivery of academic programs, in the control of its property and the conduct of its affairs; and monitoring the effectiveness of such policies;

(b) appointing the President and other senior officers of the University who will manage the University and implement policies set by the Board; and

(c) supporting the mission of the University and, in so doing, ensuring appropriate community/institutional involvement in planning and decision-making.

2. As Board members, individuals will be guided in their deliberations by the following mutually dependent principles: excellence, academic freedom, respect for the community of scholars, diversity, societal responsibility, accountability, selectivity in decision making, institutional autonomy, innovation, partnerships and openness. The Board as a whole must possess the skills, knowledge and experience necessary to govern a complex institution.

1. The Board should be composed of members who have:

(a) an understanding of, and respect for, the contributions of universities to the intellectual and economic vitality of Canada;

(b) a history of fiduciary responsibility and demonstrated institutional expertise;

(c) a history of involvement in community and/or institutional affairs; and

(d) a national or international perspective.

3.2. There should be The Board should appoint external members who bring a balance of perspectives, backgrounds, experience and skills among the members of the Board. These could include, but are not limited to:

(a) members of professional fields such as education, legal, finance, health care, scientific research, engineering, and marketing;

(b) senior members of the business community;
Guidelines for Identification and Appointment of External Members

(c) members of local governments;

(d) members of labour organizations;

(e) members of the artistic community; and

(f) fund raisers.

It is expected that a breadth of perspectives would enable the Board to deal effectively with:

- utilization of funds and resources;
- evaluation of the effectiveness of the University’s policies and programs in an accountability framework;
- strategic planning; and
- public relations.

4. Each member of the Board should make a strong personal commitment to protect and advance the broad interests of the University. In support of this, each member is obliged to:

- strive to increase personal skills, knowledge and expertise;
- base decisions on analysis of all available information;
- contribute to team building;
- bring the perspective of the communities they serve, but put the interests of the University above constituency interests; and
- devote sufficient time to the service of the Board.

5. When considering nominations of potential external Board members, the Board will attempt to achieve representation from a broad cross-section of the community, thereby benefitting from a diversity of ability and interest. This representation should reflect:

(a) educational institutions, legal, finance, health care, scientific research, engineering, and marketing and other professional communities;

(b) business management (financial institutions, manufacturers, resource and service industries);

---

(except that, according to the University Act, no member of the governing body, faculty, staff, or student body of any other degree-granting institution is eligible for membership)
(c) government/public sector; and

(d) diversity, including gender, race, Indigeneity, sexual orientation, gender identity and other equity-deserving groups. ethnic,– linguistic and visible minorities; Indigenous peoples; persons with disabilities.

6.4. When a vacancy on the Board is anticipated and before candidates are proposed to the Board, the Senior Policy and Operations Committee will conduct a needs assessment by analyzing the present Board against stated criteria and representation considerations. The present and future membership needs and priorities of the Board will be identified, based on the needs assessment.

7.5. For those vacancies to be filled by direct appointment by the Board, the Chair of the Board, through the following process, will identify persons capable of fulfilling the functional requirements of the Board and who best meet the objectives identified:

(a) Incumbent Board members who are eligible for reappointment will be consulted by the Board Chair to determine their interest in reappointment.

(b) Nominations from incumbent Board members will be solicited.

(c) All nominations, including those submitted with respect to earlier vacancies or statements of interest by potential candidates, will be reviewed.

(d) The Board Chair will submit to the Senior Policy and Operations Committee one or more names for each vacancy. The Senior Policy and Operations Committee will make one or more nominations to the Board, who shall elect the new member(s).

8.6. To the extent possible, the Board will ask that those entities responsible for appointing or electing other external members to the Board, in identifying potential appointees, give due consideration to the identified needs profile developed characteristics outlined in sections 1 and 2 and to any recent needs assessment provided to them by the Board.
ITEM 4.3(b) - Comparison of Western’s Practices with Council of Ontario Universities’ Leading Practices in University Board Governance

EXECUTIVE SUMMARY:

Summary of Comparison of Western’s Practices with Council of Ontario Universities’ Leading Practices in University Board Governance

In October 2022, the Council of Ontario Universities (COU) published a document titled, “Leading Practices in University Board Governance”. Its “Purpose of this Document” section on page 2 indicates that it was prepared after extensive input from the COU’s member universities and was reviewed by university governance experts from across the country. It was developed to provide assurance to sector stakeholders that effective, transparent, and responsible governance is a priority for both the boards and senior leadership of Ontario’s universities, and that universities support the articulation of, and adherence to, leading governance practices in support of their fiduciary and other responsibilities.

The University Secretariat reviewed and compared Western’s governance practices to the leading practices described in the COU document and provided a report to the Governance and By-Laws Committee. The Governance and By-Laws Committee recommended that a summary of the report be provided to the Board for information with the results of the annual Board evaluation. The intent in providing this additional information is to further identify areas for improving Board governance.

The COU document addresses governance practices under six headings:

- Board and Committee Member Recruitment, Selection, and Renewal Processes
- Board Member Roles and Expectations
- Board Education
- Board and Committee Structures and Meetings
- Board Transparency
- Board Evaluation and Continuous Improvement

Of note, the university is meeting or exceeding 47 out of the 50 recommended best practices.

Of the three remaining areas, there is an opportunity for the Governance and By-Laws Committee to review current practice and determine whether it meets or exceeds the leading practice as defined by COU or whether there is an opportunity to improve the current practice. The three areas are:

| 22. | New board and committee chairs receive an orientation on mandates and procedures. | **Meets Expectations (other than through a formal orientation session)**  
Board Chair learns through serving as Vice-Chair in most cases. While Chair orientation is not formalized, we take an apprenticeship approach: Board Chairs and Committee Chairs have practical orientation by serving on committee or as Vice-Chair prior to becoming Chair. Ad hoc support is provided to new Chairs as needed. |
| 37. | There is a process for mutual reporting of key information between the senate and the board to improve transparency, engagement, and understanding of the shared system of governance. | **Meets/Opportunity for Improvement**  
UWO Act provides for advice/recommendation of items from Senate to Board; processes are in place. Governance and By-Laws Committee annually monitors and proposes to Board opportunities to strengthen connection/relationship between Board and Senate. This is embedded in the annual work plan of the committee. |

The 2022-2023 year was one of continued recovery as we welcomed in-person visitors back to the Gallery and our exhibitions, programs, and services were delivered as planned.

We continued our focus on supporting creative projects in the community with Susan Day’s ceramic mural project. Paused during COVID, Susan resumed her preparatory production and workshops. Final installation is scheduled for later this summer at London's first officially sanctioned and newly renovated Consumption and Treatment Service Site (Carepoint) administered by The London HIV/AIDS Connection.

The McIntosh Gallery Art & Travel Committee returned to its customary fundraising activities of day excursions and extended trips. Among the destinations were several Perth County museums, Van Gogh in America at the Detroit Institute of Art, the Kent Monkman exhibition at the Royal Ontario Museum, and the architecture and archaeology of Malta and Sicily. Mary Redekop also presented courses on Northern Renaissance Painting and Impressionism in her popular series of art appreciation lectures.

You may recall that, to expand its presence in downtown London, Western purchased a large building last year and accepted our proposal for a new Indigenous gallery and program space. After conducting preliminary conversations with an architecture firm in 2022, planning is currently on hold for renovations to the building as the university reviews the impact of rising construction costs.

Environmental control is essential to the care and protection of the broad range of media in the art objects entrusted to our care. I am delighted to report that, after two years of planning complicated by the pandemic, we now have a new heating, ventilation, and air conditioning unit in the Collection Vault.

The art community was deeply saddened to learn of the unexpected passing of former McIntosh Gallery Director James Patten in June 2022. James had retired in November 2021 after 11 years of service at Western. He will be remembered for his unwavering support of artists through exhibitions, purchases of their work, and recommendations for grants and competitions. He actively pursued strategic acquisitions, especially by women artists, to improve the McIntosh Collection holdings, and collaborated with various community organizations to realize exhibitions and public art installations. He also initiated the website A Driving Force featuring women artists, collectors, donors, writers, administrators, educators, and volunteers in the London art community since 1867. As I write, the search is underway to hire a new permanent Director.

Teaching, learning, and creative activity are at the heart of everything we do. In the following report, you will find detailed accounts of our projects throughout the year.

Many thanks to all our donors, funders, exhibiting artists, guest curators and writers, volunteers, and the staff who made this remarkable year possible.

Catherine Elliot Shaw
Acting Director
As in previous recent years, the ability to develop our collection continues to be limited by a lack of appropriate storage space. This lack of space impacts the scale and nature of work that we can consider for acquisition, limiting us to work that is small or that can be stored compactly. Nevertheless, in keeping with our Collection Policy, we have succeeded in acquiring several new works by Indigenous artists and artists of colour that help us to achieve our goal developing a collection that more accurately represents the population and history of our region. In addition, we have acquired work by notable regional artists, building on our existing holdings of their work and allowing us to more comprehensively represent their creative output.

