Special Topics: METHODS OF APPROPRIATION IN THE DIGITAL AGE
AH 2690G/ MCS 2690G/ SA 2694B

Winter/2024

Course Description

This is a hybrid course in Art History, Museum and Curatorial Studies, and Studio Arts investigating methodologies of appropriation in artistic practice. Appropriation is the practice of borrowing from existing media such as advertising, film, television, video games, and other fields of visual culture in order to decontextualize the source material through manipulation, alteration, and remix. Focusing primarily on appropriation in the digital age, the course will begin with a historical and theoretical overview of artistic appropriation in the late 20th and 21st centuries. We will address ethical concerns regarding appropriation and debate on strategies for good practices in borrowing media for studio projects, as well as how they can best be incorporated in curatorial pursuits. The course will require written assignments as well as studio-based projects using still images, sound, and video. Basic familiarity with digital editing tools such as Adobe Photoshop, Premiere, and Audition is an asset, but guidance will be provided to those unfamiliar with the software.

LEARNING OUTCOMES

Depth and Breadth of Knowledge

Students will develop a concrete understanding of the historical development of digital appropriation and related cultural aspects. In addition, they will apprehend the nuances of ethics in appropriation methods. Finally, they will learn the technical software skills necessary for the creation of moving-image appropriation works.

Knowledge of Methodologies

Through lectures and assigned projects, students will be able to apply the discussed concepts of appropriation to their own contemporary art production, curatorial projects, and critical writing. They will be exposed to the theoretical vocabularies utilized in the discipline of appropriation art, and will demonstrate their knowledge of the discourse through articulation in writing, discussions, and critiques. By the end of the course, students will be able to analyze and make a contribution to the current milieu of appropriation in art and popular visual culture.

Application of Knowledge

Drawing from lectures, readings, discussions, and technical workshops, students will articulate
their projects in a sophisticated manner (in written, visual, and verbal capacities). They will develop their own individual digital appropriation methodologies in relation to the moving image and in the planning of curatorial projects. In addition, they will understand and use various software applications for manipulating still/moving images and sound. Students will critique others’ projects critically and analytically.

**REQUIRED COURSE MATERIALS:**

IMPORTANT INFORMATION

Prerequisite Checking:

You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.

Plagiarism:

Plagiarism, which may be defined as “The act or an instance of copying or stealing another’s words or ideas and attributing them as one’s own,” will not be tolerated. (Citation excerpted from Black’s Law Dictionary, 1999, 7th ed., p. 1170). This includes presenting the visual or aural work of another creator as your own. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western’s Academic Calendar.

Statement about the Use of AI:

In this course, students are permitted to use AI tools exclusively for information gathering and preliminary research purposes. These tools are intended to enhance the learning experience by providing access to diverse information sources. However, it is essential that students critically evaluate the obtained information, exercise independent thinking, and engage in original research to synthesize and develop their own ideas, arguments, and perspectives. The use of AI tools can serve as a starting point for exploration, however students are expected to uphold academic integrity by appropriately attributing all sources and avoiding plagiarism. Written assignments should reflect the students’ own thoughts and independent work. In the context of this course, for studio projects students are only permitted to use visual AI tools as a starting point, and should not present AI-generated images as the final work, without significant augmentation of the image that makes it your own work. By adhering to these guidelines, students contribute to a responsible and ethical learning environment that promotes critical thinking, independent inquiry and allows them to produce original contributions.

Student Conduct:
All students will conduct themselves in a manner that will be consistent with the maturity and academic integrity expected of university students. Student conduct shall be consistent with the general laws of the community and with University regulations. Students shall show regard and respect for the rights, safety, and property of all members of the University community and are expected to act in a responsible manner within the University and the community at large. https://www.uwo.ca/univsec/pdf/academic_policies/appeals/code_of_conduct.pdf

**Academic Sanctions:**

In instances of non-payment of prescribed tuition and other fees, the University shall seal the academic record. When an academic record is sealed, the student will not be able to: a) view grades; b) register in future courses; c) receive transcripts or a degree diploma; d) obtain admission or readmission.

The above prohibitions shall be in force until such time as indebtedness to the University, including payment of fee for removal of the seal, has been cleared to the satisfaction of the University. http://www.westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&Keywords=academic%20sanctions&SubHeadingID=169&SelectedCalendar=Live&ArchiveID=#SubHeading_169

**Additional Course Material Request Policy**

Requests for additional material can only be made in cases necessitating academic accommodation. If a student requires Academic Accommodation for the course material, they can contact Western’s Academic Support & Engagement department. http://academicsupport.uwo.ca/

**Academic Consideration:**

The University recognizes that a student’s ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. Academic Consideration provides students with consistent, fair, and pedagogically appropriate consideration, without compromising the academic integrity of the course or program, when they have been unable to complete some component of a course due to short-term extenuating circumstances. Students who have long-term or chronic medical conditions (physical or mental) that may impede their ability to complete academic responsibilities are directed to seek Academic Accommodation through Accessible Education (Academic Accommodation for Students with Disabilities).

The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic consideration for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.
Documentation shall be submitted, as soon as possible and no later than 48 hours after the end of the period of absence covered, to the Academic Counselling unit or Dean’s Office of the student’s Home Faculty together with a request for relief specifying the nature of the academic consideration being requested. These documents will be retained in the student’s file, and will be held in confidence in accordance with the University’s Official Student Record Information Privacy Policy. Once the petition and supporting documents have been received and assessed, appropriate academic consideration shall be determined by the Dean’s Office in consultation with the student’s instructor(s). Academic consideration may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty. Academic consideration shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. (Note – it will not be sufficient to provide documentation indicating simply that the student “was seen for a medical reason” or “was ill.”)

Whenever possible, students who require academic consideration should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

Documentation from Family Physicians/Nurse Practitioners and Walk-In Clinics

A Western Student Medical Certificate (SMC) is required where a student is seeking academic consideration. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. An SMC can be downloaded at http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

Documentation from Student Health Services

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Documentation from Hospital Urgent Care Centres or Emergency Departments

Students should request that an SMC be filled out. Students may bring this form with them, or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their academic responsibilities was seriously affected.

Attendance

Under university regulations, if someone misses more than 15% of their classes (15% is equivalent to missing 8 hours of Lecture and/or Studio Lab, due to absence or lateness, or a
combination of both, per semester) without written corroboration for health or bereavement, students can be debarred from participation in final evaluations and/or assignments.

Note that if a student is consistently absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and be debarred; assignments may stop being accepted and such assignments will receive a mark of 0 (zero)

**Religious Accommodation**

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the Western Multicultural Calendar.

**Electronic Devices:**

**During Lectures and Tutorials:** Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in class. **Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**

You understand that the area where your artwork will be hanging or displayed is unsupervised and is in a part of the building that may be open to the public, day and evening, whether or not the building is open. Western University accepts no responsibility for damage to, or loss of,
artwork at any time while on display or while being transported to or from the John Labatt Visual Arts Centre. By displaying your artwork in the John Labatt Visual Arts Centre, you accept all risk of loss or damage to your artwork. Western University does not provide insurance for the artwork on exhibition.
