S.14-70

2014-15 University Operating and Capital Budget and Western's Financial Statement [S14-36]

Responding to questions raised by some Senators about the university's budget and the extent of the surplus shown in its financial statements, Dr. A. Weedon explained that the financial statements are an audit of how the university spent its money in the previous year, while the operating budget is a forward-looking document projecting how revenues will be used to support ongoing expenses. A number of the revenue streams shown in the university's financial statements are restricted funds that cannot be used or relied on to support the institution's ongoing operating expenses. They include the revenues of self-funded units as well as income from research grants and contracts. In

addition, some of the funds come in mid-year and are not expended in the financial year covered by the financial statements. Carry-forwards located in the Faculty budgets are also included in the financial statements. Although they are funds that are earmarked for future expenditures (such as the hiring of replacement faculty) they are shown on the financial statements as unspent funds and thus appear as a surplus.

Finally, Dr. Weedon noted that the Faculty Association and the university administration will be discussing renewal of the faculty collective agreement later this year and those discussions routinely involve a review of the university's financial statements.

S.14-71 **REPORT OF THE PRESIDENT**

The President's report consisted of the announcement of the recipients of the 2014 Distinguished University Professors, 2014 Faculty Scholars and the New Canada Research Chairs. Overhead slides used to highlight his presentation are attached as [Appendix 1](#).

He also acknowledged the sudden death of former Minister of Finance, Jim Flaherty, by paying tribute to his accomplishments, noting that Mr. Flaherty had been strongly supportive of post-secondary education and research in Canada.

REPORT OF THE OPERATIONS/AGENDA COMMITTEE [Exhibit I]

S.14-72 **Nominating Committee Membership**

The following were elected as Members to the Senate Nominating Committee:

T. Sutherland (Graduate Student)(term July 1, 2014 – June 30, 2015),
MA. Andrusyszyn (HS),A. Hrymak (Dean/Engg), A. Nelson (SS) (terms July 1, 2014 – June 30, 2016)

The following were elected as Alternates on the Senate Nominating Committee:

J. Aitken Schermer (SS) (term July 1, 2014 – June 30, 2016), C. Niesel (Student)(term July 1, 2014- June 30, 2015)

S.14-73 **Notice of Motion Regarding Research Clusters** [S.14-66]

At the last Senate meeting Professor Amanda Grzyb presented the following Notice of Motion:

That the University Research Board (URB) be directly involved in the review of Letters of Intent and full applications for Western's Clusters of Research Excellence Program, and that they be entrusted to seek appropriate external peer review and consultations with the wider Western community.

In response to the notice of motion, Dr. John Capone, Vice-President (Research), provided a detailed explanation regarding the proposed adjudication process for the establishment of the new Research Clusters. The matter was also discussed at the URB meeting on April 1, 2014. Dr. Capone's letter was distributed to Senate as part of the agenda package.

Dean Weese, Chair of the Operations/Agenda Committee, noted that since the Vice-President (Research) and the University Research Board had addressed the issues raised in the notice of motion, OAC had determined that the motion would not be added to the April 11 Senate agenda.

A member indicated that she still had concerns and argued that the motion should be put on the Senate Agenda to ensure URB's decision-making position.

It was moved by J. Toswell, seconded by J. Lamarche,

That the University Research Board (URB) be directly involved in the review of Letters of Intent and full applications for Western's Clusters of Research Excellence Program, and that they be entrusted to seek appropriate external peer review and consultations with the wider Western community.

In support of the motion, it was noted that transparency of decision making as well as respect for Senate's role were at play.

In response, concern was expressed about the URB having an exclusive role in the decision making process. It was important that the URB be involved in the process but it should not be making the final decisions. Its role should be advisory. Others noted that the motion was redundant given that the response from the Vice-President (Research) included everything requested in the notice of motion.

In response to questions, Dr. Capone said the review committees would make recommendations to the Provost, the Vice-President (Research) and Deans for final decision. With respect to confidentiality and posting applications on the web, executive summaries of the LOIs would be but with care to protect propriety and confidential information of all partners involved.

The motion was withdrawn at the request of the mover and seconder.

CARRIED

S.14-81 **Revision to the Policy on Academic Records and Student Transcripts**

It was moved by B. Timney, seconded by J. Aitken Schermer,

That effective April 1, 2014 the policy on "Academic Records and Student Transcripts" be revised as shown in Exhibit III, Appendix 4.

CARRIED

S.14-82 **Revisions to the Master-level Graduate Diploma (GDip) in Professional Communication and Management**

In May 2013, SUPR-G, SCAPA and Senate approved the introduction of the Master-level Graduate Diploma in Professional Communication and Management. The diploma program was intended to complement the professional Master in Management of Applied Science (MMASc) program and share a few common courses with the MMASc. The diploma program was sent to the Quality Council for approval as a separate proposal; however the Quality Council requested that this proposal be resubmitted along with the new MMASc program proposal.