Five prints by London, Ontario-based artist Mathias Muleme represent the first examples of his work to enter the McIntosh Gallery Collection. *Dance I* and *II* and *Play* were created using collagraph, a technique in which paper, cardboard, or other substrates are glued together and carved into, creating a plate which can be either inked or left clean and run through a press to create an embossed image. *Gossip* and *Courtship* are intaglio etchings, printed on paper. The imagery of these works reflect the artist’s African heritage.

*Dancing Bear* by Abraham Anghik Ruben is an extraordinary example of a common motif in Inuit carving. The beauty of the work comes from both its elegant form and the exquisite Brazilian soapstone from which the sculpture is carved. This work is the largest Inuit sculpture in the McIntosh Gallery Collection.

*Sohelia Esfahani’s The Immigrants: Canada 150* is a wall-mounted installation comprised of 65 collected
ceramic plates, some with custom decals added by the artist. Esfahani has re-imagined the painting The Immigrants by the Group of Seven artist Fredrick Varley with the plates corresponding to the many faces in the original historic painting. This is the first example of her work to enter the McIntosh Gallery Collection.

Study for Map of North America, Feb. 12/73, a watercolor and ink work by London, Ontario artist Greg Curnoe (1936-1992), joins his two related prints of maps of North America in the McIntosh Gallery Collection. To fulfill a 1972 commission for The Journal of Canadian Fiction, Greg Curnoe produced a series of drawings as a tangible expression of his long-held anti-American sentiment. This now iconic Curnoe image, later produced in lithographs and fired clay, consistently eliminates the United States completely from the North American continent, depicting instead Canada’s southern border to be with Mexico. Otherwise, it accurately represents the surrounding countries and islands.

A significant donation of 62 drawings by London, Ontario artist Tony Urquhart (1934-2022) was added to the McIntosh Gallery Collection in 2022. Donated by the artist’s wife Jane Urquhart to commemorate his long-standing relationship with McIntosh Gallery, these works enhance the research potential of the gallery’s existing Urquhart holdings. Included in this donation are working drawings for larger projects, including several of the box sculptures that the artist was well known for, proposals for outdoor monuments and other projects, as well as landscape and architectural drawings, and all displaying Urquhart’s characteristically delicate yet complex line quality.

McIntosh Gallery’s ArtShare program places works of art from the Collection into public spaces on campus for the enjoyment and education of students, staff, faculty, and visitors. Currently, there are over 700 works on display. Revenue generated from rental fees and art services is used for Collection maintenance. The retirement of our Collections Manager has resulted in a temporary pause in the program.

BELOW: The View From Here, installation view.
This year McIntosh Gallery presented an exciting program of exhibitions that attracted the attention of diverse members of the London community, both on campus and off. For the past two years we have presented fewer exhibitions but have run them for longer periods of time and, as a result, gallery programming has reached a broader audience, especially on campus. We received numerous requests for exhibition tours as well as requests to hold classes and workshops in response to the exhibitions. These requests have come from various departments and faculties, including some who admit to never having visited the Gallery before. In addition, I have noticed an increase in repeat requests from faculty members who inquire about future programming in order to incorporate gallery visits into their course syllabi along with related scholarly material.

The fiscal year began with the stunning exhibition *Insect as Idea* (April 28 – June 8) co-curated by McIntosh Gallery Curator Helen Gregory and Nina Zitani, Curator of the Zoological Collections in the Department of Biology along with students in the Curatorial Practicum class in the Department of Visual Arts Museum and Curatorial Studies program. This extremely popular exhibition brought work by contemporary artists into conversation with the stunningly beautiful collection of historic Riker butterfly mounts from Western’s Zoological Collections. Included in the exhibition were Ojibwe artist Carl Beam, Métis artist Christi Belcourt, filmmaker Catherine Chalmers (New York), Andrea Cooper (St. John’s), Aganetha and Richard Dyck (Winnipeg), Jude Griebel (Calgary/Brooklyn), Miami-based collective The Institute of Queer Ecology, Jennifer Murphy (Toronto) and Amy Youngs (Columbus, OH). Collectively, the project encouraged us to consider the importance of insect biodiversity as an indicator of the health of ecosystems, whether thriving or imperiled, as well as human impact on these ecologies. A well-attended panel discussion hosted on Zoom featured several of the artists as well as co-curator Nina Zitani, who provided a scientific perspective in counterpoint to the discussion of the various art practices.

During the summer, we held two thesis exhibitions by graduate students in the Department of Visual Arts. From June 30 – July 30, we hosted PhD candidate Ashley Snook’s thesis exhibition *NODES*, which considered concepts of animality, kinship and interconnectivity. Through her work, Snook seeks to decenter humanness, allowing space for contemplation, grief, and imagination through sensorial participation in seeing, smelling, touching, and hearing. Using sculpture, drawing, video, and experiential installation, Snook’s project provided an opportunity for viewers to reconnect to a sense of animality and the surrounding biosphere by promoting kinship between species, and problematizing current human-centric perspectives.

Snook’s mixed media installation was followed by MFA candidate Michelle Paterok’s evocative and atmospheric exhibition of paintings, *At Dusk* in the West Gallery from August 11 – September 10. In her painting practice, Michelle Paterok considers how spaces are experienced subjectively, how these experiences are reconstructed in our memories, and how painting can be used to capture that subjectivity. In addition, she asks what role painting might play in addressing the environmental urgencies of the present moment. By seeking out the poetics of the everyday, Paterok’s work quietly appreciates and mourns its impermanence. In an effort to counteract both personal and collective anxiety, Paterok’s thesis exhibition gestured towards finding beauty in that which is often be overlooked.
In the East Gallery, we presented Moysés Zuñiga Santiago’s Migration Stories Whispered in My Ear / Me Susurran Al Oído Historias de Migrantes, curated by PhD candidate Anahí Gonzalez. This installation of photographic work by Mexican photojournalist Moysés Zuñiga portrayed the violence and injustice of undocumented migration. Zuñiga’s firsthand accounts from his travels along the migratory routes in Mexico create a visual testimony of the often-forgotten journey from the southern border between Mexico and Guatemala to Mexico’s northern border with the United States. The exhibition was based on SSHRC-funded research by Professor Sarah Bassnett of the Department of Visual Arts, Western University.

The fall semester was largely devoted to our major exhibition Hunter Gatherer (September 22 to December 10), a meditation on the complex network of relationships between hunting and collecting in the context of the museum. With an emphasis on representations of the animal body, artists Nicholas Crombach (Kingston), Emily Jan (Edmonton), Philippa Jones (St. John’s), and Meryl McMaster (Chelsea) considered this dynamic from art historical and postcolonial perspectives. The exhibition created points of intersection through references to sport hunting; acquisition, power, and dominance; decadence and excess; still life and vanitas painting; and institutional critique. The work in this exhibition also encouraged viewers to reflect on past and present relationships with animals in an age when we are increasingly attuned to the notion of interspecies relations and kinship. We experienced high attendance for this spectacular, and deeply affecting exhibition. The Gallery also hosted a well-attended
panel discussion on Zoom in partnership with the Western University Department of Visual Arts Art Now! Speakers’ Series. Moderated by curator Helen Gregory, the discussion featuring moving presentations by the exhibiting artists.

In January, we opened *Stories We Tell Ourselves* featuring Canadian and international artists Aseel AlYaqoub (Kuwait), Sameer Farooq (Toronto) & Mirjam Linschooten (Amsterdam), Jacqueline Hoàng Nguyên (Stockholm), and Emii Alrai (Leeds). This group exhibition, guest curated by Matthew Kyba, questioned how the museum’s history as a colonial tool for Western pedagogy influences the stories we tell. To Illuminate the unseen politics within the display systems and political agendas of cultural institutions, the four featured artists/artist duos appropriated various museological practices—collection, didactics, video, sculpture, presentation techniques and artifacts—to question how such institutions dictate politicized stories. The pertinent subject matter addressed in this exhibition made it an excellent focus for visiting classes from Museum and Curatorial Studies, Public History, and SASAH. Once again, we partnered with the Department of Visual Arts Art Now! Speakers’ Series to present an engaging panel discussion, moderated by guest curator Matthew Kyba.

The final exhibition of the year was *The View From Here*, curated by Jennie Kraehling, the inaugural Curator in Residence generously funded by the Flora J. Tripp Memorial Fund in memory of Maurice Stubbs. The exhibition brought together artworks from the McIntosh Gallery permanent collection that evoke a particular perspective, moment in time, landscape, or space, with each artwork providing a window through which the artist transports the viewer to a physical place or a psychological state of mind. The diverse artworks included in the exhibition offered intimate views of home, illusions of space, snapshots of daily life and meditations on cherished landscapes. Observations on the passage of time were captured through shifts in light, diary-like notations, and the repetition of images. The exhibition included work by Shuvinai Ashoona, Barbara Astman, Florence Carlyle, Jack Chambers, Greg Curnoe, Murray Favro, Roly Fenwick, William Kurelek, Kim Ondaatje, Gillian Saward, Michael Snow, Tony Urquhart, Bernice Vincent, and Jeff Wall.

