The following undergraduate students have been nominated for Senate (term from July 1, 2020 – June 30, 2021). The statements and photos of candidates, if available, have been included below.

1. **McGOEY, Connor** – Huron
2. **NESTICO, Nicholas** – Huron
3. **RICKER, Libby** – Brescia

---

**McGOEY, Connor – Huron**

Subsequent to joining Huron University College in the spring of 2017, I have been looking for a way to get myself personally more involved with in heart of main campus activities. Although the various clubs and activities offered at both Huron and main campus are abundant and yield their own set of challenges for the individual, the Western Senate Committee will provide challenges not only for myself, but for the inclusion of affiliate schools to find their own voice as well. If elected, I promise to voice the concerns of the affiliate collective with both dignity and respect.

---

**NESTICO, Nicholas – Huron**

Huron, Kings, & Brescia are three greatly important pieces within the Western University family. As a student of Huron, I have the pleasure of working alongside brilliant classmates who value ethical leadership and always conduct themselves compassionately. Affiliate students share unique concerns and offer important ideas to the Western community as a whole. I strongly value communication and attentiveness and intend to make it my mission to ensure all of our voices are heard and represented with conviction. Once elected Senator for Huron/Brescia/King’s, I intend to work towards improving our student experiences by serving our greatest interests.
I’m Libby Ricker, a third year student studying Political Science and French at Brescia University College. I have not previously served in a senate position, but I have always been passionate about affecting change in the Brescia community and beyond. If elected to the senate, I will advocate for the voices of the affiliated universities, ensuring that their interests and concerns are being addressed. In my role I will also seek to represent the voices of women and non-binary individuals and the LGBTQIQ2SAA+ community on campus, ensuring a safe and supportive environment.