Minor editorial changes were made to the Graduate Diploma proposal to bring course numbers and titles up to date, as well as to incorporate changes to synchronize the terminology of the GDip with the MMASc proposal. The revised GDip program proposal is available upon request from SGPS.

S.14-83 **New Scholarships and Awards**

Dean Timney reported that SCAPA had approved on behalf of the Senate, for recommendation to the Board of Governors through the President & Vice-Chancellor, the Terms of Reference for the new scholarships and awards as set out in Exhibit III, Appendix 5.

REPORT OF THE UNIVERSITY RESEARCH BOARD [Exhibit IV]

S.14-84 **Vice-President (Research) Annual Report 2013**

Dr. Capone presented his 2013 Annual Report distributed as Exhibit IV, Appendix 1 with the agenda. Overhead slides used to highlight his presentation are attached as [Appendix 2](#).

ENQUIRIES AND NEW BUSINESS

S.14-85 **Western's Emergency Protocols** [S.13-142]

The Student Senators asked what changes and strategies are being implemented in order to better manage future extreme weather events since the tornado warning that occurred on September 11, 2013. Mr. John Carson, Director, Campus Community Police Service, responded that the following improvements have been introduced since that event:

- Updated siren activation procedures have been put in place and a second weather siren installed
- Utilization of building PA systems (24 buildings)
- Strategic scheduling of VISIX screen maintenance
- Better website update capability and utilization of social media
- Paging of EOCG and ERT members
- Email notification of Building Evacuation Team members
- Mass email notification
- Campus Police Vehicle PA announcements

S.14-86 **Examination Policies** [S.13-102e, S.13-152b]

Western Student Senators asked for an update on the results of the revision to the undergraduate examination policies for conflicts, particularly how the scheduling went and the number of students with conflicts. Dr. Doerksen responded that the revision to the examination policy proved positive and that approximately 100 students had had conflicts.

S.14-87 **Federal Granting Councils' Policies on Maternity Leave**

Western Student Senators asked for input from the administration on the federal granting councils' new policies regarding maternity leave for students who receive funding from these councils. It was noted that the SSCHR policy was different from CIHR's and NSERC's and they asked if Western should lobby for a policy revision at SSHRC. Dr. Nelson reported that, in his capacity as Western's SSHRC Leader, he had contacted the Vice-President of SSHRC prior to the meeting to seek his input on this issue. Dr. Herbert-Copley reported that SSHRC does have a maternity leave provision for fellowship holders. However, the provision does not extend to students being paid from a faculty member's research grant. Dr. Nelson will follow-up with SSHRC on this matter.

S.14-88 **Western Student Senators Green Office Program**

The Western Student Senators announced that they had become more "green" in their day-to-day operations and encouraged other campus groups to adopt best practices through Sustainability Western's available resources such as the Green Office Program.

Moving Forward

- Want to be counted among the best, and peers of McGill, Toronto, UBC
- Develop global prominence in areas of strength
- Take risks and increase accountability
- Increase synergies between academics, communities, governments, and industry partners
- Direct resources in a strategic manner to achieve mission and goals
- Link resources to key performance measures and expectations

Western Research

Strategic Goals

Invest selectively in interdisciplinary areas of strength

- Major new initiatives:
 - Western Clusters of Research Excellence
 - Western Research Chairs
- Multi-million-dollar investment to further develop strategic areas of research excellence to achieve and sustain global prominence and impact, and to attract established, leading researchers
- The first Cluster of Excellence, *Cognitive Neuroscience*, has been established, and the first WRC recruited
- A call for proposals for additional Clusters has been issued, and new Clusters will be identified over the next few months

Western Research

Strategic Goals

Increase national share from each Federal Tri-Council Agency

- Re-purposed internal funding programs for better alignment, flexibility and focus with institutional strategic priorities and outcome objectives
- Eligibility directly tied to success in acquiring Tri-Council funding (and/or from other major, peer-reviewed agencies)
- Overall objective of increasing research funding, intensity, relative success rates and total number of eligible faculty members holding peer-reviewed funds and multiple grants

Western Research

Recent CIHR Results

SSHRC Initiatives

- **Faculty Research Development Fund (FRDF):**
 - New fund established to assist some faculties in promoting SSHRC-related research success and build research capacity
- **SSHRC Partnership Program:**
 - To increase submission and success rates of SSHRC Partnership grants, \$35K/year is provided to each successful Western-led SSHRC partnership grant
 - New Partnership grant funded this year
 - 1 new partnership grant pending; 4 LOIs submitted