Skawennati’s exhibition *From SkyWorld to Cyberspace*, guest curated by Matthew Ryan Smith for McIntosh Gallery in 2019, continues to evoke interest. The exhibition toured to The Judith and Norman Alix Art Gallery in Sarnia from October 7, 2022 to March 18, 2023. We also received a request from the Illingworth Kerr Gallery at the Alberta University of the Arts, Calgary for later this year. It is noteworthy that the accompanying exhibition catalogue continues to circulate. Copies were provided to the aforementioned galleries, and it has also entered the library at The Metropolitan Museum of Art.

To continually keep our community and supporters safe during intermittent public health advisories, outreach endeavours such as artist talks continued to be hosted virtually throughout 2022-23. Throughout the year, lectures and panel discussions hosted in collaboration with the Department of Visual Art’s Art Now! Speakers’ Series were recorded for asynchronous viewing, ensuring expanded access to all, in perpetuity. The ability to host these kinds of events virtually also afforded the gallery the opportunity to engage and feature a diverse range of artists from outside of our region, including those living overseas. Fortunately, the gallery was able to restore its robust offering of staff-led exhibition tours throughout 2022-23, with a high level of enthusiasm from community groups and University partners alike.

Throughout Summer 2022, McIntosh Gallery hosted its second annual Curatorial and Outreach Assistant intern, made possible through the Canadian Museum Association’s Young Canada Works program. With mentorship from gallery staff, intern Hailey Mitchell learned new skills in creative research, curatorial practice, and arts administration through the development of her virtual exhibition *Life in Colour*. This program offered a study of images of the home in Canadian art. This virtual exhibition explored the communicative potential of colour and its multiple manifestations throughout Canadian art and featured work by artists William Perehudoff, Noni Kaur, Patryk Tom, and Burton Kramer. Concurrently, McIntosh Gallery was also pleased to host a Collections Assistant intern, Megan Goddard, who worked closely with Collections Manager Brian Lambert to adopt new skills and best practices for acquisition processing, including cataloguing, documentation, and collection inventory tracking.

The McIntosh Gallery Art and Travel Committee, a volunteer group who organizes excursions to museums, galleries, and cultural sites worldwide, officially restored their operations throughout 2022-23, hosting an array of day trips throughout Ontario, and a popular art historical lecture series. The group also began planning more extensive international trips, to be offered in the coming months.

In Fall 2022, we opened the highly anticipated group exhibition *Hunter Gatherer*, a meditation on the complex network of relationships between hunting and collecting in the context of the museum. In Fall 2022, a panel discussion featured exhibiting artists Nicholas Crombach, Emily Jan, and Philippa Jones, who discussed their works on display, as well as their overall practices with virtual attendees. In early 2023, guest-curated *Stories We Tell Ourselves* launched and also featured a popular panel discussion. Moderated by Matthew Kyba, the event saw Sameer Farooq, Jacqueline Hoàng Nguyễn, and Emii Alrai discuss their research, seeking to unpack the museum’s colonial past and contemporary relevance. Together, they discussed how these settings shape public opinion and social understanding of different histories and social conditions.

After several years of planning and development, McIntosh Gallery, in partnership with the Regional HIV/AIDS Connection and artist Susan Day were thrilled to formally launch their collaborative community mosaic mural project at Carepoint, London’s safe consumption site. Plans were unveiled to the media and community partners at the artist’s studio, where project leaders explained its potential to address the stigma surrounding substance use and honour the lives lost to overdose and drug poisoning in our city.

Featuring artwork from William Perehudoff, Noni Kaur, Patryk Tom, and Burton Kramer, this virtual exhibition investigated the profound power of colour in art. Working across media including painting, sculpture, and photography, each artist celebrates the splendour of colour through chromatic inventiveness and thoughtful design. From vibrant hues to subdued tones and expressive to calculated forms, the featured artists adopt a range of artistic techniques and styles to highlight the transformative power of colour in art.

**Activity:** Stories We Tell Ourselves Opening Reception  
**Partners:** N/A  
**Brief Project Description:** Guest curated by Matthew Kyba, Stories We Tell Ourselves questions how the museum’s history as a colonial tool for Western pedagogy influences the stories we tell. To elucidate the unseen politics within the display systems and political agendas of cultural institutions, the four featured artists/artist duos appropriate various museological practices—collection, didactics, video, sculpture, presentation techniques and artifacts—to self-referentially question how such institutions dictate politicized stories. Featuring work by Aseel AlYaqoub, Sameer Farooq & Mirjam Linschooten, Jacqueline Hoàng Nguyên, and Emii Alrai, this exhibition undermines the museum’s colonial past and current pedagogy by probing how these settings shape public opinion and social understanding of different histories and contemporary conditions.

The 2022-2023 year was a great year for growth at McIntosh Gallery. As in 2021-22, the Gallery’s website and social media channels acted as extensions to our exhibition space due to intermittent facility closures. Expanded digital projects, exhibition spotlights and other virtual programming posted to our website and social media channels generated a noticeable increase in online engagement, garnering over 48,373 impressions throughout the year.

In early 2023, the Gallery was thrilled to formally announce the launch of Susan Day’s collaborative mosaic mural presented in partnership with the Regional HIV/AIDS Connection. Commissioned by past McIntosh Gallery Director, the late James Patten, this public artwork aims to address stigma and loss related to London’s ongoing opioid crisis. To be presented officially to the public as an entrance to Carepoint, London’s first supervised consumption service, in Summer 2023, the mural will feature over 10,000 tiles handcrafted by Day, alongside people who use substances and community members impacted by the ongoing opioid crisis. The formal project launch was hosted at Day’s studio, where Mayor Josh Morgan, Acting Director Catherine Elliott Shaw, and RHAC’s Sonja Burke announced the project to media partners, explaining its potential to address the stigma surrounding substance use and honour the lives lost to overdose and drug poisoning in our city. Articles highlighting this project were published in CBC, CTV News, the London Free Press, on London Morning and via Western News.
The 2022-2023 Annual Campaign raised crucial funding to support our exhibitions, programs, and publications.

ITEM 4.5(a) – Revisions to MAPP 1.52 – Policy on Gender-Based and Sexual Violence

ACTION: ☒ APPROVAL  ☐ INFORMATION  ☐ DISCUSSION

RECOMMENDED: That, on the recommendation of the Senior Policy and Operations Committee, the Board of Governors approve the amendments to MAPP 1.52 – Policy on Gender-Based and Sexual Violence as outlined in item 4.5(a).

EXECUTIVE SUMMARY:

A review of Western's Policy on Gender-Based and Sexual Violence (MAPP 1.52, the “Policy”) is required every three years under the Ministry of Training, Colleges and Universities Act.

The current review proposes changes to the Policy established in May of 2020. Both graduate and undergraduate student leaders participated in the review. The revisions made to the Policy and its accompanying Procedure were based on recommendations from both the Action Committee Report and the Independent Review Report submitted to President Alan Shepard in 2022. Prevention and response staff also suggested changes in alignment with best practices as adopted by other institutions and recommended in Canadian case law, and on feedback gathered from the University community throughout the past three years.

Some minor changes included editing job titles/office titles to reflect changes at Western; adding language to clarify that Respondents also have the right to seek accommodation and support throughout an investigation process; adding language to reflect the consideration of power dynamics alongside intersectionality; adding language to offer protection against retribution/retaliation against witnesses and other participants in an investigation; and clarifying that the disclosure form can indeed be completed in an anonymous way by for example using a non-Western/non-identifying e-mail address. Many of these inclusions simply codified practices that had already been adopted by prevention and response staff.

The revised procedures are provided for information.

1.00 The University is committed to providing and maintaining an environment in which Gender-Based and Sexual Violence is not tolerated. It takes seriously its responsibility to address gender-based and sexual violence that is pervasive in society through education, training, and response. This policy and its related procedures identify ways to recognize and prevent gender-based and sexual violence through policies, resources, education and community support and provide members of the University community with information to help them respond effectively to incidents of Gender-Based and Sexual Violence.

2.00 The University recognizes that Gender-Based and Sexual Violence can have serious and lasting impacts on the physical, mental, and emotional welfare of individuals who are affected by Gender-Based and Sexual Violence. The Members of the University Community will treat Survivors with dignity and respect.

3.00 This policy applies to all Members of the University Community in their interaction with other Members of the University Community.

1.11 **Incapacitated:** An inability to understand the nature of the sexual activity or appreciate the option of declining to participate in the sexual activity. C. PRINCIPLES

1.00 Gender-Based and Sexual Violence is prohibited.

2.00 Gender-Based and Sexual Violence is a serious societal problem. The University is committed to addressing Gender-Based and Sexual Violence through support, education, training and prevention programs and through the appropriate handling of Disclosures and Complaints.

3.00 The University understands that each individual's experience of Gender-Based and Sexual Violence, including the level of risk they face and how they access services and supports, is unique and can be based on, or influenced by, the dynamics of unequal power and the intersection of Gender-Based and Sexual Violence with discrimination and harassment including, but not limited to sex, ancestry, race, ethnicity, culture, language, disability, creed, age, socioeconomic status, sexual orientation, and gender expression. In particular, the University recognizes that Gender-Based and Sexual Violence often intersects with acts of racism, ableism, homophobia or transphobia. The University is committed to an intersectional approach reflective of and relevant to its diverse University Community.

4.00 Any Member of the University Community who commits an act of Gender-Based and Sexual Violence against another Member of the University Community will be held accountable in a manner that recognizes the dignity and needs of the Survivor, the health and safety of Members of the University Community and the educational mission of the University.

1 The University uses the term “Survivor” in this Policy but acknowledges that individuals may prefer other terms to define themselves in relation to their experience such as “victim” or “thrivor.”
D. REVIEW

The University will conduct a review of this Policy every three years. Every time the Policy is reviewed or amended, the University shall ensure student input is considered in accordance with any legislative or regulatory requirements.
PROCEDURE FOR POLICY 1.52 – Policy on Gender-Based and Sexual Violence

A. General

1.00 In these Procedures, reference to “the Policy” shall mean the Policy on Gender-Based and Sexual Violence.

2.00 These following procedures apply to all matters relating to Gender-Based and Sexual Violence.

B. Confidentiality

1.00 The University will treat Disclosures and Complaints of incidents of Gender-Based and Sexual Violence in a confidential manner and in accordance with the provisions of the Freedom of Information and Protection of Privacy Act and Personal Health Information Protection Act.

2.00 The University will limit sharing of information to those within the University who have a need to know the information for the purposes of implementing the Policy, including providing support, accommodation, emergency and interim measures, and the investigation and decision-making processes.

3.00 Confidentiality cannot be maintained where information needs to be disclosed in order to address a risk to the health and safety of a Member or Members of the University Community, or where required by law.

4.00 Where a Complainant files a Complaint against a Respondent, the name of the Complainant, if known, and the material allegations being made will be disclosed to the Respondent.

C. Disclosures

1.00 A Disclosure can be made to any Member of the University Community. A Disclosure by a Survivor may involve a perpetrator who is or is not a Member of the University Community. A Disclosure does not initiate a formal Complaint process.

2.00 If personal security is an immediate concern, staff at Western Safety and Emergency Services (CSES) are available on a 24/7 basis and can provide guidance, support, and response.

3.00 A Disclosure does not result in a Complaint being made and does not initiate a process to address the act of Gender-Based and Sexual Violence. The decision to make a Disclosure and the decision to file a Complaint are separate decisions to be made by a Survivor. A Survivor who has made a Disclosure is not required to file a Complaint and is not required to request or participate in an investigation by the University.

4.00 The University recognizes that some individuals may be hesitant to make a Disclosure or Complaint or participate in an investigation process in cases where they have been drinking while under-age, or were using drugs at the time the Gender-Based and Sexual Violence took place. A Survivor or witness acting in good faith who makes a Disclosure or Complaint or participates in an investigation process will not be subject to sanctions for violations of the University’s policies related to drug and alcohol use at the time that the Gender-Based and Sexual Violence took place. Furthermore, Survivors who disclose their experience of sexual violence.
Sexual Violence took place. Furthermore, Survivors who disclose their experience of Gender-Based and Sexual Violence through disclosing an incident of, making a complaint about, or accessing supports and services for sexual violence, will not be asked irrelevant questions by the University's staff or investigators, including irrelevant questions relating to the Survivor's sexual expression or past sexual history.

5.00 Any Member of the University Community who receives a Disclosure should listen to the Survivor, inform the Survivor of the Policy, and refer the Survivor to the Gender-based Violence & Survivor Support Case Manager and other available supports. For a list of supports, please refer to Schedule A of these procedures.

6.00 Members of the University Community who receive a Disclosure should refrain from judging and taking steps to address the alleged act of Gender-Based and Sexual Violence on their own initiative and outside of formal processes. Unless trained in providing counselling to those who have experienced Gender-Based and Sexual Violence, Members of the University Community who receive a Disclosure should refrain from providing counselling.

7.00 Except for healthcare providers, Health & Wellness employees, and members of the Student Emergency Response Team who receive a Disclosure in the provision of healthcare services to the Survivor, University employees, emeriti, visiting professors, contractors, affiliated persons and Student Leaders who receive a Disclosure (hereinafter called a “Disclosee”) shall follow the following steps:

How to Respond to a Disclosure Generally
(For Disclosures in Residences outside of Normal Business Hours, see below)

Step 1: The Disclosee should ask the Survivor if they are feeling safe in the current moment and address any immediate danger, including proximity of perpetrator or thoughts of self-harm or suicide. If the Survivor is concerned for their physical safety, the Disclosee should offer to call Western Special Constable Service (CSES) at 519.661.3300. All Survivors should be offered a referral to medical care, especially if they are injured, express thoughts of self-harm or suicide, or are interested in evidence collection for criminal investigation. The Disclosee should offer to call, or should refer to the Survivor, to one or more of the supports and resources listed in Schedule A.

Step 2: The Disclosee shall explain the limits of confidentiality to the Survivor. In particular,

- Emphasize that you are here to help; part of that help means connecting them with the Resource and Support Adviser on campus who can provide professional support and advice on options moving forward;
- Explain that you will be filling out an online referral to the University’s Resource and Gender-Based Violence & Survivor Support Adviser for the sole purpose of ensuring the Survivor has all of the information they need to make an informed decision; emphasize that the Survivor will get to choose what happens next. Emphasize that an online referral is confidential and that it does not mean a Complaint is filed. Your role is just make sure they have the information to inform their choices.
- Explain that if the Disclosee makes statements disclosing plans to self-harm, harm another person, or end their own life, that you may involve emergency services.

Step 3: The Disclosee shall inform the Survivor that:

- the Resource and Gender-Based Violence & Survivor Support Adviser will be contacting them with an outreach email or phone call the next business day to offer support and resources; and
- it will be up to the Survivor to decide whether they wish to access supports/resources or to submit a Complaint.
Step 4: The Disclosee shall ask for the Survivor’s email address or telephone number and shall collect the email address or telephone number of preference. The Survivor does not necessarily need to provide their University email address or telephone number. For example, the Survivor may choose to provide a non-identifying e-mail address from an external provider. The Survivor does not need to provide any identifying information for the Survivor purposes of completing the disclosure form.

Step 5: After receiving the Disclosure, the Disclosee shall complete and submit the online referral disclosure form to allow the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager to provide outreach and support to the Survivor. [Click here to access the online referral form].

Step 6: Upon submitting the form:
- the Survivor will receive an automated email from Resource and Gender-Based Violence & Survivor Support Adviser Case Manager outlining support options in the moment, if the Survivor’s email was provided; and
- the Disclosee will receive an automated email from the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager offering to schedule a meeting to debrief the Disclosure and outlining supports available to them.
- Neither the Survivor nor the Disclosee is required to respond to the automated e-mail from the Gender-Based Violence & Survivor Support Case Manager, nor will they receive further contact should they choose not to respond to the e-mail.

How to Respond to a Disclosure Outside of Regular Business Hours in Residences

Step 1: The Disclosee should ask the Survivor if they are feeling safe in the current moment and address any immediate danger, including proximity of perpetrator or thoughts of self-harm or suicide. If the Survivor is concerned for their physical safety, the Disclosee should offer to call Western Special Constable Service Campus Safety and Emergency Services at 519.661.3300. All Survivors should be offered a referral to medical care, especially if they are injured, express thoughts of self-harm or suicide, or are interested in evidence collection for criminal investigation. The Disclosee should offer to call, or should refer to the Survivor, to one or more of the supports and resources listed in Schedule A.

Step 2: The Disclosee shall explain the limits of confidentiality to the Survivor. In particular,
- Emphasize that you are here to help; part of that help means connecting the Survivor with people and resources on campus that can provide professional support and advice on options moving forward; and
- Explain that the only reason you will tell somebody is to make sure they have all of the information they need to make an informed decision; emphasize that the Survivor will get to choose what happens next. Your role is just to make sure the Survivor has the information to inform their choices. In the case of a recent incident (something that occurred within the previous two weeks) being disclosed in Residences after Normal Business Hours, let the Survivor know you will immediately the Manager Coordinator on Call know when after your conversation with the Survivor is over so they can connect them with valuable supports and accommodations, which may include a different residence room.
Step 3A: If the incident occurred within the previous two (2) weeks, the Disclosee shall inform the Survivor that the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager will be contacting them with an outreach email the next business day to offer support and resources and that it will be up to the Survivor to decide whether they wish to access supports/resources or to submit a Complaint.

Step 4A: The Disclosee shall ask for the Survivor’s email address or telephone number and shall collect the email address or telephone number of preference, not necessarily the University email address or telephone number for the Survivor.

Step 3B: If the incident occurred more than two weeks ago, the Disclosee shall:
- Inform the Survivor that the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager will be contacting them with an outreach email the next business day to offer support and resources and that it will be up to the Survivor to decide whether they wish to access supports/resources or submit a report; and
- If the Survivor does not feel comfortable waiting until the next business day, the Disclosee should offer to contact or refer the Survivor to the Manager on Call or one or more of the supports or resources.
Step 4A: The Disclosee shall ask for the Survivor’s email address or telephone number and shall collect the email address or telephone number of preference. The Survivor does not necessarily need to provide their University email address or telephone number. For example, the Survivor may choose to provide a non-identifying email address from an external provider. The Survivor does not need to provide any identifying information for the purposes of completing the disclosure form.

Step 5A: Once your conversation with the Survivor has concluded, contact the Manager on Call and let them know you have received a Disclosure. They will debrief the call with you and let you know if there are any additional steps to take. In some cases, the Manager on Call may decide to speak to the Survivor directly.

Step 5B: The Disclosee shall complete and submit the online referral form to allow the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager to provide outreach and support to the Survivor.

Step 6A: Upon completing the form:
- the Survivor will receive an automated email from the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager outlining support options in the moment, if the Survivor’s email was provided; and
- the Disclosee will receive an automated email from the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager offering to schedule a meeting to debrief the Disclosure and outlining supports available to them.
- Neither the Survivor nor the Disclosee is required to respond to the automated email from the Gender-Based Violence & Survivor Support Case Manager, nor will they receive further contact should they choose not to respond to the email.

Step 6B: Upon submitting the form:
- the Survivor will receive an automated email from the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager outlining support options in the moment, if the Survivor’s email was provided; and
- the Disclosee will receive an automated email from the Resource and Gender-Based Violence & Survivor Support Adviser Case Manager offering to schedule a meeting to debrief the Disclosure and outlining supports available to them.

in Schedule A,
supports/resources or submit a report; and
- If the Survivor does not feel comfortable waiting until the next business day, the Disclosee should offer to contact or refer the Survivor to the Coordinator on Call or one or more of the supports or resources in Schedule A.
8.00 In accordance with their professional obligations, University health care providers shall convey any Disclosure to WSCS/CSES, the police, or another person as they deem necessary for the purpose of eliminating or reducing significant risk of bodily harm to the Survivor or others, in accordance with the healthcare providers’ applicable statutory and professional obligations and restrictions.

9.00 WSCS/CSES shall notify the Gender-based Based Violence & Survivor Support Case Manager of all Disclosures received by WSCS/CSES.

10.00 Any Members of the University Community who receive a Disclosure may contact the Gender-based Based Violence Prevention Education Coordinator (Student Experience) and/or the Human Rights Services Office to receive further information in order to support the Survivor.

D. Support and Accommodations

1.00 Supports, services and/or accommodations are available to any Member of the University Community who makes a Disclosure or Complaint regardless of when or where the Gender-Based and Sexual Violence took place and whether or not a Complaint is made. Support services are available to Survivors, witnesses of Gender-Based and Sexual Violence, support persons, and Respondents.

2.00 In the case of a Survivor who is a student, they are encouraged to contact the Gender-based Based Violence & Survivor Support Case Manager or the Manager of Call/Residence Staff if living in Residence.

E. Complaints

Jurisdiction

1.00 The processes available to the University to address Complaints only apply to Complaints where:

   (i) the Complainant was a Member of the University Community at the time of the alleged incident;
   (ii) the Respondent was a Member of the University Community at the time of the alleged incident;
   (iii) the Respondent is a Member of the University Community when the Complaint is filed; and
   (iv) the subject matter of the Complaint has not been previously investigated and determined under the Code of Student Conduct or the Non-Discrimination and Harassment Policy.

2.00 If, at any time during the investigation or decision-making process, the Respondent's relationship with the University ends, the University may:

   (i) Suspend the process, with the option of reinstating it if the Respondent rejoins the University; or
   (ii) Continue with the process to conclusion, whether or not the Respondent chooses to participate.
3.00 A student who is also an employee who commits an act of Gender-Based and Sexual Violence may be subject to sanctions both as a student and an employee in accordance with the relevant collective or employment agreement and policies.

Submitting a Complaint and Intake

4.00 Members of the University Community who experience Gender-Based and Sexual Violence are not required to make a Complaint under this Policy and are not required to request a University investigation in order to receive the Supports and Accommodations outlined in section Part D. of these procedures.

5.00 Gender-Based and Sexual Violence Complaints must be made in writing and submitted using this online form or submitted directly to the Student Support & Case Management Office, Senior Advisor, Gender-Based and Sexual Violence Response (Student Experience). Complaints must:

(i) identify the Respondent;
(ii) set out the relevant facts alleged to constitute Gender-Based and Sexual Violence; and

6.00 As necessary, Student Experience or the Equity & Human Rights Services Office will provide support and reasonable accommodations to those Members of the University Community who are unable to submit complaints in writing without assistance.

7.00 If a Member of the University Community chooses to report an incident of Gender-Based and Sexual Violence to the police, it does not preclude them from making a Disclosure or submitting a Complaint under this Policy.

8.00 A Complaint against a student or visiting student Respondent shall be investigated and.
determined in accordance with the process in section Part F of these procedures. A Complaint against an employee, emeritus, post-doctoral fellow/associate, visiting professor, or contractor Respondent shall be investigated and determined in accordance with Western’s Non-Discrimination and Harassment Policy (MAPP 1.35) and the applicable collective agreement and/or employment agreement.

9.00 In the case of a Respondent who holds more than one role within the University community (for example a student who is also an employee) or in the case of multiple Respondents who hold different roles, the Provost and Vice-President (Academic), in their sole discretion, will decide which process(es) will apply in the circumstances of the particular case. In the event the Respondent(s) holds more than one role within the University community, they may be subject to more than one process and sanction.

F. Process for Resolving Complaints against Student Respondents

Application

1.00 The following complaint process outlined in this section Part F of these procedures only applies to a Complaint involving a Respondent who is a student or visiting student of the University or where the Provost and Vice-President (Academic) has determined that this process shall apply in accordance with their discretion pursuant to section Part E.8, Section 9.00.

Procedural Rights

2.00 Procedural rights set out in the following complaint process (the “Complaint Process”) apply in place of procedural rights set out in the Code of Student Conduct, the Non-Discrimination and Harassment Policy and all other University policies, including procedural rights related to notice, limitation periods, hearing entitlements and appeals.
Participation

3.00 No Complainant is required to participate in an investigation or the other aspects of the Complaint Process, including adjudication of a Complaint. However, Complainants should understand that a decision not to participate may prevent the University from investigating a Complaint and making a decision with respect to the same. The Vice-Provost (Students) or Designate may also discontinue the complaints process on a “without prejudice” basis in the event that a Complainant initiates a Complaint process then withdraws their participation from the process.

4.00 No Respondent is required to participate in an investigation or the other aspects of the Complaint Process, including adjudication of a Complaint. However, Respondents should understand that a decision not to participate will not be used against Respondents, but may nevertheless be detrimental to the Respondent and will not deter the University from proceeding with an investigation or making a decision with respect to the Complaint.

5.00 The decision not to participate in an investigation does not result in the forfeiture of appeal rights under these procedures.

Initial Review

6.00 The Vice-Provost (Students) may decline to refer a Complaint for investigation if the University does not have jurisdiction or if the allegations, if proven to be true, would not constitute a violation of this Policy.

7.00 If the Vice-Provost (Students) determines that the Complaint should be referred for investigation, the Vice-Provost (Students) shall appoint an internal or external investigator.

Emergency and Interim Measures

8.00 Upon receipt of information regarding Gender-Based and Sexual Violence and/or a Disclosure in Residence, the Associate Vice-President (Housing & Ancillary Services) or Designate may impose emergency measures on a student living in residence alleged to have committed Gender-Based and Sexual Violence in order to protect the residence community. These measures shall be defined and temporary, and shall be in place while the Vice-Provost (Students) conducts a preliminary investigation into the incident, and/or while the Survivor decides whether to file a Complaint. Despite the foregoing, temporary emergency measures shall automatically expire following ten (10) calendar days from the date the emergency measures were imposed, unless extended by the Vice-Provost (Students) or Designate, where circumstances justify the extension.

9.00 Upon receipt of a Complaint, the Vice-Provost (Students) may impose interim measures that the Vice-Provost (Students) deems to be appropriate pending completion of the Complaint Process. Such interim measures shall take into account the interests of the Complainant and the Respondent, the integrity of the ongoing investigation and the Complaint Process and the health and safety of the Members of the University Community. Interim measures are not disciplinary and do not represent a finding of misconduct.

9.10 Interim measures may include but are not limited to one or more of the following: removing a Respondent from class or residence; imposing a no-contact directive; a prohibition from attending campus or other University-owned property; suspending campus or work-related-
privileges; changing a lab schedule, moving an office to another location and/or providing an escort to the Complainant.

10.00 A Respondent who is subject to interim measures can ask the Vice-Provost (Students) to reconsider whether they are appropriate, in consideration of the factors in section 8.00. The Vice-Provost (Students) shall advise the Respondent of the reconsideration decision in writing ordinarily within three business days of the Respondent’s request for reconsideration. There is no other right of reconsideration or appeal of the decision with respect to interim measures.

12.00 Violations of emergency measures and/or interim measures shall be considered a violation of this Policy and are sanctionable under this Policy, regardless of whether the Complaint is substantiated. Violations of interim measures may also lead to the imposition of stricter measures by the Vice-Provost (Students).

Notice to the Respondent

11.00 The Respondent will be notified in writing of the investigation by the Vice-Provost (Students). The notice will:

(i) include a summary of all of the allegations;
(ii) describe any interim measures and indicate how to seek reconsideration of such measures;
(iii) append relevant documents submitted as part of the Complaint; and
identify potential sources of support.

Investigation

The Investigator will then conduct the investigation. The Investigator will ordinarily:

(i) Obtain a written response and documents from the Respondent;
(ii) interview the Complainant, the Respondent and any relevant witnesses;
(iii) produce a written summary of the interviews (e.g. produce witness statements);
(iv) gather additional relevant documents and other records; and
(v) produce a written investigation report.

Throughout the investigation, a Complainant and a Respondent may invite a support person or advisor (including legal counsel at their own expense, if applicable) to meetings with the Investigator. Such support persons and advisors are not to answer questions and are not to otherwise interfere with the conduct of the interview.

The University will consider reasonable requests for accommodation from either party in order to facilitate participation in the investigation process.

At the conclusion of the investigation, the Investigator shall prepare an investigation report in which the Investigator shall review the Complaint and determine whether the factual allegations in the Complaint have been established on a balance of probabilities.

The investigation report shall not include a determination of whether the Policy has been breached or a recommendation regarding any sanction(s).

The University is committed to the thorough and timely investigation of Complaint(s) and to keeping both the Complainant and the Respondent apprised of the status of investigations.

Decision

The investigation report will be reviewed by the Vice-Provost (Students), who will determine whether, on the balance of probabilities, Gender-Based and Sexual Violence occurred and, if
so, the appropriate sanction(s), having regard to the factors identified in section Part F, Section 21.00 below. The Vice-Provost (Students) may choose to meet with the Complainant and/or the Respondent prior to making a decision. The Respondent and the Complainant will be notified in writing of the decision and the reasons for the decision. The Respondent shall be advised of the proposed sanction(s), if any, to be imposed on the Respondent. The Complainant and the Respondent will also be notified of their right to appeal the decision.

Prior to the Vice-Provost (Students) making a final decision with respect to the sanction(s) to be imposed on the Respondent, the Vice-Provost (Students) shall meet with the Respondent to provide the Respondent with an opportunity to make submissions with respect to the appropriate sanction(s).

When imposing sanction(s), the Vice-Provost (Students) will consider the following:

(i) the Complainant’s and the Respondent’s submissions on sanction(s), if requested and provided;
(ii) the principle of progressive discipline and the University’s role as an educational institution;
(iii) the nature and the severity of the incident; and
(iv) aggravating, mitigating and any other relevant factors.

Sanction(s) may include, but are not limited to one or more of the following:

(i) a written warning or reprimand;
(ii) educational sanctions such as an apology, an educational program, an assignment or counselling;
2023.00 Following the meeting(s) identified in section Part F.12, Section 19.00 the Vice-Provost (Students) shall notify the Respondent and Complainant in writing of any sanction(s) imposed on the Respondent along with reasons for imposing the sanction(s).

2124.00 Where required by a professional licensing body, the decision of the Vice-Provost (Students)/Adjudicator and sanction(s) imposed on the Respondent may be communicated to that professional licensing body following: (i) the lapse of any appeal period identified in section Part F.22, Section 28.00 without the filing of an appeal; or (ii) the conclusion of all appeal(s) filed prior to the lapse of any appeal period identified in section Part F.22, Section 28.00.

2225.00 If requested by either the Complainant or the Respondent, the Vice-Provost (Students) shall provide access to the investigation report, including any witness statements/summaries supporting the report and any other evidence supporting the decision of the Vice-Provost (Students). Prior to receiving access, the Complainant or the Respondent, as the case may be, shall agree not to photocopy or photograph the report and shall agree to only use its contents for the purposes of considering and/or filing an appeal of the decision of the Vice-Provost (Students).
Transcripts and Registration

26.00 Suspension and expulsion are recorded on the official transcript. The suspension notation will be removed when the student graduates or five years after the last registration. The expulsion notation is permanent unless the President grants a petition for its removal. Any such petition may be made no sooner than five years after the offence. Removal of the expulsion notation from the transcript does not overturn the expulsion decision; the expulsion remains in effect.

27.00 While under investigation for serious alleged violations of the Policy that may result in suspension or expulsion, the student will not be issued transcripts directly, but, at the student’s request, transcripts will be sent to institutions or potential employers. If the student is subsequently suspended or expelled, the recipients of the transcript will be issued a revised transcript. This restriction also applies in situations where the student is no longer enrolled at the University during the investigation.

Appeal

22.00 In the event that the Complainant or Respondent wish to appeal the decision of the Vice-Provost (Students), an appeal application (the “Appeal Application”) must be filed by the Complainant or Respondent with the Secretary within two weeks after the decision with respect to the sanction(s) has been issued or, if the Policy is not found to have been breached, within two weeks after the decision in Section 19.00 has been issued. The Appeal Application must contain a copy of the decision of the Vice-Provost (Students), the grounds for the appeal, the outcome sought, and a full statement supporting each ground for the appeal, and all evidence relied upon by the Appellant in support of their Appeal Application. An Appeal Application shall be concise and shall not exceed 20 pages doubled spaced in 12-pt font.

24.00 Filing an Appeal Application will not stay the implementation of any sanction(s) imposed except where the Adjudicator otherwise orders upon application of the Appellant.

25.00 Parties to an appeal are the Complainant or Respondent appealing the decision (the “Appellant”) and the Vice-Provost (Students).

26.00 An Appellant may only raise the following grounds for appeal:

(i) New evidence not available at the time of the earlier decision has been discovered, which casts doubt on the correctness of the decision;

(ii) There was a serious procedural error(s) in the hearing of the complaint which was prejudicial to the Appellant;
(iv) The decision of the Vice-Provost (Students) of whether Gender-Based and Sexual Violence occurred was unreasonable or unsupportable on the evidence; or

(iii) The sanction imposed by the Vice-Provost (Students) was unreasonable or unsupportable on the evidence.

2732.00 Upon receipt of the Appeal Application, the Secretary shall determine whether the Appellant has identified the requisite grounds for an appeal of the decision of the Vice-Provost (Students). If the Appellant has not identified the requisite grounds for appeal in their Appeal Application or if the Appeal Application has no reasonable prospect of success, the Appeal shall be dismissed by the Secretary and the Appellant shall be notified of the decision in writing.

2833.00 In the event the Secretary determines that the Appeal Application identifies the grounds of appeal pursuant to section Part F-26, Section 31.00 and the Appeal Application has a reasonable
prospect for success, the Secretary shall provide the Vice-Provost (Students) with a copy of the Appeal Application and attachments. The Vice-Provost (Students) shall file a concise written response to the Appeal Application not to exceed 15 pages double spaced in 12 pt font, the investigation report and any other documentation and evidence relied upon by the Vice-Provost (Students) in making their decision (the "Materials") with the Secretary within ten 15 days of receiving the Appeal Application from the Secretary. A copy of the Materials shall be provided to the Appellant and the Appellant shall be given an opportunity to file a reply no longer than 10 pages in 12-pt font within ten days of receipt of the response from the Vice-Provost (Students); the reply shall only respond to issues raised in the response filed by the Vice-Provost (Students). The Appellant shall only use the Materials for the purposes of the Appeal and shall strictly follow any directions issued by the Secretary, including any requirement to sign a non-disclosure agreement, for the secure handling and disposal of the Materials.

2934.00 The Appellant and the Vice-Provost (Students) shall file all documentary evidence with the Secretary together with the appeal application, response or reply, as applicable. No documentary evidence will be accepted separate from these submissions. The Adjudicator may waive or vary these timelines and page restrictions under section Part F–38, Section 43.00 where reasonable and appropriate to do so.

3035.00 A hearing will be scheduled by the Secretary at which the Appellant and the Vice-Provost (Students) will be heard by the Adjudicator. The Secretary will give the Appellant and the Vice-Provost (Students) at least 14 days written notice of the hearing. The notice shall explain the purpose of the hearing, explain that the Appellant may be accompanied by legal counsel or another support person and describe the potential consequences of a failure to attend.

3136.00 The Complainant or the Respondent who is not an Appellant will be invited to attend to answer any questions of the Adjudicator; they shall have the option to participate via video link (or similar technology) and they may be accompanied by legal counsel or a support person.

3237.00 The Adjudicator will not in the usual course hear from witnesses other than the Complainant and the Respondent. In the event the Adjudicator determines that they need to hear from witnesses other than the Complainant or the Respondent, the witnesses will only attend the hearing to give oral evidence. If either the Vice-Provost (Students) or the Appellant believes that one or more other witnesses should attend, they shall ask the Adjudicator to invite the witnesses to attend (in writing, explaining why the witness’s attendance is necessary) at least ten days before the hearing. In the event the Adjudicator declines to invite the witness(es) to attend, the Adjudicator shall advise the parties of the decision prior to the commencement of the hearing.

33.00 The purpose of the hearing is to allow the Adjudicator to understand the basis for the Appeal and to decide whether to grant or deny the Appeal in accordance with section Part F–36, Section 41.00.
38.00  The Adjudicator has discretion to control how the hearing is conducted, but will ordinarily conduct the hearing as follows:

(i)  The Vice-Provost (Students) and the Appellant will give a short (no longer than 10 minutes) opening statement to set out their positions.

(ii) The Adjudicator will question the hearing participants (Complainant, the Respondent, the Vice-Provost (Students) and/or any other witnesses who have been invited to attend).

(iii) The Vice-Provost (Students) and the Appellant may provide questions to the Adjudicator that they would like the Adjudicator to ask any of the hearing participants (Complainant, Respondent, Vice-Provost (Students), and any witnesses).
All questions shall be provided to the Adjudicator no later than the outset of the hearing. The Adjudicator shall ask all submitted questions that are proper and that seek to elicit relevant evidence that is not already before the Adjudicator.

(iv) The Vice-Provost (Students) and the Appellant will give short (no longer than 20 minute) statements to comment on what was said at the hearing and how what was said supports their positions on the grounds raised in the appeal.

34. If either the Vice-Provost (Students) or Appellant believe that the ordinary process should be modified or believe that any particular procedure is required, they may write the Adjudicator in advance of the hearing with a request for modification. The Adjudicator shall consider the request and any objection to it and shall make a determination with respect to the hearing process with a view to conducting a fair hearing. There is no other right of reconsideration or appeal of the Adjudicator's decision with respect to the hearing process.

35. Subject to the following, the Adjudicator will consider only that evidence that was before the Vice-Provost (Students) at the time of the decision made under these procedures. Evidence that was not before the Vice-Provost (Students) will not be considered unless the Adjudicator determines that it is relevant, significant and could not have been available at an earlier stage through reasonable efforts. If additional documentary evidence is submitted, it must be accompanied by a written explanation as to why the evidence is relevant and significant and why it was not previously available. Similarly, if either party asks the Adjudicator to invite a witness whose evidence was not before the Vice-Provost (Students), the party must include in the written explanation to the Adjudicator required under section Part F.32, Section 37.00 a description about why such evidence is relevant and significant and why it was not previously available.

36. The Adjudicator may:
   (i) Deny the appeal.
   (ii) In the case of an appeal under Part F, Sub-section F.26.31.00 (i) and (ii), grant the appeal and remit the matter back with appropriate directions to the Vice-Provost (Students) and/or the Investigator.
   (iii) In the case of an appeal under Part F, Sub-section F.26.31.00 (iii) and (iv), grant the appeal and quash or vary the decision of the Vice-Provost (Students) and/or the Investigator.

37. The Adjudicator’s decision, with reasons, shall be filed with the Secretary and copies shall be sent to the parties. The Vice-Provost (Students) will notify relevant units/Faculties of the decision on a need-to-know basis. The decision of the Adjudicator is final and there is no further right of appeal.

38. The Adjudicator may waive or vary any time limits and page restrictions specified herein or adopted in any process established by the Adjudicator in a given proceeding.
The parties to the appeal have the right to be represented by legal counsel. The Adjudicator also reserves the right to retain and be represented by counsel.

The parties must bear all their own legal expenses, if any. The Adjudicator will not order the University to pay all or part of the Appellant’s costs nor will it order the Appellant to pay all or part of the University’s costs.

The Secretary shall provide administrative support and procedural advice to the Adjudicator.

Informal Resolution
47.00 The Vice-Provost (Students), in their discretion, may offer the Respondent and the Complainant the opportunity to participate in the informal resolution process in an effort to resolve the matter by mutual agreement. Informal resolution may take place after the notice of a Complaint is issued to a Respondent, but before the Vice-Provost (Students) issues a decision. The informal resolution process shall be conducted by the Director of Equity & Human Rights Services, or such other qualified staff or faculty member designated an intermediary appointed by the Vice-Provost (Students) (the “intermediary”).

48.00 In determining whether an informal resolution of a Complaint is appropriate, the Vice-Provost (Students) or Designate shall consider the following:

(i) The informed and voluntarily choice of the Complainant after receiving information about the investigation process under Part F of these procedures;
(ii) The safety of all parties and Members of the University Community; and
(iii) Power imbalances or dynamics in the relationship between the parties, if any.

49.00 In order to engage in informal resolution, the Complainant(s) and Respondent(s) must all voluntarily agree to the process. As part of their agreement, the parties will be required to enter into a written agreement drafted by the Intermediary, which sets out the terms of the informal resolution.

50.00 The University retains the discretion at any time throughout the informal resolution process to refer the Complaint to an investigation, even if one or both parties continues to be interested in resolving the Complaint informally.

51.00 Both the Complainant and the Respondent have the right to end the informal resolution process at any time prior to entering into an agreement to resolve the matter. Any informal resolution must be acceptable to the Complainant, the Respondent, and the Vice-Provost (Students) or Designate. Even if both the Respondent and Complainant agree to a resolution, the Vice-Provost (Students) or Designate must also agree with the resolution, acting reasonably, for it to be final.

52.00 Informal resolution may include but is not limited to: a mediation or facilitated conversation between the parties, an apology, a statement of acknowledgment/recognition of harm, and/or an agreement to engage in or refrain from certain conduct (i.e. agreement to attend counselling or to refrain from contacting the other party). Each informal resolution process shall be designed with the parties, considering the context of the Complaint, and may incorporate principles of restorative justice.

53.00 If a resolution is reached, the Complainant and the Respondent shall be notified in writing, and the Intermediary will confer with the Vice-Provost (Students) when creating a written memorandum memorializing the agreed upon resolution and consequences for agreement on resolution and consequences for non-compliance. This agreement will be confidentially retained by the University and will not be placed in official student or employment files except where necessary to enforce the terms of the resolution. Once the informal resolution is signed by the Complainant, the Respondent, and the Vice-Provost (Students) or Designate, the Complaint shall be considered resolved with no finding under the Policy.

54.00 If no agreement is reached within a reasonable time, the Vice-Provost (Students) shall.
issue a decision in accordance with section F. 16.00; information or Designate may refer the Complaint to investigation by someone other than the Intermediary facilitating the informal resolution process. Information learned during and directly from the informal resolution process will not be disclosed to the investigator or the Vice-Provost (Students), nor shall it be considered by the Vice-Provost (Students) when making a decision. or imposing sanctions.
G. **Anonymous Complaints or Complaints made by Someone other than the Survivor**

1.00 Although Complaints may be made anonymously or by someone other than the Survivor, the University’s ability to respond may be limited by the information available or its ability to provide a fair process to the Respondent. **In such cases, the University shall consider the information received.**

H. **Retaliation**

1.00 The University will take appropriate steps to protect a person disclosing an incident of Gender-Based and Sexual Violence or making a Complaint from retaliation. This may include, but is not limited to: advising individuals in writing of their duty to refrain from committing or threatening an act of reprisal, sanctioning individuals for a breach of that duty, enforcing non-contact arrangements or excluding an individual from campus or other University owned property. The University may also address the potential for reprisals by providing an accommodation appropriate in the circumstances. Threats of or acts of retaliation will be treated as incidents of Gender-Based and Sexual Violence.
The University may also take such steps to protect a witness or other participant in an investigation. Parties to a Complaint are prohibited from interfering with a witness’ participation in an investigation.

I. Education and Training

1.00 Through an intersectional and primary preventative lens, or preventing Gender-Based and Sexual Violence before it happens, the University will provide on-going education and awareness initiatives about Gender-Based and Sexual Violence, including, but not limited to, the exploration of body positivity/neutrality, healthy sexuality and relationship, gendered socialization and intersectionality, rape culture, consent and digital communication, impacts of violence, bystander intervention and disclosure training.

2.00 The University may, from time to time, mandate training for incoming and current members of the University community. Failure to complete mandatory training may restrict a student’s ability to fully engage with the University community and its services. In enforcing mandatory training, the University will be mindful of the possible impact on Survivors and may exempt Survivors from participating in the training as presented and provide alternative methods of engagement in training.

3.00 The University will build the capacity of the University community to address Gender-Based and Sexual Violence and play a role in ending Gender-Based and Sexual Violence in our community. As outlined in the Gender-based Violence Prevention Education Framework, the University and our campus partners will:

- Deliver evidence-informed programming;
- Commit to ongoing and rigorous assessment and research of programming to ensure continuous improvement;
- Ensure well trained, professional staff deliver content.

34.00 The University will maintain a dedicated webpage on Gender-Based and Sexual Violence which will set out particulars of initiatives and programs related to Gender-Based and Sexual Violence that promote awareness of the support and services available to Members of the University Community.

45.00 The University will provide and make available to Members of the University community, including students, Student Leaders, employees, and affiliated persons, education and.
awareness training on this Policy, on the prevention of Gender-Based and Sexual Violence, and responding to incidents of Gender-Based and Sexual Violence, with content tailored to the audience and relevant to their role and responsibility in preventing, responding to, and addressing Gender-Based and Sexual Violence.

6.00 The University will provide training on the Policy and the resolution of Gender-Based and Sexual Violence Complaints to the Vice-Provost (Students), the Adjudicator(s) and any internal investigators.

7.00 The University will provide ongoing training on the Policy to Members of the University Community who are likely to receive Disclosures or Complaints to support Survivors with dignity and compassion and to inform them of their options in a safe and supportive manner. Provide the University community with ongoing education and training about *sexual violence*, Gender-Based and Sexual Violence, including information on how to respond to the disclosure of sexual violence with dignity and compassion and to inform them of their options in a safe and supportive manner.

ITEM 5.0 – Unanimous Consent Agenda

ACTION: ☒ APPROVAL    ☐ INFORMATION    ☐ DISCUSSION

RECOMMENDED: That the items listed on the consent agenda be approved or received for information by the Board of Governors by unanimous consent.

EXECUTIVE SUMMARY:

The Board’s parliamentary authority - American Institute of Parliamentarians Standard Code of Parliamentary Procedure (formerly called Sturgis Standard Code of Parliamentary Procedure) - explains the consent agenda:

Organizations having a large number of routine matters to approve often save time by use of a consent agenda, also called a consent calendar or unanimous consent agenda. This is a portion of the printed agenda listing matters that are expected to be non-controversial and on which there are likely to be no questions.

Before taking the vote, the chair allows time for the members to read the list to determine if it includes any matters on which they may have a question, or which they would like to discuss or oppose. Any member has a right to remove any item from the consent agenda, in which case it is transferred to the regular agenda so that it may be considered and voted on separately. The remaining items are then unanimously approved en bloc without discussion, saving the time that would be required for individual votes.

A number of Canadian university governing bodies have employed the consent agenda format to include not only routine approval items, but also information items. One reason for using this format is to allow the governing body to focus on major items of business. While approval of an omnibus motion saves time at meetings, Board members will want to review the agenda materials carefully in order that they properly discharge their responsibilities.

How it works:

The Secretary identifies action and information items that are routine and/or likely non-controversial. In so doing, they may consult with the Chair of the Board, the relevant committee chair, and principal resource persons. In each Committee’s report, these items are noted in the list of items at the beginning of the report. Action and information items on the agenda that are not noted on the consent agenda will be presented singly for discussion and voting (when appropriate).

When members receive their Board agendas, they should review all reports in the usual manner. If any member wants to ask a question, discuss, or oppose an item that is marked for the consent agenda, they can have it be removed from the consent agenda by contacting the Secretary of the Board of Governors prior to the meeting or by asking that it be removed before the Chair calls for a mover and seconder for the motion to approve or receive, by unanimous consent, the items listed.
At the Board meeting, before the unanimous consent motion is presented for approval, the Chair of the Board (1) will advise the Board of items that are to be removed from the list, based on prior requests from Board members; and (2) will ask if there are any other items that should be removed from the list. The remaining items are then unanimously approved en bloc without discussion saving the time that would be required for individual presentation and voting. Those matters that have been struck from the consent agenda will be handled in the usual way as each Committee’s report is presented.

The minutes of the Board meeting will report matters approved as part of the consent agenda as “carried by unanimous consent”. Information items received as part of the consent agenda will be reported as received.

The endowment will be held at the University and managed in accordance with University policies and procedures.

Effective Date: January 1, 2012

Purpose: The gift from Cassels Brock & Blackwell LLP will support the establishment of the Cassels Brock Chair in Mining Law and Finance in the Faculty of Law, conditional upon the full $1.5 million in donor funding being secured.

The income from the endowment fund will be used to support the Chair or one of a series of graduated positions as described above. The administration of the spending of resources will be the responsibility of the Dean of the Faculty of Law.

The naming of this Chair is supported by the Dean of the Faculty of Law.

Criteria: The Chair holder will be responsible for program development. The University will commit to initiate an international search for the best possible holder of the Chair, with the intent to recruit a permanent academic Chair within a reasonable time period, subject to securing the full funding required and match. Alternatively in a discipline where few academics exist, the University will embark on a longer-term strategy of identifying the best possible legal talent at a doctoral or post-doctoral level and recruiting such individuals to specialize in mining and finance law.

Appointments to the Chair (and related positions) will be conducted in accordance with the appropriate University policies and procedures regarding Academic appointments. The Faculty of Law anticipates the first Fellow will be in place for the 2012-2013 academic year on a one (1) year contractual basis, renewable (another funder is being sought for the 2012-2013 academic year as the endowment income will not support the first payout until 2013-2014). Similarly, a
Visiting Professorship may be established at a later date as funding grows and offered on a limited term basis to be determined.

Appointments to the Chair will be for a period of five (5) years, renewable.

Reporting: The University agrees to report annually to Cassels Brock and other donors regarding the financial status of the endowments and the University, through the Faculty of Law, will report annually concerning the activities of the Chair.

ITEM 5.3(a) – Proposed Undergraduate Program Name Change at Faculty of Information and Media Studies (FIMS)

ACTION: ☒ APPROVAL ☐ INFORMATION ☐ DISCUSSION

RECOMMENDED: That on the recommendation of Senate, the Board of Governors approve the change in the name of the undergraduate program at FIMS from Media, Information, and Technoculture (MIT) to Media and Communication Studies (MCS).

EXECUTIVE SUMMARY:

Approval Process

Per MAPP 1.44, Section 6: Academic Entities, naming of academic entities must be approved by the Board of Governors on the recommendation of Senate.

The policy provides that proposed changes will be considered through the following successive bodies:

- Relevant Faculty Executive and Faculty Council
- Senate Committee on University Planning
- Senate
- Property & Finance Committee (if warranted by the financial details of the gift) – not applicable in here
- Fund Raising & Donor Relations Committee – not applicable here
- Board of Governors

Background Information:

The current undergraduate program name, Media, Information, and Technoculture, made sense in 1997, when the Faculty of Information and Media Studies offered only a single undergraduate module: Media, Information, and Technoculture. In 2023, FIMS’ undergraduate offerings have grown from major and Honours Specialization modules in Media, Information, and Technoculture, to include undergraduate modules in Media and the Public Interest, Creative Arts and Production, and Digital Communications.

The current program name, Media, Information, and Technoculture, no longer accurately captures the scope and focus of our current undergraduate module offerings. The new name will offer a more capacious, less single program specific, name that will better reflect current undergraduate modules, allow space for each of them to flourish, and for the Faculty to have space to develop future modules. Current modules would remain the same and students would still receive a Bachelor of Arts specifying the modules they have completed.
Further, the current name acts as a barrier during undergraduate recruitment, confusing prospective students and causing them to discount our program, not least because the term Technoculture is both dated and unhelpful in explaining our program. This is particularly acute for prospective international studies. Similarly, FIMS is also seeing that our graduates increasingly translate their MIT degree into categories, like Media and Communication, Communication, or Media Studies, that better resonate with future employers on platforms like LinkedIn.

In summary:

- The current overarching program name no longer accurately reflects the full scope of undergraduate offerings at FIMS.
- The current program name adversely affects undergraduate recruitment to the Faculty, which has budget implications for the entire Faculty.
- Graduates and current students feel that the program name is a barrier to explaining their expertise to others, including prospective employers.
- There would be NO change to the current undergraduate modules (MIT, MPI, CAP, and DC).

Following extensive consultation with stakeholder groups (Faculty Members, Students, Staff, Alumni, Employers, and Prospective Students), on May 23, 2023 the Faculty of Information and Media Studies Faculty Council unanimously recommended that the name of the undergraduate program at FIMS be changed to Media and Communication Studies.

Current Name and Structure:

```
  FIMS
   MIT
     MIT  MPI  CAP
```

New Name and Structure:

```
  FIMS
   MCS
     MIT  MPI  CAP
```
Consultation:

Broad consultation across the university through the AAD distribution list, which included all Associate Academic Deans and Associate Deans, Undergraduate, as well as members from the Office of the Registrar, and other Academic and Student support units on campus. Specific conversations were held with the Acting Dean of Arts and Humanities, and the Director of Writing, as these units had specific concerns related to the use of the term Communication in the proposed name. These concerns included the potential for confusion for students between Communication Studies and applied communications, which is typically taught through Writing Studies (though FIMS also offers a limited number of these kinds of courses, as might be expected of a program which was developed in a Faculty which grew, in part, out of the School of Journalism), and the possibility of this confusion resulting in negative enrolments for courses offered by writing. In the meetings and correspondence with both the Acting Dean of Arts and Humanities and the Director of Writing all parties recognize the challenges, but also are alive to and excited by the opportunities for future collaborations that this change may also bring into being. Consultations have also been undertaken with members of the Office of the Registrar, specifically in relationship to the 2023-24 recruitment cycle, in terms of next steps for recruitment materials once this change has been approved.
